Passions And Convictions In Matters Political:

Politics and Passion Michael Walzer, 2008-10-01 Liberalism is egalitarian in principle but why doesn't it do more to promote equality in practice In this book the distinguished political philosopher Michael Walzer offers a critique of liberal theory and demonstrates that crucial realities have been submerged in the evolution of contemporary liberal thought In the standard versions of liberal theory autonomous individuals deliberate about what ought to be done but in the real world citizens also organize mobilize bargain and lobby The real world is more contentious than deliberative Ranging over hotly contested issues including multiculturalism pluralism difference civil society and racial and gender justice Walzer suggests ways in which liberal theory might be revised to make it more hospitable to the claims of equality Combining profound learning with practical wisdom Michael Walzer offers a provocative reappraisal of the core tenets of liberal thought *Politics and Passion* will be required reading for anyone interested in social justice and the means by which we seek to achieve it

Civil Passions Sharon R. Krause, 2013-12-08 In this book Sharon Krause argues that moral and political deliberation must incorporate passions even as she insists on the value of impartiality Her work provides a systematic account of how passions can generate an impartial standpoint that yields binding and compelling conclusions in politics **Compassion**

Brink, David Owen, 2007-04-09 The topic of recognition has come to occupy a central place in debates in social and political theory Developed by George Herbert Mead and Charles Taylor it has been given expression in the program for Critical Theory developed by Axel Honneth in his book *The Struggle for Recognition* Honneth's research program offers an empirically insightful way of reflecting on emancipatory struggles for greater justice and a powerful theoretical tool for generating a conception of justice and the good that enables the normative evaluation of such struggles This 2007 volume offers a critical clarification and evaluation of this research program particularly its relationship to the other major development in critical social and political theory namely the focus on power as formative of practical identities or forms of subjectivity proposed by Michel Foucault and developed by theorists such as Judith Butler James Tully and Iris Marion Young

Emotional Governance B. Richards, 2007-10-17 This lucid and original work argues for a new style of political leadership one which pays deliberate and sophisticated attention to the emotional dynamics of the public A case study of terrorism as a highly emotional topic and as a key political issue in many liberal democracies grounds the book's ideas in today's political landscape *Mourning in America* David W. McIvor, 2016-10-20 In *Mourning in America* McIvor addresses significant and urgent questions about how citizens can mourn traumatic events and enduring injustices in their communities

McIvor offers a framework for analyzing the politics of mourning drawing from psychoanalysis Greek tragedy and scholarly discourses on truth and reconciliation

Passion, Politics, and Philosophie Leonore Loft, 2001-10-30 Jacques Pierre Brissot was among the major architects of the French Revolution yet history has vilified and then dismissed him His early intellectual development was strongly influenced by Enlightenment ideas and aspirations However his own remarkable construct of a just democratic society universal suffrage and a renewed humanity living in moral and political freedom foreshadowed many present day ideologies The prevailing view of Brissot has pigeonholed him as Brissot the police spy a label difficult to remove Although this contention has been disputed at some length Loft presents an alternative view of the forces that shaped Brissot's social and political activism Tracing the gradual evolution of his ideology from its earliest stages reveals that he did not suddenly become a radical in the mid 1780s An open objective and thorough evaluation of Brissot's work uncovers the roots of his lifelong commitment to reformist egalitarian and democratic ideals To understand Brissot the man and his work one must assess the cultural intellectual and political influences that surrounded him Loft offers the necessary fusion of text and context providing a serious reconsideration of Brissot and his contributions to the history of human rights Scholars and other researchers of the French Revolution and European political thought will find this study of particular value

Convictions Marcus J. Borg, 2014-05-20 On the occasion of his seventieth birthday the renowned scholar Marcus J Borg shares how he formed his bedrock religious beliefs contending that Christians in America are at their best when they focus on hope and transformation and so shows how we can return to what really matters most The result is a manifesto for all progressive Christians who seek the best path for following Jesus today With each chapter embodying a distinct conviction Borg writes

provocatively and compellingly on the beliefs that can deeply ground us and guide us such as God is real and a mystery salvation is more about this life than an afterlife the Bible can be true without being literally true Jesus's death on the cross matters but not because he paid for our sins God is passionate about justice and the poor and to love God is to love like God Borg calls all American Christians to reject divisiveness and exclusivity and create communities that celebrate joy possibility and renewal Throughout he reflects on what matters most bringing to earth the kingdom of God Jesus talked about and transforming our relationships with one another Rich in wisdom and insight Convictions is sure to become a classic of contemporary Christianity

Embracing the Passion Nigel Pimlott, 2015-02-28 Convention suggests it is best not to talk about faith and politics this book talks about both It argues that Jesus was a political figure who championed the rights of the marginalised the oppressed and voiceless In this challenging and accessible book Nigel Pimlott argues young people are often marginalised oppressed and rarely heard in a world favouring the rich and powerful Young people are opinionated passionate about what they think is right and wrong and are concerned about the world they live in Yet research indicates young people are disengaged from mainstream political processes where they can express their views young adults have stopped voting in elections in unprecedented numbers This is something of a paradox Nigel contends that by more effectively equipping Christian youth workers and ministers to do

politicking they will be able to better equip and disciple young people to be more politically engaged in their own contexts
 This unique research based book provides a concise overview of how youth workers might best help young people flourish
 and realise the common good It engages those interested in politics and more importantly encourages those not interested to
 get interested and make a difference in the world Derrida, Badiou and the Formal Imperative Christopher
 Norris,2012-08-02 In this path breaking study Christopher Norris proposes a transformed understanding of the much
 exaggerated differences between analytic and continental philosophy While keeping the analytic tradition squarely in view
 his book focuses on the work of Jacques Derrida and Alain Badiou two of the most original and significant figures in the
 recent history of ideas Norris argues that these thinkers have decisively reconfigured the terrain of contemporary philosophy
 and between them pointed a way beyond some of those seemingly intractable issues that have polarised debate on both sides
 of the notional rift between the analytic and continental traditions In particular his book sets out to show against the received
 analytic wisdom that continental philosophy has its own analytic resources and is capable of bringing some much needed
 fresh insight to bear on problems in philosophy of language logic and mathematics Norris provides not only a unique
 comparative account of Derrida's and Badiou's work but also a remarkably wide ranging assessment of their joint
 contribution to philosophy's current if widely resisted potential for self transformation Theology of Discontent Hamid
 Dabashi,2017-07-28 Scores of books and articles have been published addressing one or another aspect of the Islamic
 Revolution in Iran Missing from this body of scholarship however has been a comprehensive analysis of the intellectual and
 ideological cornerstones of one of the most dramatic revolutions in our time In this remarkable volume Hamid Dabashi brings
 together in a sustained and engagingly written narrative the leading revolutionaries who have shaped the ideological
 disposition of this cataclysmic event Dabashi has spent over ten years studying the writings in their original Persian and
 Arabic of the most influential Iranian clerics and thinkers Examining the revolutionary sentiments and ideas of such figures
 as Jalal Al-e Ahmad Ali Shariati Morteza Motahhari Sayyid Abolhasan Bani Sadr and finally the Ayatollah Khomeini the work
 also analyzes the larger historical and theoretical implications of any construction of the Islamic Ideology Carefully located in
 the social and intellectual context of the four decades preceding the 1979 revolution Theology of Discontent is the definitive
 treatment of the ideological foundations of the Islamic Revolution with particular attention to the larger more enduring
 ramifications of this revolution for radical Islamic revivalism in the entire Muslim world This volume will be of interest to
 Islamicists Middle East historians and specialists as well as scholars and students of liberation theologies comparative
 religious revolutions and mass collective behavior Bruce Lawrence of Duke University calls this volume a superb and
 unprecedented study In brilliant figurative strokes he arrays EuroAmerican sociological theory as the crucial backdrop of a
 deeper understanding of contemporary Iranian history **The Passion** Geza Vermes,2005-03-03 In his new book
 distinguished Jesus scholar Geza Vermes explains the true story behind The Passion of Christ and the recent highly
