The Pastoral Approach to Atheism Karl Rahner, 1967      **Pastoral Theology** Karl Rahner, 1967      *Faith and Unbelief* Stephen Bullivant, 2013 Explores the reasons for and the realities of modern atheism especially through the interface of the Christian faith and modern day culture      **The Pastoral Approach to Atheism**, 1967      **Give Me an Answer** Cliffe Knechtle, 1986-03-31 Cliffe Knechtle offers clear reasoned and compassionate responses to the tough questions skeptics ask

*Faith* Chris Stedman, 2012-11-06 The story of a former Evangelical Christian turned openly gay atheist who now works to bridge the divide between atheists and the religious The stunning popularity of the New Atheist movement whose most famous spokesmen include Richard Dawkins Sam Harris and the late Christopher Hitchens speaks to both the growing ranks of atheists and the widespread vehement disdain for religion among many of them In *Faith* Chris Stedman tells his own story to challenge the orthodoxies of this movement and make a passionate argument that atheists should engage religious diversity respectfully Becoming aware of injustice and craving community Stedman became a born again Christian in late childhood The idea of a community bound by God's love a love that was undeserved unending and guaranteed captivated him It was he writes a place to belong and a framework for making sense of suffering But Stedman's religious community did not embody this idea of God's love they were staunchly homophobic at a time when he was slowly coming to realize that he was gay The great suffering this caused him might have turned Stedman into a life long New Atheist But over time he came to know more open minded Christians and his interest in service work brought him into contact with people from a wide variety of religious backgrounds His own religious beliefs might have fallen away but his desire to change the world for the better remained Disdain and hostility toward religion was holding him back from engaging in meaningful work with people of faith And it was keeping him from full relationships with them the kinds of relationships that break down intolerance and improve the world In *Faith* Stedman draws on his work organizing interfaith and secular communities his academic study of religion and his own experiences to argue for the necessity of bridging the growing chasm between atheists and the religious As someone who has stood on both sides of the divide Stedman is uniquely positioned to present a way for atheists and the religious to find common ground and work together to make this world the one world we can all agree on a better place      Why I Became an Atheist John W. Loftus, 2012-10-10 For about two decades John W Loftus was a devout evangelical Christian an ordained minister of the Church of Christ and an ardent apologist for Christianity With three degrees in philosophy theology and philosophy of religion he was adept at using rational argumentation to defend the faith But over the years doubts about the credibility of key Christian tenets began to creep into his thinking By the late 1990s he experienced a full blown crisis of faith In this honest appraisal of his journey from believer to atheist the author carefully explains the experiences and the reasoning process that led him to reject religious belief The original edition of this book was published in 2006 and reissued in 2008 Since that time Loftus has received a good deal of critical feedback from Christians

and skeptics alike In this revised and expanded edition the author addresses criticisms of the original adds new argumentation and references and refines his presentation For every issue he succinctly summarizes the various points of view and provides references for further reading In conclusion he describes the implications of life without belief in God some liberating some sobering This frank critique of Christian belief from a former insider will interest freethinkers as well as anyone with doubts about the claims of religion      The Pastoral approach to atheism, Vol.23 CONCILIUM theology in the age of renewal ,1967      **Catholicisme** Henri de Lubac,1988 Here Henri de Lubac gathers from throughout the breadth and length of Catholic tradition elements which he synthesizes to show the essentially social and historical character of the Catholic Church and how this worldwide and age-long dimension of the Church is the only adequate matrix for the fulfillment of the person within society and the transcendence of the person towards God      **Faith No More** Phil Zuckerman,2015 Faith No More seeks to understand how and why people lose their faith sever their ties with religious organizations and experience a secularizing transformation in their own personal lives Based on in depth interviews with 75 individuals from a variety of backgrounds and religious traditions this book offers a rich and colorful exploration of the human journey from religiosity to secularity      **How to Be Secular** Jacques Berlinerblau,2012 Argues that a return to a more secular America will promote religious diversity and freedom and help eliminate the widening divide between religious conservatives and staunch atheists      *The Historical Reliability of the New Testament* Craig L. Blomberg,2016-11-01 Questions about the reliability of the New Testament are commonly raised today both by biblical scholars and popular media Drawing on decades of research Craig Blomberg addresses all of the major objections to the historicity of the New Testament in one comprehensive volume Topics addressed include the formation of the Gospels the transmission of the text the formation of the canon alleged contradictions the relationship between Jesus and Paul supposed Pauline forgeries other gospels miracles and many more Historical corroborations of details from all parts of the New Testament are also presented throughout The Historical Reliability of the New Testament marshals the latest scholarship in responding to New Testament objections while remaining accessible to non specialists      **The Cambridge History of Atheism** Michael Ruse,2021-09-16 The two volume Cambridge History of Atheism offers an authoritative and up to date account of a subject of contemporary interest Comprised of sixty essays by an international team of scholars this History is comprehensive in scope The essays are written from a variety of disciplinary perspectives including religious studies philosophy sociology and classics Offering a global overview of the subject from antiquity to the present the volumes examine the phenomenon of unbelief in the context of Christian Islamic Buddhist Hindu and Jewish societies They explore atheism and the early modern Scientific Revolution as well as the development of Charles Darwin's theory of evolution and its continuing implications The History also includes general survey essays on the impact of scepticism agnosticism and atheism as well as contemporary assessments of thinking Providing essential information on the nature and history of atheism The Cambridge History of Atheism will be indispensable for both

scholarship and teaching at all levels      A Manual for Creating Atheists Peter Boghossian,2014-07-01 For thousands of years the faithful have honed proselytizing strategies and talked people into believing the truth of one holy book or another Indeed the faithful often view converting others as an obligation of their faith and are trained from an early age to spread their unique brand of religion The result is a world broken in large part by unquestioned faith As an urgently needed counter to this tried and true tradition of religious evangelism A Manual for Creating Atheists offers the first ever guide not for talking people into faith but for talking them out of it Peter Boghossian draws on the tools he has developed and used for more than 20 years as a philosopher and educator to teach how to engage the faithful in conversations that will help them value reason and rationality cast doubt on their religious beliefs mistrust their faith abandon superstition and irrationality and ultimately embrace reason      The Myth of the Non-Christian Luke Cawley,2016-02-12 Evangelism is not one size fits all In this book Luke Cawley shows how we can contextualize the gospel in different ways to connect with three key demographics the spiritual but not religious committed atheists and nominal Christians Filled with real life stories of changed lives this book is a practical and hopeful resource for helping people to encounter God      *The Salvation of Atheists and Catholic Dogmatic Theology* Stephen Bullivant,2012-04-19 The first full length study exploring the possibility of salvation for athiests in Catholic dogmatic theology since Vatican II It discusses crucial foundational issues in the decades preceding the Council looks at the conciliar teaching itself explores solutions proposed by Rahner and others and suggests a new approach

**Love Alone Is Credible** Hans Urs Von Balthasar,2012-09-04 In Hans Urs von Balthasar s masterwork The Glory of the Lord the great theologian used the term theological aesthetic to describe what he believed to be the most accurate method of interpreting the concept of divine love as opposed to approaches founded on historical or scientific grounds In this newly translated book von Balthasar delves deeper into this exploration of what love means what makes the divine love of God and how we must become lovers of God in the footsteps of saints like Francis de Sales John of the Cross and Therese of Lisieux Based in the theological aesthetic form Love Alone is Credible brings a fresh perspective on an oft explored subject A deeply insightful and profound theological meditation that serves to both deepen and inform the faith of the believer      *The Christian, the Atheist and the Freedom* Joseph A. Magno, Ph.D.,Victor S. La Motte,1973-01-01      The Christian Atheist Craig Groeschel,2010-04-06 Are you putting your whole faith in God but still living as if everything is up to you You may believe in God attend church and generally treat people with kindness but are you living as if God doesn t exist Have you surrendered to God completely living every day depending upon the Holy Spirit Pastor and bestselling author Craig Groeschel will lead you on a personal journey toward an authentic God honoring life This honest hard hitting and eye opening look into the ways people believe in God but live as if he doesn t exist is a classic of discipleship training Groeschel s personal journey will help you break down your own barriers between simple belief and a more intentional faith This book will help you Let go of the shame of your past and know that you re forgiven Embrace Christ s profound love for you Believe in the power of prayer Give
