Wise,2013-01-30 A guide for people interested in the fascinating field of pastoral counselling A mix of standard psychological counselling and religious teachings Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork Supernatural Encounters Stephen Gordon,2019-12-06 The belief in the reality of demons and the restless dead formed a central facet of the medieval worldview Whether a pestilent spreading corpse mobilised by the devil a purgatorial spirit returning to earth to ask for suffrage or a shape shifting demon intent on crushing its victims as they slept encounters with supernatural entities were often met with consternation and fear Chroniclers hagiographers sermon writers satirists poets and even medical practitioners utilised the cultural text of the supernatural encounter in many different ways showcasing the multiplicity of contemporary attitudes to death disease and the afterlife In this volume Stephen Gordon explores the ways in which conflicting ideas about the intention and agency of supernatural entities were understood and articulated in different social and literary contexts Focusing primarily on material from medieval England c 1050 1450 Gordon discusses how writers such as William of Malmesbury William of Newburgh Walter Map John Mirk and Geoffrey Chaucer utilised the belief in demons nightmares and walking corpses for pointed critical effect Ultimately this monograph provides new insights into the ways in which the broad ontological category of the revenant was conceptualised in the medieval world A Powerful Presence Andy Fitzgerald,2024-12-16 Bethel Church Redding California is one of the most influential churches in America The charismatic megachurch has garnered attention through its widely popular Bethel Music books conferences and senior pastor Bill Johnson Bethel is also known for its instances of supernatural power Divine healings ecstatic manifestations miracles and prophetic words are common at the church As such Bethel has garnered its share of critics and controversies Evangelical pastor Andy Fitzgerald DMin conducted a four month ethnographic study of Bethel Church In the first extensive study of the church Dr Fitzgerald observed and participated daily in Bethel s community sat under its teaching and interviewed its members and leaders to see how the church understands and practices supernatural power In A Powerful Presence Fitzgerald analyzes Bethel culturally and theologically by interacting with thinkers such as Charles Taylor Jürgen Moltmann and James Dunn Dr Fitzgerald brings his insights to bear for an appreciative but not uncritical look at Bethel Church This book offers new learnings and opens new pathways for churches and leaders to regain their apostolic footing in today s modern world **RIC.** ,1980 Transforming Practice Elaine Graham,2002-03-21 **The gospel according to Peter, a study, by the author of 'Supernatural**

Introduction to Pastoral Counseling Loren L. Townsend,2009 An in depth look at who pastoral caregivers are what they do and how and why they do it Exorcism Jose Francisco C. Syquia,2006 *The Practice of Honor* Danny Silk,2012-06-28 Honor In Today s World A one of a kind book in both subject and perspective The Practice of Honor is about reformation of honor it is intended to disrupt your current model of authority Jesus put it like this You know that the rulers of the Gentiles lord it over them and those who are great exercise authority over them Yet it shall not be so among you but whoever desires to become great among you let him be your servant Matthew 20 25 26 In some realms honor is something defended to the death However you have defined and cultivated honor up to now The Practice of Honor may require a significant paradigm shift in your thinking Based on the revival culture of the very spiritually successful Bethel Church in Redding California this book is also a template to help any leader develop an environment that brings out the very best in people The Practice of Honor is a recipe for introducing the Spirit of God and all of His freedom and how to host and embrace that freedom as a community of believers Those with power must learn how to empower those around them or Heaven on the earth will never be realized as God intended *Implications of Paranormal Healing Phenomena for the Theory and Practice of Pastoral Counseling* Serge A. Castigliano,1981 *Journal of the Society for Psychical Research* Society for Psychical Research (Great Britain),1982 **Occult/paranormal Bibliography** Thomas C. matters cannot be studied in the abstract Religious practice is not something separate from the economic cultural and psychological dimensions of life but rather something integral which shapes and is being shaped by all of these other realities The author examines these dynamics through an ethnographic case study of the living devotions of a group of Italian Catholic immigrants to San Pedro California The narrative describes how the group s historical experiences of immigration and fishing find expression in their particular forms of prayer art artifacts and food The healing and transformative power of these shared religious practices is explored As contemporary theologians pastors and congregations seek to welcome and care for immigrants and other strangers in a shifting social landscape we need ways to engage in care full and attentive relationships The ethnographic method employed here suggests a way to lift up the voices of ordinary people allowing them to tell their own stories while piecing together emerging bits of theological wisdom and compelling care practices While the particular insights of any community are situated and specific theological reflection in one context can animate a broader discussion of transformative pastoral theology and practice **Tending the Holy** Norvene Vest,2003-10 Essays that explore spiritual direction from a variety of faith and cultural perspectives
