## **Passionately Human No Less Divine Religion And Culture In Black Chicago 1915 195:**

**Passionately Human, No Less Divine** Wallace D. Best, 2013-10-24 The Great Migration was the most significant event in black life since emancipation and Reconstruction *Passionately Human No Less Divine* analyzes the various ways black southerners transformed African American religion in Chicago during their Great Migration northward A work of religious urban and social history it is the first book length analysis of the new religious practices and traditions in Chicago that were stimulated by migration and urbanization The book illustrates how the migration launched a new sacred order among blacks in the city that reflected aspects of both Southern black religion and modern city life This new sacred order was also largely female as African American women constituted more than 70 percent of the membership in most black Protestant churches Ultimately Wallace Best demonstrates how black southerners imparted a folk religious sensibility to Chicago's black churches In doing so they ironically recast conceptions of modern urban African American religion in terms that signified the rural past In the same way that working class cultural idioms such as jazz and the blues emerged in the secular arena as a means to represent black modernity he says African American religion in Chicago with its negotiation between the past the present rural and urban revealed African American religion in modern form **Passionately Human, No Less Divine**

Wallace D. Best, 2005 Wallace D Best examines the various ways black southerners transformed African American religion in Chicago during their Great Migration northward **The Rise of Chicago's Black Metropolis, 1920-1929** Christopher Robert Reed, 2011-04-15 During the Roaring 20s African Americans rapidly transformed their Chicago into a black metropolis In this book Christopher Robert Reed describes the rise of African Americans in Chicago's political economy bringing to life the fleeting vibrancy of this dynamic period of racial consciousness and solidarity Reed shows how African Americans rapidly transformed Chicago and achieved political and economic recognition by building on the massive population growth after the Great Migration from the South the entry of a significant working class into the city's industrial work force and the proliferation of black churches Mapping out the labor issues and the struggle for control of black politics and black business Reed offers an unromanticized view of the entrepreneurial efforts of black migrants reassessing previous accounts such as St Clair Drake and Horace R Cayton's 1945 study *Black Metropolis* Utilizing a wide range of historical data *The Rise of Chicago's Black Metropolis 1920 1929* delineates a web of dynamic social forces to shed light on black businesses and the establishment of a black professional class The exquisitely researched volume draws on fictional and nonfictional accounts of the era black community guides mainstream and community newspapers contemporary scholars and activists and personal interviews **Black Intellectual Thought in Modern America** Brian D. Behnken, Gregory D. Smithers, Simon Wendt, 2017-09-07 Contributions by Tunde Adeleke Brian D Behnken Minkah Makalani Benita Roth Gregory D Smithers Simon Wendt and Danielle L Wiggins Black intellectualism has been misunderstood by the American public and by scholars for generations Historically maligned by their peers and by the lay public as inauthentic or illegitimate black intellectuals

have found their work misused ignored or discarded Black intellectuals have also been reductively placed into one or two main categories they are usually deemed liberal or less frequently as conservative The contributors to this volume explore several prominent intellectuals from left leaning leaders such as W E B Du Bois to conservative intellectuals like Thomas Sowell from well known black feminists such as Patricia Hill Collins to Marxists like Claudia Jones to underscore the variety of black intellectual thought in the United States Contributors also situate the development of the lines of black intellectual thought within the broader history from which these trends emerged The result gathers essays that offer entry into a host of rich intellectual traditions

**Christianity in the Twentieth Century** Brian Stanley, 2018 This book charts the transformation of one of the world's great religions during an age marked by world wars genocide nationalism decolonization and powerful ideological currents many of them hostile to Christianity Amazon.com

**Move On Up** Aaron Cohen, 2019-09-25 A Chicago Tribune Book of 2019 Notable Chicago Reads A Booklist Top 10 Arts Book of 2019 A No Depression Top Music Book of 2019 Curtis Mayfield The Chi Lites Chaka Khan Chicago's place in the history of soul music is rock solid But for Chicagoans soul music in its heyday from the 1960s to the 1980s was more than just a series of hits it was a marker and a source of black empowerment In Move On Up Aaron Cohen tells the remarkable story of the explosion of soul music in Chicago Together soul music and black owned businesses thrived Record producers and song writers broadcast optimism for black America's future through their sophisticated jazz inspired productions for the Dells and many others Curtis Mayfield boldly sang of uplift with unmistakable grooves like We're a Winner and I Plan to Stay a Believer Musicians like Phil Cohran and the Pharaohs used their music to voice Afrocentric philosophies that challenged racism and segregation while Maurice White of Earth Wind and Fire and Chaka Khan created music that inspired black consciousness Soul music also accompanied the rise of African American advertisers and the campaign of Chicago's first black mayor Harold Washington in 1983 This empowerment was set in stark relief by the social unrest roiling in Chicago and across the nation as Chicago's homegrown record labels produced rising stars singing songs of progress and freedom Chicago's black middle class faced limited economic opportunities and deep seated segregation all against a backdrop of nationwide deindustrialization Drawing on more than one hundred interviews and a music critic's passion for the unmistakable Chicago soul sound Cohen shows us how soul music became the voice of inspiration and change for a city in turmoil

**Music in Black American Life, 1600-1945**, 2022-08-23 This first volume of Music in Black American Life collects research and analysis that originally appeared in the journals American Music and the Black Music Research Journal and in the University of Illinois Press's acclaimed book series Music in American Life In these selections experts from a cross section of disciplines engage with fundamental issues in ways that changed our perceptions of Black music The topics include the culturally and musically complex Black music making of colonial America string bands and other lesser known genres practiced by Black artists the jubilee industry and its audiences and innovators in jazz blues and Black gospel Eclectic and essential Music in

Black American Life 1600 1945 offers specialists and students alike a gateway to the history and impact of Black music in the United States Contributors R Reid Badger Rae Linda Brown Samuel A Floyd Jr Sandra Jean Graham Jeffrey Magee Robert M Marovich Harriet Ottenheimer Eileen Southern Katrina Dyonne Thompson Stephen Wade and Charles Wolfe **The Collected Writings of Charles H. Long** Charles H. Long, 2018-02-22 Charles H Long is one of the most influential and pioneering scholars in the study of religion from the past 50 years This is the first comprehensive collection of his writings edited by Long himself and contains 38 pieces including both published and previously unpublished articles lectures an interview and two book reviews The foreword is provided by Jennifer Reid a former student of Long The collection is divided into four thematic parts America and the Study of Religion Theory and Method in the Study of Religion African American Religion in the United States Kindling Embers and Sparks Long s introduction provides much awaited insight into his reflections on his work expanding on questions that remained unanswered in his classic and influential text Significations Signs Symbols and Images in the Interpretation of Images 1986 In particular the new introductory essay explores the significance of ellipses that which is omitted the projected spaces of the Other in the study of religion Considered the preeminent founder and advocate of the study of Black Religion Long was exploring religion and colonialism and the importance of Afro American religion as early as the 1960s and early 1970s and this collection of his thinking which moves across the formations of religious studies African diasporic studies and social and cultural theory is a must have addition for any institutional or personal library *The Oxford Handbook of Religion and Race in American History* Kathryn Gin Lum, Paul Harvey, 2018-03-01 The Oxford Handbook of Religion and Race in American History brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview for those interested in the role of religion and race in American history Thirty four scholars from the fields of History Religious Studies Sociology Anthropology and more investigate the complex interdependencies of religion and race from pre Columbian origins to the present The volume addresses the religious experience social realities theologies and sociologies of racialized groups in American religious history as well as the ways that religious myths institutions and practices contributed to their racialization Part One begins with a broad introductory survey outlining some of the major terms and explaining the intersections of race and religions in various traditions and cultures across time Part Two provides chronologically arranged accounts of specific historical periods that follow a narrative of religion and race through four plus centuries Taken together The Oxford Handbook of Religion and Race in American History provides a reliable scholarly text and resource to summarize and guide work in this subject and to help make sense of contemporary issues and dilemmas [The Challenge of Joseph H. Jackson](#) Jared E. Alcántara, 2024-10-18 The Rev Dr Joseph H Jackson remains one of the most important but least known figures of twentieth century African American Christian history In this book Jared E Alc ntara sets out a definitive academic biography of this complex figure *Benjamin Elijah Mays, Schoolmaster of the Movement* Randal Maurice Jelks, 2012 In this first full

length biography of Benjamin Mays 1894 1984 Randal Maurice Jelks chronicles the life of the man Martin Luther King Jr called his spiritual and intellectual father Dean of the Howard University School of Religion president of Mor *Humanism and the Challenge of Difference* Anthony B. Pinn, 2018-10-03 This book explores the implication of diversity for humanism Through the insights of academics and activists it highlights both the successes and failures related to diversity marking humanism in the US and internationally It offers a timely depiction of how humanism in general as well as how particular humanist communities have wrestled with the nature of our changing world and the issues that surface in relationship to markers of difference

**Living in the Future** Victoria W. Wolcott, 2022-04-21 Living in the Future reveals the unexplored impact of utopian thought on the major figures of the Civil Rights Movement Utopian thinking is often dismissed as unrealistic overly idealized and flat out impractical in short wholly divorced from the urgent conditions of daily life This is perhaps especially true when the utopian ideal in question is reforming and repairing the United States bitter history of racial injustice But as Victoria W Wolcott provocatively argues utopianism is actually the foundation of a rich and visionary worldview one that specifically inspired the major figures of the Civil Rights Movement in ways that haven't yet been fully understood or appreciated Wolcott makes clear that the idealism and pragmatism of the Civil Rights Movement were grounded in nothing less than an intensely utopian yearning Key figures of the time from Martin Luther King Jr and Pauli Murray to Father Divine and Howard Thurman all shared a belief in a radical pacificism that was both specifically utopian and deeply engaged in changing the current conditions of the existing world Living in the Future recasts the various strains of mid twentieth century civil rights activism in a utopian light revealing the power of dreaming in a profound and concrete fashion one that can be emulated in other times that are desperate for change like today

**American Denominational History** Keith Harper, 2008-09-24 This work brings various important topics and groups in American religious history the rigor of scholarly assessment of the current literature The fruitful questions that are posed by the positions and experiences of the various groups are carefully examined American Denominational History points the way for the next decade of scholarly effort Contents Roman Catholics by Amy Koehlinger Congregationalists by Margaret Bendroth Presbyterians by Sean Michael Lucas American Baptists by Keith Harper Methodists by Jennifer L Woodruff Tait Black Protestants by Paul Harvey Mormons by David J Whittaker Pentecostals by Randall J Stephens Evangelicals by Barry Hankins

*The Catholic Periodical and Literature Index*, 2005 *Current Law Index*, 2007 *The British National Bibliography* Arthur James Wells, 2006

**Religion of White Rage** Stephen C. Finley, 2020-09-21 Critically analyses the historical cultural and political dimensions of white religious rage in America past and present This book sheds light on the phenomenon of white rage and maps out the uneasy relationship between white anxiety religious fervour American identity and perceived black racial progress Contributors to the volume examine the sociological construct of the e white labourer whose concerns and beliefs can be understood as religious in foundation and uncover that white religious fervor correlates to notions of perceived white

loss and perceived black progress In discussions ranging from the Constitution to the Charlottesville riots to the evangelical community's uncritical support for Trump the authors of this collection argue that it is not economics but religion and race that stand as the primary motivating factors for the rise of white rage and white supremacist sentiment in the United States

*The Disenchantment of the World* Marcel Gauchet, 2021-10-12 Marcel Gauchet has launched one of the most ambitious and controversial works of speculative history recently to appear based on the contention that Christianity is the religion of the end of religion In *The Disenchantment of the World* Gauchet reinterprets the development of the modern west with all its political and psychological complexities in terms of mankind's changing relation to religion He views Western history as a movement away from religious society beginning with prophetic Judaism gaining tremendous momentum in Christianity and eventually leading to the rise of the political state Gauchet's view that monotheistic religion itself was a form of social revolution is rich with implications for readers in fields across the humanities and social sciences Life in religious society Gauchet reminds us involves a very different way of being than we know in our secular age we must imagine prehistoric times where ever present gods controlled every aspect of daily reality and where ancestor worship grounded life's meaning in a far off past As prophecy oriented religions shaped the concept of a single omnipotent God one removed from the world and yet potentially knowable through prayer and reflection human beings became increasingly free Gauchet's paradoxical argument is that the development of human political and psychological autonomy must be understood against the backdrop of this double movement in religious consciousness the growth of divine power and its increasing distance from human activity In a fitting tribute to this passionate and brilliantly argued book Charles Taylor offers an equally provocative foreword Offering interpretations of key concepts proposed by Gauchet Taylor also explores an important question Does religion have a place in the future of Western society The book does not close the door on religion but rather invites us to explore its socially constructive powers which continue to shape Western politics and conceptions of the state

**The Sacred Gaze** David Morgan, 2023-09-01 Sacred gaze denotes any way of seeing that invests its object an image a person a time a place with spiritual significance Drawing from many different fields David Morgan investigates key aspects of vision and imagery in a variety of religious traditions His lively innovative book explores how viewers absorb and process religious imagery and how their experience contributes to the social intellectual and perceptual construction of reality Ranging widely from thirteenth century Japan and eighteenth century Tibet to contemporary America Thailand and Africa *The Sacred Gaze* discusses the religious functions of images and the tools viewers use to interpret them Morgan questions how fear and disgust of images relate to one another and explains how scholars study the long and evolving histories of images as they pass from culture to culture An intriguing strand of the narrative details how images have helped to shape popular conceptions of gender and masculinity The opening chapter considers definitions of visual culture and how these relate to the traditional practice of art history Amply illustrated with more than seventy images from diverse religious traditions this

masterful interdisciplinary study provides a comprehensive and accessible resource for everyone interested in how religious images and visual practice order space and time communicate with the transcendent and embody forms of communion with the divine The Sacred Gaze is a vital introduction to the study of the visual culture of religions Sacred gaze denotes any way of seeing that invests its object an image a person a time a place with spiritual significance Drawing from many different fields David Morgan investigates key aspects of vision and imagery in a variety of religious trad
