Featuring hundreds of sample licensing clauses and provisions, *Patent Licensing and Selling: Second Edition* shows you how to draft fair and litigation-free patent license and patent purchase agreements that serve your clients' interests, satisfy other parties, and shield clients from legal exposure. It also provides direction on such other mandatory topics in a patent purchase agreement as:

- Representations and warranties of both the buyer and the seller.
- Authority to sell title to the patents.
- The validity and enforceability of the patents.
- Any pre-existing licenses or other obligations affecting the patents.
- Notice of any other legal proceeding that might affect rights to the patents.
- Purchase price and payment requirements.

Updated at least once a year, *Patent Licensing and Selling: Strategy, Negotiation, Forms* is a vital handbook for patent practitioners and other intellectual property attorneys, corporate counsel, corporate executives, patent officials, and inventors.
