Past Lives An Investigation Into Reincarnation Memories:

Past Lives Peter Fenwick, Elizabeth Fenwick, 2001-07-01 For centuries the existence of reincarnation has been a firmly held belief of millions that crosses races religions and cultures In *Past Lives* Dr Peter Fenwick and Elizabeth Fenwick examine this extraordinary phenomenon by attempting to determine whether people are experiencing actual memories or thoughts and ideas based on imagination Featuring more than 100 firsthand accounts from those who believe they can recall their previous existences this insightful exploration of reincarnation may change the way you think and challenge your views of life itself A World War II veteran relives the moment of his death in the cockpit of a bi plane during the first World War A hypnotized woman starts speaking with an Irish brogue about her life in Ireland although she s never visited there While vacationing in Egypt a woman correctly describes a temple she was once worshipped in without ever having been inside

Children Who Remember Previous Lives Ian Stevenson, M.D., 2000-12-15 The concept of reincarnation has been around for thousands of years and is a part of many religions including Hinduism Buddhism Jainism and Sikhism In addition to these religious beliefs many people believe it offers an explanation for the mysteries of life There are children that claim to remember previous lives as adults or even animals These claimed memories might affect the development of the child and be incorporated into the child s personality This book presents an in depth look at Dr Stevenson s forty years studying children who claim to remember previous lives It is an informative professional read that dispels common misconceptions about reincarnation and offers an open minded perspective It provides an overview of the history of the belief in and evidence for reincarnation with new material relating to birthmarks and birth defects independent replication studies and recent developments in genetic study It also covers research on children the methods used the cases studied and the analyses of the data The idea of reincarnation is explored as an explanation for some unsolved problems in psychology and medicine

INTRODUCTION TO REINCARNATION Provides an introduction to the study of reincarnation including a discussion of the belief in reincarnation

VARIATIONS IN DIFFERENT CULTURES Looks at how reincarnation is viewed in different cultures around the world and how it has changed over time

EXPLANATORY VALUE OF THE IDEA OF REINCARNATION The idea of reincarnation has been around for thousands of years and many people believe it offers an explanation for the mysteries of life

TYPES OF EVIDENCE FOR REINCARNATION There are many types of evidence for reincarnation including anecdotal evidence case studies and research studies

TYPICAL CASES OF CHILDREN Looks at typical cases of children who remember previous lives with a focus on their characteristics

METHODS OF RESEARCH Discusses the methods of research and the various ways in which previous life memories can be investigated

ANALYSIS AND INTERPRETATION OF CASES Analyzes a number of cases from the author s 40 year career

Life Before Life Jim B. Tucker, 2009

Twenty Cases Suggestive of Reincarnation Ian Stevenson, 1980 Cases of responsive xenoglossy thus add to the evidence concerning the survival of human personality after death

Return to Life Jim B. Tucker, M.D., 2013-12-03 Dr Tucker in a follow up to his book *Life*

Before Life explores American cases of young children who report memories of previous lives in the New York Times bestseller *Return to Life* A first person account of Jim Tucker s experiences with a number of extraordinary children with memories of past lives *Return to Life* focuses mostly on American cases presenting each family s story and describing his investigation His goal is to determine what happened what the child has said how the parents have reacted whether the child s statements match the life of a particular deceased person and whether the child could have learned such information through normal means Tucker has found cases that provide persuasive evidence that some children do in fact possess memories of previous lives Among others readers will meet a boy who describes a previous life on a small island When Tucker takes him to that island he finds that some details eerily match the boy s statements and some do not Another boy points to a photograph from the 1930s and says he used to be one of the men in it Once the laborious efforts to identify that man are successful many of the child s numerous memories are found to match the details of his life Soon after his second birthday a third boy begins expressing memories of being a World War II pilot who is eventually identified Thought provoking and captivating *Return to Life* urges its readers to think about life and death and reincarnation and reflect about their own consciousness and spirituality

European Cases of the Reincarnation Type Ian Stevenson, M.D.,2008-11-13 Many cultures accept that a person may die and then come back to life in another form but Westerners have traditionally rejected the idea Recently however surveys conducted in Europe indicate a substantial increase in the number of Europeans who believe in reincarnation and numerous claims of reincarnation have been reported This book examines particular cases in Europe that are suggestive of reincarnation The first section provides a brief history of the belief in reincarnation among Europeans The second section considers eight cases from the first third of the twentieth century that were not independently investigated but were reported and sometimes published by the persons concerned The third section covers 32 cases from the second half of the twentieth century that were investigated by the author Many of these cases involved either children who exhibited unusual behavior attributed to a previous life or adults who experienced recurrent or vivid dreams attributed to a previous life In the fourth section the author compares European cases suggestive of reincarnation with those of other countries and cultures

Old Souls Thomas Shroder,2011-05-17 A riveting firsthand account of one man s mission to investigate and document some of the most astonishing phenomena of our time children who speak of past life memory and reincarnation All across the globe small children spontaneously speak of previous lives beg to be taken home pine for mothers and husbands and mistresses from another life and know things that there seems to be no normal way for them to know From the moment these children can talk they speak of people and events from the past not vague stories of centuries ago but details of specific identifiable individuals who may have died just months weeks or even hours before the birth of the child in question For thirty seven years Dr Ian Stevenson has traveled the world from Lebanon to suburban Virginia investigating and documenting more than two thousand of these past life memory cases Now his essentially unknown work is being brought to

the mainstream by Tom Shroder the first journalist to have the privilege of accompanying Dr Stevenson in his fieldwork Shroder follows Stevenson into the lives of children and families touched by this phenomenon changing from skeptic to believer as he comes face to face with concrete evidence he cannot discount in this spellbinding and true story **The Past Life Perspective** Ann Barham,2016-06-07 Previously published as Nine lives and counting **Past Lives for Beginners** Douglas De Long,2013 Helps you explore your previous lifetimes embrace your wondrous past and recognize that you as a human soul are eternal This title describes different types of past life recall experiences and shares favoured techniques of meditation and visualization used to gain access to those memories **Life Between Lives** Michael Newton,2014-01-08 For hypnotherapists interested in spiritual regression therapy and aspiring spiritual regressionists this lucid book will be tremendously helpful New Age Retailer *I Saw A Light And Came Here* Ph. D Erlendur Haraldsson,Ph. D James G. Matlock,2017-01-18 *I Saw A Light And Came Here* is the result of decades of scholarly research and investigations into past life memories primarily of children Erlendur Haraldsson a psychologist has over two decades of experience behind him having investigated some one hundred cases in the field He worked closely with Ian Stevenson M D of the University of Virginia who began systematic studies of cases of the reincarnation type but soon broke new ground with psychological studies of children who insist they remember episodes from past lives Haraldsson invited anthropologist James Matlock to join him because of his thorough familiarity with research around the globe This book deals with various aspects of past life memory and attempts to answer the questions that will inevitably come up in the minds of thoughtful readers Reliving Past Lives: The Evidence Under Hypnosis Helen Wambach,2021-04-06 In Reliving Past Lives psychologist Helen Wambach PhD shares the fascinating results of her large scale past life group hypnotherapy sessions In an effort to rule out false memory fantasy and wishful thinking often associated with past life hypnosis Wambach devised a protocol where she chose time specific periods from 2000 BC to the twentieth century and asked respondents where they were and what they were doing during that specific period Race social class occupation types of money used and gender were all explored Mundane questions were asked such as What types of utensils are being used Describe weaving techniques that are being used What foodstuffs are commonly in use during this time What color is the brickwork of the houses As expected when taken to a specific period some respondents reported experiences while others reported nothing prompting the question did they report nothing because they were between lives Wambach reasoned that if she asked a large number of subjects questions about a specific time and place and received a sizable percentage of similar answers from subjects who weren t consciously aware of the information they were reporting that was something worth investigating further Together with her book *Life before Life* the data is compelling reading for anyone pondering the validity of reincarnation and life beyond physical death Past Lives, Present Miracles Denise Linn,2008-03-01 The best selling author of *If I Can Forgive So Can You* Miracles can occur in your life easily and effortlessly It s simply a matter of remembering who you are and to do this it s necessary to clear the

blockages that stand between you and your soul Almost all of these obstacles have their roots in your distant past so it s valuable to travel back in time to release them However most of us are so caught up in limiting beliefs about who we are that it s almost impossible to take that journey In this book you ll learn how to travel back to your previous incarnations to release buried obstructions so you can create the miracles in your life that you deserve It s safe easy and fun and anyone can do it You ll learn how to discover your past lives without ever doing a regression remove limitations regarding your relationships abundance and health that came from your past lives uncover the symptoms of past life traumas and how to clear them even if you don t believe in reincarnation understand the roles that loved ones played in your previous incarnations find your personal guides spirit guardians and angels and receive their help and much much more

How to Uncover Your Past Lives Ted Andrews,1992 Have you ever experienced a feeling of déjà vu or had recurring dreams of a particular place or time or felt instantly close to some person All these experiences provide clues to past lives With *How To Uncover Your Past Lives* you ll learn how knowledge of past lives can help you gain clear insight into your spiritual purpose for this lifetime Popular author Ted Andrews teaches you how to safely and easily explore past life memories using self hypnosis meditation dowsing fragrance and crystals Discover how to Use past life awareness as a tool for spiritual growth Recognize soul mates and their role in your life Understand the true meaning of a twin soul Let go of self defeating behaviors and beliefs from past lives Gain insight into your life s purpose

Reincarnation as a Scientific Concept Dr K S Rawat, Titus Rivas,2021-05-18 Reincarnation as a Scientific Concept focuses on the question of whether reincarnation should be recognized as a serious subject by the contemporary scientific community After a historical overview of the psychical research into reincarnation memories the authors present well documented cases that have been studied by scholars from East and West The authors place themselves in the tradition of American psychiatrists Ian Stevenson and Jim Tucker and their Indian predecessors as well as colleagues such as the late Dr Erlendur Haraldsson Dr Satwant Pasricha and anthropologist James Matlock Dr Rawat has independently studied many children with memories of a past life in Asia including classic cases in India such as Shanti Devi Jagdish Chandra and Swarn Lata Mishra Rivas has investigated cases in the Netherlands that show the same basic pattern even though most of them remain unsolved The authors address alternative psychological and parapsychological hypotheses for the findings in the field and demonstrate why reincarnation of a personal psyche offers the best explanation Based on this assumption they look at the possible future of parapsychological reincarnation research

Past Life Dreamwork Sabine Lucas,2008-04-18 The first book to approach reincarnation from the perspective of dreams Identifies soul bloodlines the key to past life therapies Combines the author s own experiences with case studies and dreamwork with empirical research Reveals how the analyst and client are often karmically linked In *Past Life Dreamwork* Sabine Lucas examines soul bloodlines character traits talents and life issues that are the common elements and circumstances of successive past lives Found threaded through our dreams these bloodlines reveal the forces manifesting in this life and taken together they shape

individuality as well as destiny within the reincarnation cycle Though a wealth of past life related material regularly surfaces in dreams until now dreamwork has been largely ignored as a therapy for successfully integrating past life experiences Using the results of 27 years of personal and professional work Lucas explains that past life memories help us work out karma on the macro level and trauma on a micro level She distinguishes three types of past life dreams classic informatory and hybrid and demonstrates how to distinguish these from other dreams Her dramatic case studies illustrate the effectiveness of dream therapy in recognizing and integrating the resonant and recurrent circumstances and ethical dilemmas that are played out in the subconscious mind These psychologically revealing stories bear witness to how individuals are made whole through the integration of common strands of forgotten or repressed past lives Lucas shows that the integration of past lives enriches the conscious self and also promotes universal tolerance through an understanding of the patterns of our psychic soul inheritance

Yesterday's children Jenny Cockell,2000 *I've Been Here Before* Sara Yoheved Rigler,2021-11-15 This ground breaking book opens a closet and allows hundreds of people of this generation to emerge with their nightmares phobias and flashbacks suggestive of an incarnation in the Holocaust Through that open door author Sara Rigler introduces the reader to people from all over the world whose stories defy rational explanation unless they are indeed reincarnated souls from the Holocaust Because the purpose of reincarnation is to rectify past mistakes and failings Part Two narrates the journeys of souls who in their current lifetime replaced fear with courage hatred with love and guilt with self forgiveness Fascinating and convincing this page turner will quicken your awareness of your own soul and how your inexplicable fears attractions and repulsions may be comprehensible through the notion of past life experiences Sara Rigler has written a powerful and gripping narrative The stories make for fascinating reading Rabbi Yitzchak A Breitowitz Kehillat Ohr Somayach An eye opening journey Alicia Yacoby Founder Our6Million Sara Rigler s extensive research and collection of past life Holocaust memories confirms the reality of this phenomenon and offers hope for healing the trauma that carried over for many of us For those who have not had their own memories the case studies offer compelling evidence for the continuation of a personal consciousness after death Carol Bowman author of *Children s Past Lives* This book is not only credible it is important Rebbetzin Tziporah Heller Gottlieb author and lecturer Sara Rigler has done exceptional work in meticulously compiling recording and describing personal stories of Jews and non Jews from many countries By doing so she has rendered an invaluable service to humanity Sabine Lucas Ph D Jungian analyst

Where Reincarnation and Biology Intersect Ian Stevenson,1997-05-21 Children who claim to remember a previous life have been found in many parts of the world particularly in the Buddhist and Hindu countries of South Asia among the Shiite peoples of Lebanon and Turkey the tribes of West Africa and the American northwest Stevenson has collected over 2 600 reported cases of past life memories of which 65 detailed reports have been published Specific information from the children s memories has been collected and matched with the data of their claimed former identity family residence and manner of death Birthmarks or other physiological

manifestations have been found to relate to experiences of the remembered past life particularly violent death Writing as a specialist in psychiatry and as a world renowned scientific investigator of reported paranormal events Stevenson asks us to suspend our Western tendencies to disbelieve in reincarnation and consider the reality of the burgeoning record of cases now available This book summarizes Stevenson s findings which are presented in full in the multi volume work entitled Reincarnation and Biology A Contribution to the Etiology of Birthmarks and Birth Defects also published by Praeger **Past Lives Therapy** Morris Netherton,Nancy Shiffrin,1978
