disintegration in 1942 to one capable of razing whole German cities to the ground in a single night striking with devastating accuracy inspiring fear and loathing in Hitler's senior command With exclusive interviews with remaining survivors personal diaries previously classified records and never before seen photographs *The Pathfinders* brings to life the characters of the airmen and women many barely out of their teens who took to the skies in legendary British aircraft such as the Lancaster and the Mosquito facing almost unimaginable levels of violence from enemy fighter planes to strike at the heart of the Nazi war machine **Flight and the Aircraft Engineer** ,1992 *Fighting Hitler's Jets* Robert F. Dorr,2013-11-15 *Fighting Hitler's Jets* brings together in a single character driven narrative two groups of men at war on one side American fighter pilots and others who battled the secret wonder weapons with which Adolf Hitler hoped to turn the tide on the other the German scientists engineers and pilots who created and used these machines of war on the cutting edge of technology Written by Robert F Dorr renowned author of Zenith Press titles *Hell Hawks* *Mission to Berlin* and *Mission to Tokyo* the story begins with a display of high tech secret weapons arranged for Hitler at a time when Germany still had prospects of winning the war It concludes with Berlin in rubble and the Allies seeking German technology in order to jumpstart their own jet powered aviation programs Along the way Dorr expertly describes the battles in the sky over the Third Reich that made it possible for the Allies to mount the D Day invasion and advance toward Berlin Finally the book addresses both facts and speculation about German weaponry and leaders including conspiracy theorists view that Hitler escaped in a secret aircraft at the war's end Where history and controversy collide with riveting narrative *Fighting Hitler's Jets* furthers a repertoire that comprises some of the United States most exceptional military writing *Hamish* Thomas Gilbert Mahaddie,1989
