Pastmasters Some Essays On Americans Historians:

Pastmasters Marcus Cunliffe, Robin W. Winks, 1981-06 *Pastmasters* , 1969 **Schlesinger: The Imperial Historian** Richard Aldous, 2017-10-10 The first major biography of preeminent historian and intellectual Arthur Schlesinger Jr a defining figure in Kennedy's White House Arthur M Schlesinger Jr 1917 2007 known today as the architect of John F Kennedy's presidential legacy blazed an extraordinary path from Harvard University to wartime London to the West Wing The son of a pioneering historian and a two time Pulitzer Prize and National Book Award winner in his own right Schlesinger redefined the art of presidential biography A Thousand Days his best selling and immensely influential record of the Kennedy administration cemented Schlesinger's place as one of the nation's greatest political image makers and a key figure of the American intellectual elite a peer and contemporary of Reinhold Niebuhr Isaiah Berlin and Adlai Stevenson The first major biography of this defining figure in Kennedy's Camelot Schlesinger The Imperial Historian presents a dramatic life and career set against the backdrop of the American Century Biographer Richard Aldous draws on oral history rarely seen archival documents and the official Schlesinger papers to craft a portrait of the incandescently brilliant and controversial historian who framed America's ascent to global empire **American Progressive History** Ernst Breisach, 1993-06-15 American Progressive History is the first book to relate the story of Progressive history through all its transformations from its emergence in the early 1900s to its demise in the 1940s Focusing his account on the work of the movement's most important representatives including Charles Beard James Harvey Robinson and Carl Becker Ernst Breisach demonstrates that Progressive history is distinguished by its unique combination of beliefs in the objective reality of historical facts and its faith in the inevitability of the progress of the human race And though he discusses at length Frederick Jackson Turner's contributions to the creation of a modern American historiography Breisach sets him apart from the scholars who shaped Progressive history While Progressive history is usually treated in isolation from simultaneous movements in European historiography Breisach shows how it was formulated in the face of the same cultural pressures confronting European historians Indeed it becomes clear that until the 1930s the Progressive historians' confidence in the validity of historical investigation and the progress of civilization shielded American historians from the skepticism and cultural pessimism which characterized many of their European contemporaries Breisach's exceptionally broad and subtle analysis reveals American Progressive history to be an important and innovative experiment in the international quest for a New History as well as a coherent school of thought in its own right *Francis Parkman, Historian as Hero* Wilbur R. Jacobs, 2010-07-22 A historian who lived the kind of history he wrote Francis Parkman is a major and controversial figure in American historiography His narrative style while popular with readers wanting a good story has raised many questions with professional historians Was Parkman writing history or historical fiction Did he color historical figures with his own heroic self image Was his objectivity compromised by his unbending conservative Brahmin values These are some of the many issues that Wilbur Jacobs treats in

this thought provoking study Jacobs carefully considers the apprenticeship of Francis Parkman first spent in facing the rigors of the Oregon Trail and later in struggling to write his histories despite a mysterious frequently incapacitating illness He shows how these events allowed Parkman to create a heroic self image which impelled his desire for fame as a historian and influenced his treatment of both the noble and the savage characters of his histories In addition to assessing the influence of Parkman s development and personality on his histories Jacobs comments on Parkman s relationship to basic social and cultural issues of the nineteenth century These include the slavery question Native American issues expansion of the suffrage to new groups including women and anti Catholicism

Beyond Truman Douglas A. Dixon,2020-05-28 This study examines the successes struggles and personal life of the nationally recognized historian Robert H Ferrell His life history provides insight into postmodernism the New Left and the art of historical writing

The Writing of American History Michael Kraus,Davis D. Joyce,1990-01-01 Events which become historical says Michael Kraus do not live on because of their mere occurrence They survive when writers re create them and thus preserve for posterity their otherwise fleeting existence Paul Revere s ride for example might well have vanished from the records had not Longfellow snatched it from approaching oblivion and given it a dramatic spot in American history Now Revere rides on in spirited passages in our history books In this way the recorder of events becomes almost as important as the events themselves In other words historiography the study of historians and their particular contributions to the body of historical records must not be ignored by those who seriously wish to understand the past When the first edition of Michael Kraus s Writing of American History was published a reviewer for the New York Herald Tribune wrote No serious study of our national origins and development can afford not to have such an aid as this at his elbow The book quickly came to be regarded as one of the few truly standard general surveys of American historiography invaluable as a reference book as a textbook and as a highly readable source of information for the interested general reader This new edition with coauthor Davis D Joyce confirms its position as the definitive work in the field Concise yet comprehensive here is an analysis of the writers and writings of American history from the Norse voyages to modern times The book has its roots in Kraus s pioneering History of American History published in 1937 a unique and successful attempt to cover in one volume the entire sweep of American historical activity Kraus revised and updated the book in 1953 when it was published under the present title Now once again the demand for its revision has been met Davis D Joyce with the full cooperation and approval of Kraus has thoroughly revised and brought up to date the text of the 1953 edition The clarity and evenhandedness of Kraus s text has been carefully preserved The last three chapters add entirely new material surveying the massive and complex body of American historical writing since World War II Consensus American Historical Writing in the 1950s Conflict American Historical Writing in the 1960s and Complexity American Historical Writing in the 1970s and Beyond Michael Kraus Professor Emeritus at City College of New York received the Ph D from Columbia University and in his long career established himself as one of America s foremost historiographers Davis D Joyce is

Professor Emeritus of History East Central University Ada Oklahoma and is the author of HOWARD ZINN A RADICAL AMERICAN VISION and ALTERNATIVE OKLAHOMA CONTRARIAN VIEWS OF THE SOONER STATE He teaches part time at Rogers State University Claremore Oklahoma

C. Vann Woodward James C. Cobb, 2022-09-01 With an epic career that spanned two thirds of the twentieth century C Vann Woodward 1908 1999 was a historian of singular importance A brilliant writer his work captivated both academic and public audiences He also figured prominently in the major intellectual conflicts between left and right during the last half of the twentieth century although his unwavering commitment to free speech and racial integration that affirmed his liberalism in the 1950s struck some as emblematic of his growing conservatism by the 1990s Woodward s vision still permeates our understandings of the American South and of the history of race relations in the United States Indeed as this fresh and revealing biography shows he displayed a rare genius and enthusiasm for crafting lessons from the past that seemed directly applicable to the concerns of the present a practice that more than once cast doubt on his scholarship James C Cobb offers many original insights into Woodward s early years and private life his long career and his almost mythic public persona In a time where the study and substance of American history are profoundly contested Woodward s career is replete with lessons in how myths about the past some created by historians themselves come to be enshrined as historical truth

Arthur M. Schlesinger Jr. and the Ideological History of American Liberalism Stephen P. Depoe, 2016-11-15 Examines the origin elements and evolving significance of the tides in the discourse of Arthur M Schlesinger Jr Arthur M Schlesinger Jr is a historian and political advocate whose ideas and activities have significantly influenced the shape and direction of American liberalism during the past fifty years A central feature of Schlesinger s ideological perspective is his belief that American history has been marked by alternating periods of conservative and liberal dominance which he has termed the tides of national politics Throughout his career Schlesinger has used the tides of national politics to defend the legitimacy and superiority of active liberal government and leadership The study investigates how the tides concept has functioned in both Schlesinger s historical scholarship and his partisan political discourse Depoe also explores the ways in which the tides concept has shaped and channeled Schlesinger s political thought over time leading him toward certain definitions of situations and away from others Finally Depoe offers Schlesinger s life and work as a case study of the highs and lows of postwar American liberalism By tracing Schlesinger s responses to Eisenhower era conservatism Kennedy s New Frontier and the problems of Vietnam and violence during the 1960s and the gradual delegitimation of liberalism from the 1970s to the present this book offers a road map that can guide the reader toward a better understanding of the past present and future of liberalism in America

Gary Snyder and the American Unconscious T. Dean, 1991-01-31 This book presents a new theory of American culture based not on the phenomenologically and existentially derived vocabularies of consciousness which have dominated earlier accounts but rather on a revitalized notion of the unconscious Drawing on the writings of the French psychoanalyst Jacques Lacan Dean develops a theory of the

constitution of the very notion of America itself as based on a complicated relation to the American landscape **V. L. Parrington** H. Lark Hall, 2017-09-29 H Lark Hall presents the first comprehensive biography of Vernon Louis Parrington 1871 1929 The recipient of the 1928 Pulitzer Prize in history for the first two volumes of his *Main Currents in American Thought* Parrington remains one of the most influential literary and historical scholars of the early twentieth century Parrington was a man in search of a personal myth He found his self image successively mirrored in Victorian novels painting poetry populism religion the arts and crafts movement American literature and American history These changes were also reflected in his teaching as a professor of English at the College of Emporia the University of Oklahoma and the University of Washington Published late in his career the two volumes of *Main Currents* represented the culmination of his search Drawing upon his personal papers including correspondence diaries and student course work *Main Currents* chapter drafts and other unpublished writings Hall traces Parrington's intellectual development from his Midwestern childhood through his mid life engagement with English poet and artist William Morris then from the radical impact of the new history to the tempered post World War One reflection of his career at the University of Washington Hall's reinterpretation of *Main Currents* emphasizes Parrington's concern with the drama of the life of the mind and links his historical viewpoint to his own personal history

Past Imperfect Peter Charles Hoffer, 2007-07-03 Woodrow Wilson a practicing academic historian before he took to politics defined the importance of history A nation which does not know what it was yesterday does not know what it is today He like many men of his generation wanted to impose a version of America's founding identity it was a land of the free and a home of the brave But not the braves Or the slaves Or the disenfranchised women So the history of Wilson's generation omitted a significant proportion of the population in favor of a perspective that was predominantly white male and Protestant That flaw would become a fissure and eventually a schism A new history arose which written in part by radicals and liberals had little use for the noble and the heroic and that rankled many who wanted a celebratory rather than a critical history To this combustible mixture of elements was added the flame of public debate History in the 1990s was a minefield of competing passions political views and prejudices It was dangerous ground and at the end of the decade four of the nation's most respected and popular historians were almost destroyed by it Michael Bellesiles Doris Kearns Goodwin Stephen Ambrose and Joseph Ellis This is their story set against the wider narrative of the writing of America's history It may be as Flaubert put it that Our ignorance of history makes us libel our own times To which he could have added falsify plagiarize and politicize because that's the other story of America's history **"Origins of the New South" Fifty Years Later** John B.

Boles, Bethany L. Johnson-Dylewski, 2003-10-31 In this thoughtful sophisticated book John B Boles and Bethany L Johnson piece together the intricate story of historian C Vann Woodward's 1951 masterpiece *Origins of the New South 1877 1913* published as Volume IX of LSU Press's venerable series *A History of the South* Sixteen reviews and articles by prominent southern historians of the past fifty years here offer close consideration of the creation reception and enduring influence of

that classic work of history It is rare for an academic book to dominate its field half a century later as Woodward's *Origins* does southern history Although its explanations are not accepted by all the volume remains the starting point for every work examining the South in the era between Reconstruction and World War I In writing *Origins* Woodward deliberately set out to subvert much of the historical orthodoxy he had been taught during the 1930s and he expected to be lambasted But the revisionist movement was already afoot among white southern historians by 1951 and the book was hailed Woodward's work had an enormous interpretative impact on the historical academy and encapsulated the new trend of historiography of the American South an approach that guided both black and white scholars through the civil rights movement and beyond This easily accessible collection comprises four reviews of *Origins* from 1952 to 1978 *Origin of Origins* a chapter from Woodward's 1986 book *Thinking Back The Perils of Writing History* that explains and reconsiders the context in which *Origins* was written five articles from a fiftieth anniversary retrospective symposium on *Origins* and three commentaries presented at the symposium and here published for the first time A combination of trenchant commentary and recent reflections on Woodward's seminal study along with insight into Woodward as a teacher and scholar *Fifty Years Later* in effect traces the creation and development of the modern field of southern history *Fifty Key Thinkers on History* Marnie

Hughes-Warrington, 2014-09-04 *Fifty Key Thinkers on History* is an essential guide to the most influential historians theorists and philosophers of history The entries offer comprehensive coverage of the long history of historiography ranging from ancient China Greece and Rome through the Middle Ages to the contemporary world This third edition has been updated throughout and features new entries on Machiavelli Ranajit Guha William McNeil and Niall Ferguson Other thinkers who are introduced include Herodotus Bede Ibn Khaldun E H Carr Fernand Braudel Eric Hobsbawm Michel Foucault Edward Gibbon Each clear and concise essay offers a brief biographical introduction a summary and discussion of each thinker's approach to history and how others have engaged with it a list of their major works and a list of resources for further study

Historiography Ernst Breisach, 2008-09-15 In this pioneering work Ernst Breisach presents an effective well organized and concise account of the development of historiography in Western culture Neither a handbook nor an encyclopedia this up to date third edition narrates and interprets the development of historiography from its origins in Greek poetry to the present with compelling sections on postmodernism deconstructionism African American history women's history microhistory the Historikerstreit cultural history and more The definitive look at the writing of history by a historian *Historiography* provides key insights into some of the most important issues debates and innovations in modern historiography Praise for the first edition Breisach's comprehensive coverage of the subject and his clear presentation of the issues and the complexity of an evolving discipline easily make his work the best of its kind Lester D Stephens *American Historical Review* **Madness in Cold War America** Alexander Dunst, 2016-08-19 This book tells the story of how madness came to play a prominent part in America's political and cultural debates It argues that metaphors of madness rise to unprecedented popularity amidst the

domestic struggles of the early Cold War and become a pre eminent way of understanding the relationship between politics and culture in the United States In linking the individual psyche to society psychopathology contributes to issues central to post World War II society a dramatic extension of state power the fate of the individual in bureaucratic society the political function of emotions and the limits to admissible dissent Such vocabulary may accuse opponents of being crazy Yet at stake is a fundamental error of judgment for which madness provides welcome metaphors across US diplomacy and psychiatry social movements and criticism literature and film In the process major parties and whole historical eras literary movements and social groups are declared insane Reacting against violence at home and war abroad countercultural authors oppose a sane madness to irrational reason romanticizing the wisdom of the schizophrenic and paranoia s superior insight As the Sixties give way to a plurality of lifestyles an alternative vision arrives of a madness now become so widespread and ordinary that it may finally escape pathology

Texts and Contexts Doug Munro, Brij V. Lal, 2005-11-30 *Texts and Contexts* is concerned with the development of Pacific Islands history as a specialization in its own right Specifically this volume examines the foundational texts that pioneered and consolidated the new subdiscipline and served as the building blocks and stepping stone for further developments in the field Thirty five texts all of which represent defining points in the development of Pacific Islands historiography are examined Much more than retrospective appraisals of the foundational texts the individual chapters consider a text or complimentary texts within the context of the time of writing and gauge what ongoing influence they exerted In some cases they suggest how a particular text has been superseded by subsequent work that breaks new conceptual ground in the ongoing process of revisionism Contributors Chris Ballard on Gavin Souter Ivan Brady on Greg Denning I C Campbell on Norma McArthur Bronwen Douglas and Doug Munro on H E Maude and Dorothy Shineberg Michael Goldsmith on Marshall Sahlins David Hanlon on Francis X Hezel K R Howe on Andrew Sharp and David Lewis Brij V Lal on K L Gillion and Peter Corris Hugh Laracy on Niel Gunson and Ta unga Lamont Lindstrom on Peter Worsley and Peter Lawrence Doug Munro on Douglas L Oliver R P Gilson J W Davidson and K R Howe Vincent O Malley on Keith Sinclair and Alan Ward Jon Osorio on Ralph Kuykendall and Gavan Daws Tom Ryan on Bernard Smith Jane Samson on W P Morrell and Deryck Scarr Francis West on Francis West and Gavan Daws Glyndwr Williams on O H K Spate

The Progressive Era in the USA: 1890-1921 Kristofer Allfeldt, 2017-05-15 Few periods in American history have been explored as much as the Progressive Era It is seen as the birth place of modern American liberalism as well as the time in which America emerged as an imperial power Historians and other scholars have struggled to explain the contradictions of this period and this volume explores some of the major controversies this exciting period has inspired Investigating subjects as diverse as conservation socialism or the importance of women in the reform movements this volume looks at the lasting impact of this productive yet ultimately frustrated generation s legacy on American and world history

Selvages & Biases Michael G. Kammen, 1987 Winner of the 1973 Pulitzer Prize for history Kammen addresses three themes concerning the state of historical inquiry in

America Beginning with how history as a professional discipline has changed over the past century the book treats the relationship of the historian s craft to American nationalism the value of historical knowledge and the shifting attitudes of historians toward society Kammen appraises the significance of historiography as a measure of cultural change and shows how the past has been manipulated for social and ideological reasons and how memories of the national and regional past have conflicted with the realities of historical experience He also explains how traditional modes of interpreting the past have lost their cohesive force and why historians should pursue new approaches to the cultural history ISBN 0 8014 1924 7 24 95

The United States Dennis Welland,2024-04-01 First published in 1987 the second edition of The United States illuminates America s past and present by a straightforward examination of a wide range of subjects geography urbanization immigration and race American wars government politics and foreign policy literature the visual arts and the media as well as American thought and ideals All the contributors have been engaged in the development of American studies in British universities many of them as pioneers in that field

Pastmasters Some Essays On Americans Historians Introduction

In today's digital age, the availability of Pastmasters Some Essays On Americans Historians books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Pastmasters Some Essays On Americans Historians books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Pastmasters Some Essays On Americans Historians books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Pastmasters Some Essays On Americans Historians versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Pastmasters Some Essays On Americans Historians books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Pastmasters Some Essays On Americans Historians books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Pastmasters Some Essays On Americans Historians books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them

accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Pastmasters Some Essays On Americans Historians books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Pastmasters Some Essays On Americans Historians books and manuals for download and embark on your journey of knowledge?

FAQs About Pastmasters Some Essays On Americans Historians Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Pastmasters Some Essays On Americans Historians is one of the best book in our library for free trial. We provide copy of Pastmasters Some Essays On Americans Historians in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Pastmasters Some Essays On Americans Historians. Where to download Pastmasters Some Essays On Americans Historians online for free? Are you looking for Pastmasters Some Essays On Americans Historians PDF? This is definitely

going to save you time and cash in something you should think about.
