Passovotchka Moscow Dynamo In Britain 1945

Larry E. Holmes

Passovotchka Moscow Dynamo In Britain 1945:

Passovotchka David Downing, 2000-06-01 In 1945 a party from the Moscow Dynamo football club travelled to Britain to play four matches against top British teams They departed 33 days later leaving a trail of controversy in their unbeaten wake This work looks at how both Britain and Russia were unable to keep politics out of sport East Plays West Stephen Wagg, David Andrews, 2012-09-10 The Cold War spanned some five decades from the devastation that remained after World War Two until the fall of the Berlin wall and for much of that time the perception was that only on the Eastern side were politics and sport inextricably linked However this assumption underestimates the extent to which sport was an important symbol for both power blocs in their ongoing ideological struggle This collection of essays from leading international authorities on sport culture and ideology brings together an impressive body of work organized around key political themes and outstanding moments in sport and is at once a political history of sport and an illuminating new perspective on the forces that shaped this unsettled time *Priestley's England* John Baxendale, 2013-07-19 Priestley's England is the first full length academic study of J B Priestley novelist playwright screen writer journalist and broadcaster political activist public intellectual and popular entertainer one of the makers of twentieth century Britain and one of its sharpest critics The book explores the cultural literary and political history of twentieth century Britain through the themes which preoccupied Priestley throughout his life competing versions of Englishness tradition modernity and the decline of industrial England Americanisation mass culture and Admass cultural values and broadbrow culture consumerism and the decay of the public sphere the loss of spirituality and community in the nervous excitement the frenzy the underlying despair of our century It argues that Priestley has been unjustly neglected for too long we have a great deal to learn both from this extraordinary multi faceted man and from the English radical tradition he represented This book will appeal to all those interested in the culture and politics of twentieth century Britain in the continuing debates over Englishness to which Priestley made such a key contribution and in the life and work of one of the most remarkable and popular writers of the past century **The Dancer Defects** David Caute, 2003-09-04 The cultural Cold War between the Soviet Union and the West was without precedent At the outset of this original and wide ranging historical survey David Caute establishes the nature of the extraordinary cultural competition set up post 1945 between Moscow New York London and Paris with the most intimate frontier war staged in the city of Berlin Using sources in four languages the author of *The Fellow Travellers* and *The Great Fear* explores the cultural Cold War as it rapidly penetrated theatre film classical music popular music ballet painting and sculpture as well as propaganda by exhibition Major figures central to Cold War conflict in the theatre include Brecht Miller Sartre Camus Havel Ionesco Stoppard and Konstantin Simonov whose inflammatory play *The Russian Question* occupies a chapter of its own based on original archival research Leading film directors involved included Eisenstein Romm Chiaruelli Aleksandrov Kazan Tarkovsky and Wajda In the field of music the Soviet Union in the Zhdanov era vigorously condemned

modernism formalism and the avant garde A chapter is devoted to the intriguing case of Dmitri Shostakovich and the disputed authenticity of his autobiography *Testimony* Meanwhile in the West the Congress for Cultural Freedom was sponsoring the modernist composers most vehemently condemned by Soviet music critics Stravinsky Schoenberg Hindemith among them Despite constant attempts at repression the Soviet Party was unable to check the appeal of jazz on the Voice of America then rock music to young Russians Visits to the West by the Bolshoi and Kirov ballet companies the pride of the USSR were fraught with threats of cancellation and the danger of defection Considering the case of Rudolf Nureyev Cate pours cold water on overheated speculations about KGB plots to injure him and other defecting dancers Turning to painting where socialist realism prevailed in Russia and the impressionist heritage was condemned Cate explores the paradox of Picasso's membership of the French Communist Party Re-assessing the extent of covert CIA patronage of abstract expressionism Pollock De Kooning Cate finds that the CIA's role has been much exaggerated likewise the dominance of the New York School Cate challenges some recent one-dimensional American accounts of Cold War culture which ignore not only the Soviet performance but virtually any cultural activity outside the USA The West presented its cultural avant garde as evidence of liberty even through monochrome canvases and dodecaphonic music appealed only to a minority audience Soviet artistic standards and teaching levels were exceptionally high but the fear of freedom and innovation virtually guaranteed the moral defeat which accelerated the collapse of the Soviet Union

Win Or Else Larry E. Holmes, 2024-04-30 In *Win or Else* Larry E. Holmes shows us how Soviet football culture regularly disregarded official ideological and political imperatives and skirted the boundaries between socialism and capitalism In the early 1920s the Soviet press denounced football as a bourgeois sport that was injurious to both mind and body Within that same decade however it blew up becoming the most popular spectator sport in the USSR and growing into a fiercely competitive business with complex regional and national bureaucracies a strong international presence and a conviction that victory on the field was also a victory of Soviet supremacy Writing as both historian and fan Holmes focuses his study on the provincial Kirov team Dinamo from 1979 to 1985 when the club played at both its worst and its best Spurred by a dismal 1979 season the team's administrators and regional authorities had two options obey Moscow's edict to reduce expenditures on professional sports or seek out new and often illicit funding sources to fill out a team of champions Drawing on rich archival materials as well as newspapers and interviews with former players *Win or Else* reveals the foundations of Soviet sports culture and the hazards that teams faced both in victory and in loss

Historical Dictionary of Soccer Tom Dunmore, 2011-09-16 Soccer is the world's most popular sport and one of the globe's best known cultural practices The pinnacle of the sport worldwide is the FIFA World Cup a competition held every four years which crowns one nation as the world champion in front of huge global television audiences over half of the planet's population watched the 2010 FIFA World Cup final between Spain and the Netherlands From the humble origins of modern soccer in Great Britain in the 19th century world soccer has become today a vast

commercialized global industry with huge salaries paid to the biggest stars due to the massive amounts of revenue generated through the sale of television rights ticket sales and sponsorship income The Historical Dictionary of Soccer presents a comprehensive history of the game through a chronology an introductory essay a bibliography numerous appendixes that list everything from the FIFA World Player of the Year to FIFA World Cup Winners and Runners Up to the UEFA Champions League Winners and Runners Up and over 400 cross referenced dictionary entries on places teams terminology and people including Garrincha Pel Johan Cruyff Diego Maradona Zinedine Zidane and Lionel Messi This book is an excellent access point for students researchers and anyone wanting to know more about soccer *Militarism, Sport, Europe* J A

Mangan,2004-08-02 This collection explores the relationship between sport and war *The People's Game* Alan

McDougall,2014-06-26 Sport in East Germany is commonly associated with the systematic doping that helped to make the country an Olympic superpower Football played little part in this controversial story Yet as a hugely popular activity that was deeply entwined in the social fabric it exerted an influence that few institutions or pursuits could match *The People's Game* examines the history of football from the interrelated perspectives of star players fans and ordinary citizens who played for fun Using archival sources and interviews it reveals football's fluid role in preserving and challenging communist hegemony By repeatedly emphasising that GDR football was part of an international story for example through analysis of the 1974 World Cup finals Alan McDougall shows how sport transcended the Iron Curtain Through a study of the mass protests against the Stasi team BFC during the 1980s he reveals football's role in foreshadowing the downfall of communism

Fathers of Football Keith Baker,2015-12-02 The long overlooked story of a number of adventurous Britons who left their homeland before World War I to inspire and shape the growth of modern soccer in continental Europe and South America Drawn from widely different backgrounds their motivations and contributions were diverse helping to form legendary clubs now supported by millions across the globe bringing revolutionary changes to the way soccer was taught and played and laying the foundations on which the game would continue to flourish Full of entertaining accounts and anecdotes from the birth of the global game *Fathers of Football* places the lives of these innovators soundly in historical and social context They all left a deep and lasting impression on soccer in the countries they worked in yet for too long Britain turned its back on their lessons and achievements Even today they remain largely unknown prophets more honored abroad than at home *Football and the Boundaries of History* Brenda Elsey,Stanislao G. Pugliese,2017-03-16 The essays in this volume use football to create a dialogue between history and other disciplines including art criticism philosophy and political science The study of football provides fertile ground for interdisciplinary initiatives and this volume explores the disciplinary boundaries that are shifting beneath our feet Traditional disciplines in the humanities and social sciences have come to embrace diverse research methodologies and the increased scholarly attention to football over the past decade reflects both the startling popularity of the sport and the trends in historical scholarship that have been termed the cultural interpretive or

linguistic turns This volume includes work on gender sexuality and ethnicity which have challenged disciplinary fault lines

Passing Rhythms Stephen Hopkins, Cathy Long, John Williams, 2001-03-01 Liverpool Football Club in stark contrast to its competitors remains locally owned not a conglomerate or media business Unlike its main rivals the Liverpool club has been loathe to pursue global markets for merchandizing though it attracts a huge fandom around the world and its ambitions remain resolutely fixed on footballing success No football club has ever had such an extended period of dominance in the English game nor extended that dominance to Europe so effectively Many of the current crop of top young players are locally born and are a central feature of the city's nightlife as well as national icons in pop football youth culture But there are fears that the Club's great days have now passed At the height of its powers in the 1980s Liverpool FC was the site of two catastrophic crowd disasters which effectively transformed the sport and added to wounding perceptions about the city's alleged sentimentality fatalism and irreversible decline The legacy of the Heysel and Hillsborough tragedies continues to shape the self image of the Club and those who support it A seething rivalry with nearby corporate giant Manchester United is a constant reminder of football's new order Addressing all of these concerns as well as Liverpool's global reputation as the home of the Beatles and the Mersey sound this book takes an original approach to the study of football by examining its links with other important popular culture forms especially pop music but also television and youth styles In particular however it looks at the very special meaning of football in Liverpool

International Sport Richard William Cox, 2004 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new

Globalization and Football Richard Giulianotti, Roland Robertson, 2009-06-17 This timely book provides an engaging clear view of the interrelationships within key globalization processes and the international sport of football Intelligently combining the conceptual and methodological aspects of global studies with the specific cultural conditions of the beautiful game Giulianotti and Robertson illuminate its social history and diffusion as well as wider cultural economic political and social dimensions Using football to chart an increasing global connectivity or globality the authors explore how the game may be understood as a metric mirror motor and metaphor of globalization Issues discussed include Transnational Identities and the Global Civil Society Cosmopolitanism Americanization Neo Liberalism Inequalities and Transnational Clubs Politics Nations and International Governance Ideal for students and lecturers concerned with the sociology of sport globalization and international cultural studies the book will be of interest to anyone keen to map the

intricate ways in which transnational processes may impact upon particular domains of social life

Goal! Christian Koller, Fabian Brandle, 2015-06-26 Goal covers the history of the beautiful game from its origins in English public schools in the early 19th century to its current role as a crucial element of a globalized entertainment industry The authors explain how football transformed from a sport at elite boarding schools in England to become a pastime popular with the working classes enabling factories such as the Thames Iron Works and the Woolwich Arsenal to give birth to the teams that would become the Premier League mainstays known as West Ham United and Arsenal They also explore how the age of amateur soccer ended and with the advent of professionalism how football became a sport dominated by big clubs with big money and with an international audience

The Palgrave Handbook of Globalization and Sport Joseph Maguire, Katie Liston, Mark Falcous, 2021-11-20 This handbook illustrates the utility of global sport as a lens through which to disentangle the interconnected political economic cultural and social patterns that shape our lives Drawing on multidisciplinary perspectives it is organized into three parts The first part outlines theoretical and conceptual insights from global sport scholarship from the conceptualization and development of globalization theories transnationalism and transnational capital through to mediasport roving coloniality and neoliberal doctrine The second part illustrates the varied flows within global sport and the ways in which these flows are contested across physical cultures sport forms identities ideologies media and economic capital Diverse topics and cases are covered such as sport business and the global sport industry financial fair play and global mediasport Finally the third part explores various aspects of global sport development and governance incorporating insights from work in the Global South Across all of these contributions varied approaches are taken to examine the power of sport trope generating a thought provoking dialogue for the reader Featuring an accomplished roster of contributors and wide ranging coverage of key issues and debates this handbook will serve as an indispensable resource for scholars and students of contemporary sports studies

Gas Masks for Goal Posts Anton Rippon, Tom Finney, 2011-10-21 I was 12th man for England against Wales at Wembley Within a few minutes the Welsh half back broke his collar bone They had no reserves and I was the only spare player to hand That s how I made my international debut for Wales Stan Mortensen Blackpool and England When Britain declared war on Germany in September 1939 football came to an abrupt halt Large crowds were banned stadiums were given over to military use most players joined up Then it was realised that if victory remained the national goal soccer could help and football went to war For the next six years the game became hugely important to Britain Boosting morale among servicemen munitions workers and beleaguered citizens alike and raising hundreds of thousands of pounds for war funds It was a game with plenty of human stories Some footballers were dubbed PT commandos or D Day dodgers Others however saw action Pre war heroes on the pitch became wartime heroes off it This book captures the atmosphere of the time and tells the story of a unique period in football s history

La evolución táctica del fútbol 1863 - 1945 Martí Perarnau, 2021-11-11 Vuelve Mart Perarnau el autor best seller de Herr Pep y Pep Guardiola La

Metamorfosis El nuevo libro de Mart Perarnau descifra el código genético del fútbol Describe la evolución táctica del juego desde su reglamentación en 1863 la Pirámide de Cambridge el mediocentro de ataque el libero uruguayo la WM británica el M todo italiano el 4-2-4 húngaro el cerrojo suizo o el 3-2-5 argentino El libro recorre los distintos desarrollos tácticos de la mano del falso 9 la figura más compleja y sutil que existe en el fútbol El falso 9 surgió en 1910 y ha acompañado todas las sucesivas evoluciones del juego directo inglés el juego de pases escocés la orientación ofensiva y la defensiva la mentalidad proactiva el espíritu reactivo la defensa zonal el marcaje al hombre el ataque en línea en abanico o en W Todas las ideas del juego están contenidas en el interior del falso 9 que aglutina los cuatro grandes elementos del fútbol balón tiempo espacio y engaño Este libro demuestra que el fútbol es un combate de ideas que viajan a lomos de entrenadores y jugadores en sus constantes migraciones y que cada pueblo juega según su manera de ser La crítica ha dicho Ojo con este libro de Mart Perarnau De lo mejor del año De nuevo otra perla de la colección de Círculo Rodrigo Fdez periodista Una piedra Rosetta para el fútbol Un relato extenso didáctico y entretenido Pedro Zuazua El País Una clase magistral de la historia de este deporte Xavier G Luque La Vanguardia Ser un xito Cecilia Lagos periodista Un librazo con mayúsculas Literatura Deportiva Tardes de Domecq Libro minucioso en el que recurre al falso 9 para trenzar la historia de los sistemas de juego Perarnau ha dedicado seis años a la arqueología futbolística Ha rebobinado hasta la raíz para confeccionar un tratado exhaustivo sobre La evolución táctica del fútbol El Periódico Un libro de referencia para aquellos que amamos el fútbol Fernando Palomo ESPN Un doctorado sobre el código genético del fútbol Luis Villarejo Eurosport Lectura imprescindible para poder hablar DE fútbol y no solo DEL fútbol Kike Marín periodista Un viaje a las raíces del deporte rey a través de sus distintos sistemas de juego con la figura del falso 9 como guía del recorrido Rubén Caizares ABC

Amateurism in British Sport Dilwyn Porter, Stephen Wagg, 2007-12-13 In the essays collected here amateurism both as ideology and practice is subject to critical and unsentimental scrutiny effectively challenging the dominant narrative of more conventional histories of British sport *Lost Worlds* Kevin Foster, 2009-10-15 New expanded edition of a classic anthropology title that examines ethnicity as a dynamic and shifting aspect of social relations

The Olympics and the Cold War, 1948-1968 Erin Elizabeth Redihan, 2017-02-28 For Olympic athletes fans and the media alike the games bring out the best sport has to offer unity patriotism friendly competition and the potential for stunning upsets Yet wherever international competition occurs politics are never far removed Early in the Cold War when all U S Soviet interactions were treated as potential matters of life and death each side tried to manipulate the International Olympic Committee Despite the IOC's efforts to keep the games apolitical they were quickly drawn into the superpowers global struggle for supremacy with medal counts the ultimate prize Based on IOC U S government and contemporary media sources this book looks at six consecutive Olympiads to show how high the stakes became once the Soviets began competing in 1952 threatening America's athletic supremacy

Unveiling the Magic of Words: A Overview of "**Passovotchka Moscow Dynamo In Britain 1945**"
