David Christie Murray

Path To The Left The Way Of The Liberal Samurai:

The Path to the Left Sanjay S. Rajput, 2002 Listen pal forget this whole back cover stuff and just buy the book The only people who read this part are kids who want to cheat on book reports anyway This book is a great look at how politics and everyday life can be endless sources of hilarity I don't want to give too much away but you just might discover who's behind media bias and the truth about the airline industry's top secret cloning project I'd give you an example of how funny the book is but I used up all of the good jokes already Besides if you don't spend money on this book you won't help jumpstart the economy So be patriotic and buy this book or don't buy it and let the terrorists win

Daughters of the Samurai: A Journey from East to West and Back Janice P. Nimura, 2015-05-04 A Seattle Times Best Book of the Year A BuzzFeed Best Nonfiction Book of the Year Nimura paints history in cinematic strokes and brings a forgotten story to vivid unforgettable life Arthur Golden author of *Memoirs of a Geisha* In 1871 five young girls were sent by the Japanese government to the United States Their mission learn Western ways and return to help nurture a new generation of enlightened men to lead Japan Raised in traditional samurai households during the turmoil of civil war three of these unusual ambassadors Sutehatsu Yamakawa Shige Nagai and Ume Tsuda grew up as typical American schoolgirls Upon their arrival in San Francisco they became celebrities their travels and traditional clothing exclaimed over by newspapers across the nation As they learned English and Western customs their American friends grew to love them for their high spirits and intellectual brilliance The passionate relationships they formed reveal an intimate world of cross cultural fascination and connection Ten years later they returned to Japan a land grown foreign to them determined to revolutionize women's education Based on in depth archival research in Japan and in the United States including decades of letters from between the three women and their American host families *Daughters of the Samurai* is beautifully cinematically written a fascinating lens through which to view an extraordinary historical moment

Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004

Japan David Christie Murray, 2020-08-15 Reproduction of the original *Japan* by David Christie Murray

The Sakura Obsession Naoko Abe, 2019-03-19 Each year the flowering of cherry blossoms marks the beginning of spring But if it weren't for the pioneering work of an English eccentric Collingwood Cherry Ingram Japan's beloved cherry blossoms could have gone extinct Ingram first fell in love with the sakura or cherry tree when he visited Japan on his honeymoon in 1907 and was so taken with the plant that he brought back hundreds of cuttings with him to England Years later upon learning that the Great White Cherry had virtually disappeared from Japan he buried a living cutting from his own collection in a potato and repatriated it via the Trans Siberian Express In the years that followed Ingram sent more than 100 varieties of cherry tree to new homes around the globe As much a history of the cherry blossom in Japan as it is the story of one remarkable man *The Sakura Obsession* follows the flower from its significance as a symbol of the imperial court through the dark days of the Second World War and up to the present day worldwide fascination with this iconic blossom

My Life with the Samurai Tony Cowling, 1996

Captured in Java by the Japanese Cowling was won of the few to survive a succession of slave labor camps including Semarang Jaar Markt Haruku Ambon and Muna

The Doctors Blackwell: How Two Pioneering Sisters Brought Medicine to Women and Women to Medicine Janice P. Nimura, 2021-01-19 New York Times Bestseller Finalist for the 2022 Pulitzer Prize in Biography Janice P Nimura has resurrected Elizabeth and Emily Blackwell in all their feisty thrilling trailblazing splendor Stacy Schiff Elizabeth Blackwell believed from an early age that she was destined for a mission beyond the scope of ordinary womanhood Though the world at first recoiled at the notion of a woman studying medicine her intelligence and intensity ultimately won her the acceptance of the male medical establishment In 1849 she became the first woman in America to receive an M D She was soon joined in her iconic achievement by her younger sister Emily who was actually the more brilliant physician Exploring the sisters allies enemies and enduring partnership Janice P Nimura presents a story of trial and triumph Together the Blackwells founded the New York Infirmary for Indigent Women and Children the first hospital staffed entirely by women Both sisters were tenacious and visionary but their convictions did not always align with the emergence of women s rights or with each other From Bristol Paris and Edinburgh to the rising cities of antebellum America this richly researched new biography celebrates two complicated pioneers who exploded the limits of possibility for women in medicine As Elizabeth herself predicted a hundred years hence women will not be what they are now

Buddhist Responses to Globalization Leah Kalmanson, James Mark Shields, 2014-07-22 This interdisciplinary collection of essays highlights the relevance of Buddhist doctrine and practice to issues of globalization From philosophical religious historical and political perspectives the authors show that Buddhism arguably the world s first transnational religion is a rich resource for navigating today s interconnected world

The Art of Camping Matthew De Abaitua, 2011-07-07 Could there be another way of life Can I survive with less stuff Should I run for the hills These are all good questions that people have asked before throughout history and which have inspired people to set up camp But now camping is part of the drive for self sufficiency a reaction against mass tourism a chance to connect with the land to experience a community to leave no trace From packing to pitching with hikes into the deep history of the subject and encounters with the great campers and camping movements of the past this is the only book you ll need to pack when you next head off to sleep under the stars IF THERE IS ONE THING THAT CAMPERS LIKE MORE THAN CAMPING IT S DREAMING ABOUT THEIR NEXT TRIP

Bending Adversity David Pilling, 2015-02-24 A n excellent book The Economist Financial Times Asia editor David Pilling presents a fresh vision of Japan drawing on his own deep experience as well as observations from a cross section of Japanese citizenry including novelist Haruki Murakami former prime minister Junichiro Koizumi industrialists and bankers activists and artists teenagers and octogenarians Through their voices Pilling s Bending Adversity captures the dynamism and diversity of contemporary Japan Pilling s exploration begins with the 2011 triple disaster of earthquake tsunami and nuclear meltdown His deep reporting reveals both Japan s vulnerabilities and its

resilience and pushes him to understand the country's past through cycles of crisis and reconstruction. Japan's survivalist mentality has carried it through tremendous hardship but is also the source of great destruction. It was the nineteenth century struggle to ward off colonial intent that resulted in Japan's own imperial endeavor culminating in the devastation of World War II. Even the postwar economic miracle, the manufacturing and commerce explosion that brought unprecedented economic growth and earned Japan international clout, might have been a less pure victory than it seemed. In *Bending Adversity*, Pilling questions what was lost in the country's blind, aborted climb to 1990. With the same rigor, he revisits 1990, the year the economic bubble burst and the beginning of Japan's lost decades, to ask if the turning point might be viewed differently. While financial struggle and national debt are a reality, post-growth Japan has also successfully maintained a stable standard of living and social cohesion. And while life has become less certain, opportunities in particular for the young and for women have diversified. Still, Japan is in many ways a country in recovery, working to find a way forward after the events of 2011 and decades of slow growth. *Bending Adversity* closes with a reflection on what the 2012 reelection of Prime Minister Shinzo Abe and his radical antideflation policy might mean for Japan and its future. Informed throughout by the insights shared by Pilling's many interview subjects, *Bending Adversity* rigorously engages with the social, spiritual, financial, and political life of Japan to create a more nuanced representation of the oft-misunderstood island nation and its people. The *Financial Times*' David Pilling quotes a visiting MP from northern England, dazzled by Tokyo's lights and awed by its bustling prosperity: "If this is a recession, I want one." Not the least of the merits of Pilling's hugely enjoyable and perceptive book on Japan is that he places the denunciations of two allegedly lost decades in the context of what the country is really like and its actual achievements. The *Telegraph* UK's Pilling, the Asia editor of the *Financial Times*, is perfectly placed to be our guide, and his insights are a real rarity when very few Western journalists communicate the essence of the world's third largest economy in anything but the most superficial ways. Here, there is a terrific selection of interview subjects, mixed with great reportage and fact selection; he does get people to say wonderful things. The novelist Haruki Murakami tells him, "When we were rich, I hated this country well written." *Publishers Weekly* starred it. A probing and insightful portrait of contemporary Japan. *The Last Samurai* Warner Brothers, 2003-11-01. Already slated as one of the top movies of 2003, *The Last Samurai*, starring Tom Cruise, will be released nationally on December 5, 2003. This book contains parts of the script, exclusive stills from the movie, and interviews from the actors, actresses, and the director. *Resounding Afro Asia* Tamara Roberts, 2016-02-16. Cultural hybridity is a celebrated hallmark of U.S. American music and identity. Yet hybrid music is all too often marked and marketed under a single racial label. *Resounding Afro Asia* examines music projects that counter this convention; these projects instead foreground racial mixture in players, audiences, and sound in the very face of the ghettoizing culture industry. Giving voice to four contemporary projects, author Tamara Roberts traces black Asian engagements that reach across the United States and beyond. Funkadesi, Yoko Noge, Fred Ho, and the Afro-Asian Music

Ensemble and Red Baraat From Indian funk reggae to Japanese folk blues to jazz in various Asian and African traditions to Indian brass band and New Orleans second line these artists live multiracial lives in which they inhabit and yet exceed multicultural frameworks built on essentialism and segregation When these musicians collaborate they generate and perform racially marked sounds that do not conform to their individual racial identities The Afro Asian artists discussed in this book splinter the expectations of racial determinism and through improvisation and composition articulate new identities and subjectivities in conversation with each other These dynamic social aesthetic and sonic practices construct a forum for the negotiation of racial and cultural difference and the formation of inter minority solidarities Resounding Afro Asia joins a growing body of literature that is writing Asian American artists back into U S popular music history while highlighting interracial engagements that have fueled U S music making The book will appeal to scholars of music ethnomusicology race theory and politics as well as those interested in race and popular music

A Little Solitaire Murray Pomerance, R. Barton Palmer, 2011-08-11 Think about some commercially successful film masterpieces The Manchurian Candidate Seven Days in May Seconds Then consider some lesser known yet equally compelling cinematic achievements The Fixer The Gypsy Moths Path to War These triumphs are the work of the best known and most highly regarded Hollywood director to emerge from live TV drama in the 1950s five time Emmy award winner John Frankenheimer Although Frankenheimer was a pioneer in the genre of political thrillers who embraced the antimodernist critique of contemporary society some of his later films did not receive the attention they deserved Many claimed that at a midpoint in his career he had lost his touch World renowned film scholars put this myth to rest in A Little Solitaire which offers the only multidisciplinary critical account of Frankenheimer's oeuvre Especially emphasized is his deep and passionate engagement with national politics and the irrepressible need of human beings to assert their rights and individuality in the face of organizations that would reduce them to silence and anonymity

Japan 1941 Eri Hotta, 2013-10-29 A groundbreaking history that considers the attack on Pearl Harbor from the Japanese perspective and is certain to revolutionize how we think of the war in the Pacific When Japan launched hostilities against the United States in 1941 argues Eri Hotta its leaders in large part understood they were entering a war they were almost certain to lose Drawing on material little known to Western readers and barely explored in depth in Japan itself Hotta poses an essential question Why did these men military men civilian politicians diplomats the emperor put their country and its citizens so unnecessarily in harm's way Introducing us to the doubters schemers and would be patriots who led their nation into this conflagration Hotta brilliantly shows us a Japan rarely glimpsed eager to avoid war but fraught with tensions with the West blinded by reckless militarism couched in traditional notions of pride and honor tempted by the gambler's dream of scoring the biggest win against impossible odds and nearly escaping disaster before it finally proved inevitable In an intimate account of the increasingly heated debates and doomed diplomatic overtures preceding Pearl Harbor Hotta reveals just how divided Japan's leaders were right up to and in fact beyond their eleventh hour decision to

attack We see a ruling cadre rich in regional ambition and hubris many of the same leaders seeking to avoid war with the United States continued to adamantly advocate Asian expansionism hoping to advance or at least maintain the occupation of China that began in 1931 unable to end the second Sino Japanese War and unwilling to acknowledge Washington's hardening disapproval of their continental incursions Even as Japanese diplomats continued to negotiate with the Roosevelt administration Matsuoka Yosuke the egomaniacal foreign minister who relished paying court to both Stalin and Hitler and his facile supporters cemented Japan's place in the fascist alliance with Germany and Italy unaware or unconcerned that in so doing they destroyed the nation's bona fides with the West We see a dysfunctional political system in which military leaders reported to both the civilian government and the emperor creating a structure that facilitated intrigues and stoked a jingoistic rivalry between Japan's army and navy Roles are recast and blame reexamined as Hotta analyzes the actions and motivations of the hawks and skeptics among Japan's elite Emperor Hirohito and General Hideki Tojo are newly appraised as we discover how the two men fumbled for a way to avoid war before finally acceding to it Hotta peels back seventy years of historical mythologizing both Japanese and Western to expose all too human Japanese leaders torn by doubt in the months preceding the attack more concerned with saving face than saving lives finally drawn into war as much by incompetence and lack of political will as by bellicosity An essential book for any student of the Second World War this compelling reassessment will forever change the way we remember those days of infamy The Ancient World Sarolta Anna Takacs, Eric H.

Cline, 2015-07-17 Designed to meet the curriculum needs of students from grades 7-12 this five volume encyclopedia explores the history and civilizations of the ancient world from prehistory to approximately 1000 CE Organized alphabetically within geographical volumes on Africa Europe the Americas Southwest Asia and Asia and the Pacific entries cover the social political scientific and technological economic and cultural events and developments that shaped the ancient world in all areas of the globe Each volume explores significant civilizations personalities cultural and social developments and scientific achievements in its geographical area Boxed features include Link in Time Link in Place Ancient Weapons Turning Points and Great Lives Each volume also includes maps timelines and illustrations and a glossary bibliography and indexes complete the set **Smile at Strangers** Susan Schorn, 2013 A rollicking memoir about the rewards of risk and the surprising facts of

safety and self defense from a woman who has earned two black belts in her pursuit of living fearlessly **When Buddhists Attack** Jeffrey Mann, 2012-10-10 ING_08 Review quote An Introduction to the Causes of War Greg Cashman, Leonard C.

Robinson, 2021-04-07 This pioneering book explains the causes of war through a sustained combination of theoretical insights and detailed case studies from WWI to the Iraq War Cashman and Robinson find that while all wars have multiple causes specific factors typically combine in identifiable dangerous patterns that lead to bloody conflicts between countries The Turkey and the Eagle Caleb S. Rossiter, 2010 This book is about not just the effects but the making of U.S. foreign policy It shows how advocates of basing U.S. relations on progress toward democracy struggle in Washington with advocates of

support for repressive regimes in return for economic benefits such trade investment and mineral resources and military benefits such as access to their territory for U S armed and covert forces By arguing that the outcome of this struggle is determined by the average citizen s position the book makes readers participants rather than observers By arguing that a cultural pump constantly promotes a vision of American domination as a positive force in the world it encourages readers to analyze the day to day effect of this vision on their own perceptions Intended for a general audience the book features enough inside tales and colorful characters to intrigue the casual reader but also provides the clear themes and historical context needed for a high school or college text on U S policy after World War II toward the colonized and then post colonial countries

Handbook of Finance and Development Thorsten Beck,Ross Levine,2018-07-27 This Handbook provides a comprehensive overview of the relationship between financial and real sector development The different chapters written by leading contributors in the field survey research on the importance of financial development for economic growth the causes and consequences of financial fragility the historic development of financial systems in several major economies and regions of the world and the regulatory and supervisory underpinnings of financial sector development
