**Symbolism** Florian Klaeger, Klaus Stierstorfer, Marlena Tronicke, 2022-10-03 Special Focus Omission edited by Patrick Gill Throughout literary history and in many cultures we encounter an astute use of conspicuous absences to conjure an imagined reality into a recipient's mind The term omission as used in the present study then demarcates a common artistic phenomenon a silence blank or absence introduced against the recipient's generic or experiential expectations but which nonetheless frequently encapsulates the tenor of the work as a whole Such omissions can be employed for their affective potential when emotions represented or evoked by the text are deemed to be beyond words They can be employed to raise epistemological questions as when an omission marks the limits of what can be known Ethical questions can also be approached by means of omissions as when a character's voice is omitted for instance Finally omission always carries within it the potential to reflect on the media and genres on which it is brought

to bear as its efficacy depends on the recipient's generic expectations omission is frequently characterized by a high degree of meta discursiveness This volume investigates the various strategies with which the phenomenon of omission is employed across a range of textual forms and in different cultures to conclusively argue for its status as a highly effective and near universal form of artistic signification The Medieval German Lohengrin Alastair Matthews, 2016 Frontcover Contents Acknowledgments Note on Abbreviations Quotations and References Introduction 1 Wolfram and Polemic Lohengrin and the Wartburgkrieg 2 Wolfram and Chronicles Lohengrin and the Sächsische Weltchronik 3 Lohengrin's Journey Identity in Transition 4 Lohengrin's Battles Seeing and Hearing Identity 5 Lohengrin's Farewell Knowing Identity Conclusion Appendix 1 Manuscripts Appendix 2 Ottonian Germany in Recension A of the Sächsische Weltchronik Herzog August Bibliothek Wolfenbüttel Cod Guelf 23.8 Aug 4 Notes Bibliography The Secret in Medieval Literature Albrecht Classen, 2022-10-17 The Secret in Medieval Literature explores the many secret agents actions creatures and other beings influencing human existence Medieval poets had a clear sense of the alternative dimension the secret and allowed it to enter quite frequently into their texts **Transcultural Literary Studies: Politics, Theory, and Literary Analysis** Bernd Fischer, 2018-06-27 This book is a printed edition of the Special Issue Transcultural Literary Studies Politics Theory and Literary Analysis that was published in *Humanities* **Laurence Sterne and Goethe** Wilhelm Robert Richard Pinger, 1920 *The Sister's Son in the Medieval German Epic* Clair Hayden Bell, 1922 University of California Publications in Modern Philology, 1920

*Magic and Magicians in the Middle Ages and the Early Modern Time* Albrecht Classen, 2017-10-23 There are no clear demarcation lines between magic astrology necromancy medicine and even sciences in the pre modern world Under the umbrella term magic the contributors to this volume examine a wide range of texts both literary and religious both medical and philosophical in which the topic is discussed from many different perspectives The fundamental concerns address issue such as how people perceived magic whether they accepted it and utilized it for their own purposes and what impact magic might have had on the mental structures of that time While some papers examine the specific appearance of magicians in literary texts others analyze the practical application of magic in medical contexts In addition this volume includes studies that deal with the rise of the witch craze in the late fifteenth century and then also investigate whether the Weberian notion of disenchantment pertaining to the modern world can be maintained Magic is oddly but significantly still around us and exerts its influence Focusing on magic in the medieval world thus helps us to shed light on human culture at large

**Wolfram-Studien XIV** Joachim Heinzle, L. Peter Johnson, Gisela Vollmann-Profe, 1970 *Wounds and Wound Repair in Medieval Culture*, 2015-10-05 The spectacle of the wounded body figured prominently in the Middle Ages from images of Christ's wounds on the cross to the ripped and torn bodies of tortured saints who miraculously heal through divine intervention to graphic accounts of battlefield and tournament wounds evidence of which survives in the archaeological record and literary episodes of fatal or not so fatal wounds This volume offers a comprehensive look at the complexity of

wounding and wound repair in medieval literature and culture bringing together essays from a wide range of sources and disciplines including arms and armaments military history medical history literature art history hagiography and archaeology across medieval and early modern Europe Contributors are Stephen Atkinson Debby Banham Albrecht Classen Joshua Easterling Charlene M Eska Carmel Ferragud M R Geldof Elina Gertsman Barbara A Goodman M ire Johnson Rachel E Kellett Ilana Krug Virginia Langum Michael Livingston Iain A MacInnes Timothy May Vibeke Olson Salvador Ryan William Sayers Patricia Skinner Alicia Spencer Hall Wendy J Turner Christine Voth and Robert C Woosnam Savage Partonopeus de Blois Penny Eley, 2011 First book length treatment of a fascinating medieval French romance underlining its influence in the genre Partonopeus de Blois is one of the most important works of twelfth century French fiction it shaped the development of romance as a genre gave rise to adaptations in several other medieval languages and even an opera Massanet s Esclarmonde However partly because of its complicated transmission history and partly due to the fact that it has been overshadowed by the works of Chr tien de Troyes it has been unjustly neglected This firstfull length study of the romance brings together literary historical and manuscript studies to explore its making as it evolved through seven medieval editions the earliest of which probably predated most of Chr tien s romances The book s thematic analyses show how the Partonopeus poet applied established techniques of rewriting to a wide range of classical vernacular and Celtic sources combining this literary fusion with political subtexts to create a new and influential model of romance composition Detailed studies of the Continuation reveal more ambitious experimentation by the original author as well as the activities of a series of editors who continued to modify the text for over a century A final discussion of patronage proposes a new reading of the poem s distinct narratorial interventions on women and love and suggests a link between Partonopeus and a disturbing episode in the history of Blois Penny Eley is Professor of Medieval French at the University of Sheffield **Geschichte erzählen. wood flowers or trees that sprout from bodies or the dissolution of the self into the natural world Complementary to these approaches are studies that suggest a collapsing of time and space in spiritually charged yet ambiguous natural motifs or topographies where forests or groves are spaces of transformative experience      **Medieval Listening and Reading** Dennis Howard Green, 1994-08-25 This study brings recent scholarly debates on oral cultures and literate societies to bear on the earliest recorded literature in German 800 1300 It considers the criteria for assessing what works were destined for listeners what examples anticipated readers and how for both modes of reception could apply to one work exploring the possible interplay between them The opening chapters review previous scholarship and the introduction of writing into preliterate Germany The core of the book presents lexical and non lexical evidence for the different modes of reception taken from the whole spectrum of genres from dance songs to liturgy from drama and heroic literature to the court narrative and lyric poetry The social contexts of reception and the physical process of reading books are also considered Two concluding chapters explore the literary and historical implications of the slow interpenetration of orality and literacy There is a comprehensive bibliographical index of primary sources      **The New Cambridge Companion to Medieval Romance** Roberta L.
