Past and Future in Ancient History Chester G. Starr,1987 Hellenistic Civilization Francois Chamoux,2008-04-15
Spanning the period from Alexander the Great s accession to the throne in 336 BC to the defeat by Octavian of Antony and Cleopatra in 31 BC this volume provides a vivid account of the innovative civilization of the Hellenistic world **Before Alexander** Eugene N. Borza,1999 *Paperbound Books in Print* ,1991 *The Science of Roman History* Walter Scheidel,2018-04-03 How the latest cutting edge science offers a fuller picture of life in Rome and antiquity This groundbreaking book provides the first comprehensive look at how the latest advances in the sciences are transforming our understanding of ancient Roman history Walter Scheidel brings together leading historians anthropologists and geneticists at the cutting edge of their fields who explore novel types of evidence that enable us to reconstruct the realities of life in the Roman world Contributors discuss climate change and its impact on Roman history and then cover botanical and animal remains which cast new light on agricultural and dietary practices They exploit the rich record of human skeletal material both bones and teeth which forms a bio archive that has preserved vital information about health nutritional status diet disease working conditions and migration Complementing this discussion is an in depth analysis of trends in human body height a marker of general well being This book also assesses the contribution of genetics to our understanding of the past demonstrating how ancient DNA is used to track infectious diseases migration and the spread of livestock and crops while the DNA of modern populations helps us reconstruct ancient migrations especially colonization Opening a path toward a genuine biohistory of Rome and the wider ancient world The Science of Roman History offers an accessible introduction to the scientific methods being used in this exciting new area of research as well as an up to date survey of recent findings and a tantalizing glimpse of what the future holds Megara Hyblaia and Selinous Franco De Angelis,2003 The settlements made by Greeks in archaic Italy have largely been seen in terms of colonies duplicated from and heavily dependant on mainland Greece The scarcity of the literary sources for this period makes the archaeological record crucial Franco De Angelis makes use of both the archaeological and what literary evidence there is in reconstructing a history of Megara Hyblaia and Selinous two settlements established by the Greeks during the late eighth and mid seventh century BC He looks at the existing environment and political setting the Greeks found when they arrived the development of the settlements including the extent of their territory and influence society and politics and environment and economy Throughout an emphasis is placed on the individual nature of the settlements and their development based on the particular circumstances that existed in Sicily rather than seeing them as copies of city states on mainland Greece Book Jacket **Choice** ,2000
Myth Becomes History Carol G. Thomas,1993 **Royal Portraits in Sculpture and Coins** Blanche R. Brown,1995 This book begins with a specific problem the date style and iconography of a marble portrait head identified as Pyrrhos King of Epeiros Largely by collating with portraits on coins the head is defined stylistically dated c 305 304 c 280 B C when the

Successors ruled as kings and confirmed as Pyrrhos Further study of both coins and sculptures yields a fuller more complex account of the portraiture of that period in historic context as well as style and also of the periods directly before c 305 304 B C and after c 280 B C In the course of making comparisons later Hellenistic portraits are discussed as well *Archaic and Classical Greek Sicily* Franco De Angelis, 2016 Ancient Greek migrants in Sicily produced societies and economies that paralleled and differed from their homeland Since the nineteenth century explanations for this have been heavily debated This book is the first to gather the historical and archaeological evidence and to deploy it to test the various historical models proposed *The Historical Magazine and Notes and Queries Concerning the Antiquities, History and Biography of America*, 1870 **Books in Series, 1876-1949** R.R. Bowker Company, 1982 Greek Historians John Marincola, 2001-12-13 This survey of more recent work on Herodotus Thucydides and Polybius synthesises some of the most important research from the last few decades **Historical Outlook**, 1920 *Between Past and Future* Hannah Arendt, Jerome Kohn, 2006-09-26 From the author of *Eichmann in Jerusalem* and *The Origins of Totalitarianism* a book to think with through the political impasses and cultural confusions of our day Harper's Magazine Hannah Arendt's insightful observations of the modern world based on a profound knowledge of the past constitute an impassioned contribution to political philosophy In *Between Past and Future* Arendt describes the perplexing crises modern society faces as a result of the loss of meaning of the traditional key words of politics justice reason responsibility virtue and glory Through a series of eight exercises she shows how we can redistill the vital essence of these concepts and use them to regain a frame of reference for the future To participate in these exercises is to associate in action with one of the most original and fruitful minds of the twentieth century **History Teacher's Magazine** Albert Edward McKinley, William Glenn Kimmel, 1914 Includes War supplements Jan Nov 1918 Supplements Dec 1918 Nov 1919 These were also issued as reprints The End of the Past Aldo Schiavone, 2002 Western history is split into two discontinuous eras Aldo Schiavone tells us the ancient world was fundamentally different from the modern one He locates the essential difference in a series of economic factors a slave based economy relative lack of mechanization and technology the dominance of agriculture over urban industry **History Teacher's Magazine**, 1917 The Historical Magazine John Ward Dean, George Folsom, John Gilmary Shea, Henry Reed Stiles, Henry Barton Dawson, 1870
