The Path of the Ocean Marjorie Sinclair, 2019-09-30 The Path of the Ocean is the first anthology of representative Polynesian poetry to be offered as a book of poetry rather than as an ethnological or historical document Guided primarily by literary taste Marjorie Sinclair has gathered poems from many sources and from translations with many kinds of expertise She has scrupulously edited the old translations modernized where necessary and in some cases has translated or adapted the poetry The arrangement of the anthology is rough geographic It begins with Hawaii and travels southward sometimes to the east and sometimes to the west until finally New Zealand is reached As the title suggests a journey that conveys scope complexity and deep humanity of the poetic spirit of the Polynesians *Indigenous Literature of Oceania* Nicholas J. Goetzfridt, 1995-02-28 Oceania has a rich and growing literary tradition The imaginative literature that emerged in the 1960s often reflected the forms and structures of European literature though the ideas expressed were typically anticolonial After three decades the literature of Oceania has become much more complex in terms of style as well as content and authors write in a multiplicity of styles and voices While the written literature of Oceania is continuously gaining more critical attention questions about the imposition of European literary standards and values as a further extension of colonialism in the Pacific have become a central issue This book is a detailed survey of the expanding amount of critical and interpretive material written about the imaginative literature of authors from Oceania It focuses on commentary and scholarship concerned with the poetry fiction and drama written in English by indigenous peoples of the Pacific Islands New Zealand and Australia The criticisms have appeared in academic books and journals since the mid 1960s They have developed to the point at which critical issues related to decolonization and the expression of ideas without having to first satisfy foreign expectations often determine the direction of such discussions Entries are grouped in topical chapters and each entry includes an extensive annotation An introductory essay summarizes the evolution of Pacific literature **Oceans and Human Health** Lora Fleming, Lota B. Alcantara Creencia, William H. Gerwick, Hong Ching Goh, Matthew O. Gribble, Bruce Maycock, Helena Solo-Gabriele, 2023-07-14 Oceans and Human Health Opportunities and Impacts Second Edition explores the inextricably interconnected and complex relationship between oceans and humans Through the lens of the expanding oceans and human health meta discipline this work examines the many invaluable ecosystem services offered by oceans as well as the global anthropogenic impacts and explores the associated risks and benefits to human health Written and edited by an interdisciplinary team of experts the book features international perspectives on the resources available to address these benefits and risks including enhanced research policy and community engagement The book concludes by examining the future of ocean stewardship and how global populations can unite to nurture and promote our life enhancing relationship with oceans This is an indispensable resource for students researchers communities and industry specialists in marine sciences public health and international policy Addresses benefits opportunities risks and impacts resulting from the

relationship between oceans and humans informed by more than 100 international authors Identifies and links necessary tools to relevant disciplines for action and provides illustrative international case studies Covers scientific socioeconomic political and ethical analyses behind the latest ocean and human health research Provides study questions and horizon scans at the end of each chapter to encourage individual thought and action offering a resource for course instructors students and communities
