

The background of the image is a photograph of a mountain range under a dramatic, orange-hued sky. The sun is partially visible on the left side, creating a bright glow. The mountains are silhouetted against the sky. The quote is centered in the middle of the image in a white, sans-serif font.

Having our passions in due subjection to
our reason is the greatest victory that can
be acquired, and perhaps 'tis a lesson the
easier learned for being early taught.

Passions Victory:

A Passion for Victory Benson Bobrick, 2014 A history of the Olympic Games starting with their inception in Ancient Greece and leading up to the 1936 games in Nazi Berlin *Passions of the Heart* John D. Street, 2019 Enticed by rage sensuality or pride anyone can become caught up in previously unimaginable acts Experienced biblical counselor John Street takes a hard look at the heart idolatries that lead even Christians to commit egregious sexual sin showing how to bring lasting change by identifying the underlying motivations of the heart Here there is hope any sin can be forgiven and Christ gives men and women the grace to mortify fleshly desires and to humbly live for him **Mandeville's Fable** Robin Douglass, 2023-05-02 Why we should take Bernard Mandeville seriously as a philosopher Bernard Mandeville's *The Fable of the Bees* outraged its eighteenth century audience by proclaiming that private vices lead to public prosperity Today the work is best known as an early iteration of laissez faire capitalism In this book Robin Douglass looks beyond the notoriety of Mandeville's great work to reclaim its status as one of the most incisive philosophical studies of human nature and the origin of society in the Enlightenment era Focusing on Mandeville's moral social and political ideas Douglass offers a revelatory account of why we should take Mandeville seriously as a philosopher Douglass expertly reconstructs Mandeville's theory of how self centred individuals who care for their reputation and social standing above all else could live peacefully together in large societies Pride and shame are the principal motives of human behaviour on this account with a large dose of hypocrisy and self deception lying behind our moral practices In his analysis Douglass attends closely to the changes between different editions of the *Fable* considers Mandeville's arguments in light of objections and rival accounts from other eighteenth century philosophers including Shaftesbury Hume and Smith and draws on more recent findings from social psychology With this detailed and original reassessment of Mandeville's philosophy Douglass shows how *The Fable of the Bees* by shining a light on the dark side of human nature has the power to unsettle readers even today *XV Congress of the International Organization for Septuagint and Cognate Studies* Wolfgang Kraus, Michaël N. van der Meer, Martin Meiser, 2016-08-26 Essays from experts in the field of Septuagint studies The study of Septuagint offers essential insights in ancient Judaism and its efforts to formulate Jewish identity within a non Jewish surrounding culture This book includes the papers given at the XV Congress of the International Organization for Septuagint and Cognate Studies IOSCS held in Munich Germany in 2013 The first part of this book deals with questions of textual criticism The second part is dedicated to philology The third part underlines the increasing importance of Torah in Jewish self definition Features Essays dealing with questions of textual criticism mostly concerning the historical books and wisdom literature and ancient editions and translations Philological essays covering the historical background studies on translation technique and lexical studies underline the necessity of both exploring general perspectives and working in detail The Discourses of Philoxenos of Mabbug Philoxenos (Bishop of Hierapolis), 2013 The thirteen Discourses of Philoxenos of Mabbug 445-523 were delivered to new monks at a monastery

under his episcopal care Written in elegant Syriac the Discourses deal with the fundamentals of the monastic and ascetic life faith simplicity fear of God renunciation and the struggle against the demons of gluttony and fornication This is Philoxenos's longest work and his most popular It avoids the strident character of his letters and commentaries that were composed to advance the anti Chalcedonian movement This is the first English translation of an important Syriac text since the 1894 translation now difficult to find The introduction to this translation of the Discourses takes into account the scholarly work done and the books and articles published about Philoxenos in the past half century There are no other titles in English that deal with the Discourses in this depth

The Passion for Happiness Adam Potkay, 2000 Although widely perceived as inhabiting different even opposed literary worlds Samuel Johnson 1709-1784 and David Hume 1711-1776 shared common ground as moralists Adam Potkay traces their central concerns to Hellenistic philosophy as conveyed by Cicero and to earlier moderns such as Addison and Mandeville Johnson's and Hume's large and diverse bodies of writings Potkay says are unified by several key questions What is happiness What is the role of virtue in the happy life What is the proper relationship between passion and reflection in the happy or flourishing individual In their writings Johnson and Hume largely agree upon what flourishing means for both human beings and the communities they inhabit They also tell a common story about the history that led up to the enlightened age of eighteenth century Europe On the divisive topic of religion these two great men of letters wrote with a decorum that characterizes the Enlightenment in Britain as compared to its French counterpart In *The Passion for Happiness* Adam Potkay illuminates much that philosophers and historians do not ordinarily appreciate about Hume and that literary scholars might not recognize about Johnson

The Ruling Passion Christopher Lane, 1995 In *The Ruling Passion* Christopher Lane examines the relationship between masculinity homosexual desire and empire in British colonialist and imperialist fictions at the turn of the twentieth century Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on sublimated desire this book presents a counterhistory of the empire's many layers of conflict and ambivalence Through attentive readings of sexual and political allegory in the work of Kipling Forster James Beerbohm Firbank and others and deft use of psychoanalytic theory *The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure power and mastery intimacy and

antagonism By foregrounding the shattering effects of male homosexuality and interracial desire and by insisting on the centrality of unconscious fantasy and the death drive *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery

A Beacon of Hope Natalia Mikhailovna Kopyttseva, 2012-09-01 Startling in their clarity and universal in their appeal this collection of sermons from the Russian village priest Father Ilarion offer hope and argue for the necessity of repentance Having preached for more than 40 years from 1966 until his death in 2008 Father Ilarion conveyed a potent message of the possibilities that open to the human souls who turn to God with singleness of mind and humility From Sunday sermons to inspirational homilies throughout the Church year this compilation also illustrates the Russian Soviet and post communist religious expression
