The War on Terrorism Thomas A. Johnson, 2008-11-13 In order to eradicate terrorism our nation must go beyond merely shoring up military strength It must also effectively confront the fundamentalist ideology that fuels and supports the terrorists The War on Terrorism A Collision of Values Strategies and Societies operates on the premise that the violent rejection of globalization at the root of

Dividing Africa with Policy Lara Hierro, 2020-06-08 This book addresses timely concerns of rising African nationalism and the 2nd decolonisation in Africa The wholesale rejection of all things considered Western is seen to be a result of integrationalism defined as the specific kind of methodology by which EU foreign policy engagement may be interpreted Using complexity theory and panarchy a specific arrangement of interacting complex adaptive systems together with a resilience assessment the EU's foreign policy is shown to be undermining the aims of the premier African institution the AU created to provide unity and security on the continent the EU pursues these objectives in its own image rather than honouring African values This book raises awareness of these issues as well as to widen the application of the theoretical framework in international relations and politics which is becoming increasingly important in a complex world The aim of this book is to show that the negative isolationism pursued in order to counteract western influence is not the answer and can be avoided through this awareness
