## **Pastoral Letters Of The United States Catholic Bishops 19831988 Volume V:**

*Pastoral Letters of the United States Catholic Bishops* Catholic Church. National Conference of Catholic Bishops, Patrick W. Carey, 1998 Vol 6 spine title Pastoral letters Includes bibliographical references and indexes v 6 1989 1997      **The Clash of Orthodoxies** Robert P. George, 2023-06-20 In *The Clash of Orthodoxies* Law Religion and Morality in Crisis Robert George tackles the issues at the heart of the contemporary conflict of worldviews Secular liberals typically suppose that their positions on morally charged issues of public policy are the fruit of pure reason while those of their morally conservative opponents reflect an irrational religious faith George shows that this supposition is wrong on both counts Challenging liberalism's claim to represent the triumph of reason George argues that on controversial issues like abortion euthanasia same sex unions civil rights and liberties and the place of religion in public life traditional Judeo Christian beliefs are rationally superior to secular liberal alternatives *The Clash of Orthodoxies* is a profoundly important contribution to our contemporary national conversation about the proper role of religion in politics The lucid and persuasive prose of Robert George one of America's most prominent public intellectuals will shock liberals out of an unwarranted complacency and provide powerful ammunition for embattled defenders of traditional morality      **Politics in the Parish** Gregory Allen Smith, 2008-03-29 For well over a century the Catholic Church has articulated clear positions on many issues of public concern particularly economics capital punishment foreign affairs sexual morality and abortion Yet the fact that some of the Church's positions do not mesh well with the platforms of either of the two major political parties in the U S may make it difficult for Americans to look to Catholic doctrine for political guidance Scholars of religion and politics have long recognized the potential for clergy to play an important role in shaping the voting decisions and political attitudes of their congregations yet these assumptions of political influence have gone largely untested and undemonstrated *Politics in the Parish* is the first empirical examination of the role Catholic clergy play in shaping the political views of their congregations Gregory Allen Smith draws from recent scholarship on political communication and the comprehensive Notre Dame Study of Parish Life as well as case studies he conducted in nine parishes in the mid Atlantic region to investigate the extent to which and the circumstances under which Catholic priests are influential in shaping the politics of their parishioners Smith is able to verify that clergy do exercise political influence but he makes clear that such influence is likely to be nuanced limited in magnitude and exercised indirectly by shaping parishioner religious attitudes that in turn affect political behavior He shows that the messages that priests deliver vary widely even radically from parish to parish and priest to priest Consequently he warns that scholars should exercise caution when making any global assumptions about the political influence that Catholic clergy affect upon their congregations      *History of North American Benedictine Women* Laura Swan, 2001 A much needed research and reference bibliography for all who are interested in the history of Benedictine Women in North America Those interested in Benedictine spirituality liturgy and prayer will find useful resources here as well      Public Witness Camilla J.

Kari, 2004 In 1792 the Catholic bishops of the United States began issuing joint pastoral letters at periodic intervals intending the letters to be missives directed to validating patriotism and gathering the support of the faithful Today the U S bishops continue to issue such letters which along with the letters that preceded them explain the historic conditions confronting American Catholics Public Witness The Pastoral Letters of the American Catholic Bishops allows readers to learn of the highlights and obscure portions of the letters without reading through several volumes of Victorian prose While viewing the letters as a stable genre that evolves to accommodate change in form and purpose Kari provides historical background a summary and a rhetorical analysis of the pastoral letters The origin of the practice the production of the letters and the reception of the letters by the public and press are explained Well documented and accessible Public Witness is suited for the scholar and the general audience Chapters are Frontiers and Foreigners 1792 1884 The Twentieth Century 1919 1980 The Challenge of Peace Economic Justice for All The Pastoral That Wasn't and Contributions to Public Discourse **Books in Print**, 1991 **Books in Print 1997-98** R R Bowker Publishing, 1997 What God Has Joined Together Robert H. Vasoli, 1998 The United States is home to only 6% of the world's Catholics Robert Vasoli points out but it now accounts for 75% of all Church annulments two thirds of which are granted on ostensibly psychological grounds The real scandal though is not simply the numbers but that Church marriage courts annul thousands of marriages that are actually valid according to Catholic teaching Drawing on considerable research the author details precisely how these courts let divorced Catholics and many non Catholics as well bypass Catholic teaching and law The result has been a tidal wave in 1968 the American Church granted fewer than 600 annulments today it hands out more than 60 000 a year But Rome has not smiled on the performance of U S tribunals of those psychological annulments appealed to the Roman Rota the Vatican's highest marriage tribunal more than 90% are overturned *What They Wished For* Lawrence J. McAndrews, 2014-05-15 As a religious bloc Roman Catholics constitute the most populous religious denomination in the United States comprising one in four Americans With the election of John F Kennedy as president in 1960 they attained a political prominence to match their rapidly ascending socioeconomic and cultural profile From Vietnam to Iraq the civil rights movement to federal funding for faith based initiatives and from birth control to abortion American Catholics have won at least as often as they have lost *What They Wished For* by Lawrence J McAndrews traces the role of American Catholics in presidential policies and politics from 1960 until 2004 Though divided by race class gender and party Catholics have influenced issues of war and peace social justice and life and death among modern presidents in a profound way starting with the election of President Kennedy and expanding their influence through the intervening years with subsequent presidents McAndrews shows that American Catholics led by their bishops and in some cases their pope have been remarkably successful in shaping the political dialogue and at helping to effect policy outcomes inside and outside of Washington Indeed although they opened this era by helping to elect one of their own Catholic voters have gained so much influence and have become so secure in their socioeconomic status and so confident in

their political standing that they closed the era by rejecting one of their own voting for George W Bush over John Kerry in 2004     Religion and Politics in Transition Richard J. Gelm,1991     **The Catholic Periodical and Literature Index** ,1992  
*The Publishers Weekly* ,1990     West Virginia Law Review ,1999     Forthcoming Books Rose Army,1990     *Subject Guide to Books in Print* ,2001     **The Public Clash of Private Values** Christopher Z. Mooney,2001 Abortion capital punishment gambling homosexual rights pornography physician assisted suicide and sex education are among the most controversial issues facing public policymakers today All involve controversial questions of first principle that render public policy no less than legal sanctions of right or wrong or morality policy Mooney brings together top researchers in the field to explore the unique characteristics and politics of morality policy The result is a definition of the current state of knowledge in the field and a guideline for future observation     The Catholic Library World John M. O'Loughlin,Francis Emmett Fitzgerald,1988     **Paperbound Books in Print** ,1991     **Pastoral Letters of the United States Catholic Bishops: 1941-1961** Catholic Church.
