Passions Disguise:

Disguised Vices Michael Moriarty, 2011-09-08 The notions of virtue and vice are vital components of the Western ethical tradition But in early modern France they were called into question as writers such as La Rochefoucauld argued that what appears as virtue is in fact disguised vice *Disguised Vices* analyses the underlying logic of such claims and explores what is at stake in them Meditations for the Use of the Secular Clergy Pierre Chaignon, 1907 Select Discourses John Smith, 2023-03-03 Reprint of the original first published in 1859 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost *Select Discourses* John Smith (Fellow of Queen's College, Cambridge.), 1859 Guide to Personal Knowledge: The Philosophy of Michael Polanyi Dániel Paksi, Mihály Héder, 2022-09-06 This book will help readers understand the most important book of Michael Polanyi *Personal Knowledge* and help them grasp the essence of his philosophical thinking In this volume Polanyi's goals are first reconstructed and then his main philosophical arguments are introduced The discussion is limited to the most crucial ideas that are indispensable for the arc of his book tacit knowledge emergence and the fiduciary program The thirteen chapters of this volume explain the essence of the thirteen chapters of *Personal Knowledge* The page numbers in this book work just as well with the 2015 Enlarged Edition of *Personal Knowledge* as with the original issues Whether you just want to get the key quotation and the context right on tacit knowledge emergence or the fiduciary program or want to have a deep dive for your scholarly research in philosophy and management this book is for you The Monthly Mirror, 1807 **The Monthly Mirror: Reflecting Men and Manners**, 1807 **Watching an Hour** Francis Patrick Donnelly, 1914 v. 6. Joan of Naples. The man in the iron mask. Martin Guerre Alexandre Dumas, 1910 Disguised and Overt Spinozism Around 1700 Wiep Van Bunge, W. N. A. Klever, 1996 This volume consists of 25 papers delivered at an international Spinoza conference held at the Erasmus University Rotterdam in October 1994 on the impact of Spinoza on the European Republic of Letters around 1700 **Select Discourses** John Smith, Simon Patrick, 1821 *From Thomas the Rhymer to Richard Gall* James Grant Wilson, 1876 *The Poets and Poetry of Scotland from the Earliest to the Present Time* James Grant Wilson, 1876 Includes poetry ballads and dramatic works from 41 18th and 19th century Scottish authors **History as the Story of Freedom** Clark Butler, 2021-11-15 The purpose of this book is to advance responsible rehabilitation of the speculative philosophy of history It challenges the idea popularized by thinkers such as and Claude Lévi Strauss and Jean François Lyotard that historical meta mythology and meta narrative are philosophically obsolete As long as humanity viewed anthropologically lives by overarching narrative the quest for a version that survives rational criticism remains vital Here human rights serve as the key to unlock such a version Despite the fact that the Hegelian philosophy of history has often been derided something very similar currently functions as the official ideology of the world community the idea of history as the story of freedom This book does

not retell the world historical story of freedom Rather it uncovers it beginning with the current age of human rights and working backward through the great role model civilizations of history Its conclusion is that a forward retelling of the story of freedom as the story of human rights can be justified by dewesternizing the story The book contains critical responses from specialized scholars and representative of selected world cultures The volume includes illustrations and a guest Afterword by Donald Phillip Verene It is a companion volume to the author s Hegel s Logic Between History and Dialectic North western University Press 1996 *The Philosophy of Malebranche* William Curtis Swabey,1921 *Putting On Virtue* Jennifer A. Herdt,2012-05-09 This work reveals how a distrust of learned and habituated virtue shaped both early modern Christian moral reflection and secular forms of ethical thought The author s broad historical sweep takes in the Aristotelian tradition as taken up by Thomas Aquinas and has chapters on Luther Bunyan the Jansenists Hume and others **Passion and Reason** Richard S.
