## **Pastoral Counseling In Work Crises:**

Crisis Counseling H. Norman Wright, 1991-04 This book helps you prepare ahead of time so that you won't be at a loss during the critical first 72 hours of a crisis. Here are practical solutions to specific problems as well as biblically based strategies that will equip you to face life's emergencies. *Crisis Counseling* Scott Floyd, Dr. Floyd helps readers understand the nature of crises, events, how individuals are impacted, and how to best provide help during and following times of trauma, loss, and grief. **Crisis Counseling** Howard W. Stone, 1993 Ministers are often the first resource for people in a crisis.

**The Complete Guide to Crisis & Trauma Counseling** H. Norman Wright, 2011-12-14 Many pastors and lay counselors have had minimal training in clinical methods of grief and trauma counseling. *The Complete Guide to Crisis and Trauma Counseling* is a biblical practical guide to pastoral counseling written by one of the most respected Christian therapists of our time. Dr. H. Norman Wright brings more than forty years of clinical and classroom experience to this topic. He shares real-life dialogues from his decades in private practice to demonstrate healthy healing counseling sessions. Readers will learn how to counsel and coach both believers and nonbelievers who are in crisis, how to walk alongside them through the hours, weeks, and months following their trauma, and how to help them find the path to complete restoration. *Basic Types of Pastoral Care & Counseling* Howard Clinebell, 2011-08-01 *Basic Types of Pastoral Care and Counseling* remains the standard in pastoral care and counseling. This third edition is enlarged and revised with updated resources, methods, exercises, and illustrations from actual counseling sessions. This book will help readers be sensitive to cultural diversity, ethical issues, and power dynamics as they practice holistic growth-oriented pastoral care and counseling in the parish. Biblical Crisis Counseling John Babler, 2014-11-20 The word crisis comes from the Greek *krisis*, which literally means decision. When trials, temptations, disasters, personal sin, or anything else bring us to a point of crisis, how we respond, the decisions we make, and actions we take will either reflect a faithful, obedient God-honoring heart or a doubtful, self-centered one. Because crises bring about the need to make many decisions, Christians are afforded opportunities to glorify God by making choices and acting in ways that honor Him. The Biblical Crisis Intervention model presented in this book provides a template upon which the counselor can base his or her crisis ministry. As the world provides temporary solutions to those in crisis, the Biblical Crisis Intervention Model offers an opportunity for those in crisis to find the healing that God offers. *Fundamentals of Crisis Counseling* Geri Miller, 2011-09-23 An indispensable handbook for assisting clients in crisis and in their journey toward healing. Integrating practical training with both research and theory, *Fundamentals of Crisis Counseling* offers students and professionals proven, hands-on techniques to assist clients in recovery from crisis and towards an eventual return to their day-to-day lives. Written in the author's gentle yet purposeful voice, this reader-friendly guide is filled with lessons on current evidence-based counseling, how to operate as a client stress manager, and information on finding resources that facilitate client resilience. In addition, the author helps counselors improve counseling effectiveness by gaining a better understanding

of their own strengths and weaknesses and emphasizes the importance of self care Stemming from the author s thirty five years of experience as a crisis counselor this book contains valuable information on Crisis theory and intervention models Concepts techniques assessment and treatment for disaster mental health work Legal and ethical concerns regarding working with individuals groups couples and families Assessment and instrument selection Main concepts and techniques of brief therapy motivational interviewing stages of change positive psychology grief therapy client resilience and spirituality Multicultural crisis counseling techniques centered on age gender sexual orientation and ethnicity Counselor self care complete with case studies and examples Ideal for all mental health professionals looking for guidance on best practices in crisis counseling this book is also suitable for training professionals and counseling students The book includes access to an online instructor s test bank PowerPoint slides and syllabi in line with 2009 Council for Accreditation of Counseling and Related Educational Programs CACREP standards Fundamentals of Crisis Counseling imparts useful knowledge on little utilized crisis counseling abilities preparing counselors at every stage to effectively respond to the immediate and lasting affects of crisis
