Caro, 2002-04-23 Master of the Senate Book

Three of The Years of Lyndon Johnson carries Johnson's story through one of its most remarkable periods his twelve years from 1949 to 1960 in the United States Senate At the heart of the book is its unprecedented revelation of how legislative power works in America how the Senate works and how Johnson in his ascent to the presidency mastered the Senate as no political leader before him had ever done It was during these years that all Johnson's experience from his Texas Hill Country boyhood to his passionate representation in Congress of his hardscrabble constituents to his tireless construction of a political machine came to fruition Caro introduces the story with a dramatic account of the Senate itself how Daniel Webster Henry Clay and John C Calhoun had made it the center of governmental energy the forum in which the great issues of the country were thrashed out And how by the time Johnson arrived it had dwindled into a body that merely responded to executive initiatives all but impervious to the forces of change Caro anatomizes the genius for political strategy and tactics by which in an institution that had made the seniority system all powerful for a century and more Johnson became Majority Leader after only a single term the youngest and greatest Senate Leader in our history how he manipulated the Senate's hallowed rules and customs and the weaknesses and strengths of his colleagues to change the unchangeable Senate from a loose confederation of sovereign senators to a whirring legislative machine under his own iron fisted control Caro demonstrates how Johnson's political genius enabled him to reconcile the unreconcilable to retain the support of the southerners who controlled the Senate while earning the trust or at least the cooperation of the liberals led by Paul Douglas and Hubert Humphrey without whom he could not achieve his goal of winning the presidency He shows the dark side of Johnson's ambition how he proved his loyalty to the great oil barons who had financed his rise to power by ruthlessly destroying the career of the New Dealer who was in charge of regulating them Federal Power Commission Chairman Leland Olds And we watch him achieve the impossible convincing southerners that although he was firmly in their camp as the anointed successor to their leader Richard Russell it was essential that they allow him to make some progress toward civil rights In a breathtaking tour de force Caro details Johnson's amazing triumph in maneuvering to passage the first civil rights legislation since 1875 Master of the Senate told with an abundance of rich detail that could only have come from Caro's peerless research is both a galvanizing portrait of the man himself the titan of Capital Hill volcanic mesmerizing and a definitive and revelatory study of the workings and personal and legislative power *Means of Ascent* Robert A.

Caro, 2011-11-23 In *Means of Ascent* Book Two of *The Years of Lyndon Johnson* Robert A Caro brings alive Lyndon Johnson in his wilderness years Here Johnson's almost mythic personality part genius part behemoth at once hotly emotional and icily calculating is seen at its most nakedly ambitious This multifaceted book carries the President to be from the aftermath of his devastating defeat in his 1941 campaign for the Senate the despair it engendered in him and the grueling test of his spirit that followed as political doors slammed shut through his service in World War II and his artful embellishment of his record to the foundation of his fortune and the actual facts behind the myth he created about it The culminating drama the explosive

heart of the book is Caro's illumination based on extraordinarily detailed investigation of one of the great political mysteries of the century. Having immersed himself in Johnson's life and world, Caro is able to reveal the true story of the fiercely contested 1948 senatorial election for years shrouded in rumor which Johnson was not believed capable of winning which he had to win or face certain political death and which he did win by 87 votes, the 87 votes that changed history. Telling that epic story in riveting and eye-opening detail, Caro returns to the American consciousness a magnificent lost hero. He focuses closely not only on Johnson whom we see harnessing every last particle of his strategic brilliance and energy but on Johnson's unbeatable opponent, the beloved former Texas Governor Coke Stevenson who embodied in his own life the myth of the cowboy knight and was himself a legend for his unfaltering integrity. And ultimately as the political duel between the two men quickens, carrying with it all the confrontational and moral drama of the perfect Western, Caro makes us witness to a momentous turning point in American politics: the tragic last stand of the old politics versus the new, the politics of issue versus the politics of image, mass manipulation, money, and electronic dazzle.

Working Robert A. Caro, 2019-04-09 One of the great reporters of our time and probably the greatest biographer, *The Sunday Times* London. From the two-time Pulitzer Prize-winning author of *The Power Broker* and *The Years of Lyndon Johnson*, an unprecedented gathering of vivid, candid, deeply moving recollections about his experiences researching and writing his acclaimed books. Now in paperback, Robert Caro gives us a glimpse into his own life and work in these evocatively written personal pieces. He describes what it was like to interview the mighty Robert Moses and to begin discovering the extent of the political power Moses wielded; the combination of discouragement and exhilaration he felt confronting the vast holdings of the Lyndon B. Johnson Library in Austin, Texas; his encounters with witnesses including longtime residents wrenchingly displaced by the construction of Moses Cross Bronx Expressway and Lady Bird Johnson acknowledging the beauty and influence of one of LBJ's mistresses. He gratefully remembers how, after years of working in solitude, he found a writers' community at the New York Public Library and details the ways he goes about planning and composing his books. Caro recalls the moments at which he came to understand that he wanted to write not just about the men who wielded power but about the people and the politics that were shaped by that power. And he talks about the importance to him of the writing itself, of how he tries to infuse it with a sense of place and mood to bring characters and situations to life on the page. Taken together, these reminiscences, some previously published, some written expressly for this book, bring into focus the passion, the wry self-deprecation, and the integrity with which this brilliant historian has always approached his work. Lyndon B. Johnson Robert Dallek, 2005 This superb one-volume biography of Lyndon Baines Johnson is by the bestselling author of *An Unfinished Life*. John F. Kennedy 1917-1963

Lone Star Rising Robert Dallek, 1991-08-15 Like other great figures of 20th-century American politics, Lyndon Johnson defies easy understanding. An unrivaled master of vote-swapping, back-room deals, and election-day skulduggery, he

was nevertheless an outspoken New Dealer with a genuine commitment to the poor and the underprivileged With aides and colleagues he could be overbearing crude and vindictive but at other times shy sophisticated and magnanimous Perhaps columnist Russell Baker said it best Johnson was a character out of a Russian novel a storm of warring human instincts sinner and saint buffoon and statesman cynic and sentimentalist But Johnson was also a representative figure His career speaks volumes about American politics foreign policy and business in the forty years after 1930 As Charles de Gaulle said when he came to JFK's funeral Kennedy was America's mask but this man Johnson is the country's real face In Lone Star Rising Robert Dallek winner of the prestigious Bancroft Prize for his study of Franklin D Roosevelt now turns to this fascinating sinner and saint to offer a brilliant definitive portrait of a great American politician Based on seven years of research in over 450 manuscript collections and oral histories as well as numerous personal interviews this first book in a two volume biography follows Johnson's life from his childhood on the banks of the Pedernales to his election as vice president under Kennedy We see Johnson the twenty three year old aide to a pampered millionaire Representative become a de facto Congressman and at age twenty eight the country's best state director of the National Youth Administration We see Johnson the human dynamo first in the House and then in the Senate whirl his way through sixteen and eighteen hour days talking urging demanding reaching for influence and power in an uncommonly successful congressional career Dallek pays full due to Johnson's failings his obsession with being top dog his willingness to cut corners and worse to get there but he also illuminates Johnson's sheer brilliance as a politician the high regard in which key members of the New Deal including FDR held him and his genuine concern for minorities and the downtrodden No president in American history is currently less admired than Lyndon Johnson Bitter memories of Vietnam have sent Johnson's reputation into free fall and recent biographies have painted him as a scoundrel who did more harm than good Lone Star Rising attempts to strike a balance It does not neglect the tawdry side of Johnson's political career including much that is revealed for the first time But it also reminds us that Lyndon Johnson was a man of exceptional vision who from early in his career worked to bring the South into the mainstream of American economic and political life to give the disadvantaged a decent chance and to end racial segregation for the well being of the nation
