Magnier, Marcello Cabria, Herwig  
Reynaert**

## **Party Politics And Local Government:**

**Party Politics and Local Government** Colin Copus, 2004 Analysing democratic theory and its relevance to local politics this book looks at the dynamics of council chamber politics and the approaches taken by the main parties The author suggests that in order for councils to become politically meaningful they must radically change the way in which they conduct local politics and decision making

**How to Steal a City** Crispian Olver, 2017-10-23 In March 2015 I was tasked by Pravin Gordhan the minister responsible for local government to root out corruption in the Nelson Mandela Bay municipality in the Eastern Cape Over the following eighteen months I led the investigations and orchestrated the crackdown as the hatchet man for the metro's new Mayor Danny Jordaan This is my account of kickbacks rigged contracts and a political party at war with itself How to Steal a City is the gripping insider account of this intervention which lays bare how Nelson Mandela Bay metro was bled dry by criminal syndicates and how factional politics within the ruling party abetted that corruption As a former senior state official and local government fixer Crispian Olver was no stranger to dodgy politicians and broken organisations Yet what he found in Nelson Mandela Bay went far beyond rigged contracts blatant conflicts of interest and garden variety kickbacks The city's administration had evolved into a sophisticated web of front companies criminal syndicates and compromised local politicians and officials The metro was effectively controlled by a criminal network closely allied to a dominant local ANC faction What Olver found was complete state capture a microcosm of what has taken place in national government Olver and his team initiated a clean up of the administration clearing out corrupt officials and rebuilding public trust Then came the ANC's doomed campaign for the August 2016 local government elections Having lost its way in factional battles and corruption the divided party went down to a humiliating defeat in its traditional heartland Olver paid a high price for his work in Nelson Mandela Bay Intense political pressure and even threats to his personal safety took a toll on his mental and physical health When his political support was withdrawn he had to flee the city as the forces stacked against him took their revenge This is his story

**Intra-Party Politics and Coalition Governments** Daniela Giannetti, Kenneth Benoit, 2008-10-27 This book explores how intra party politics affects government formation and termination in parliamentary systems where the norm is the formation of coalition governments The authors look beyond party cohesion and discipline in parliamentary democracies to take a broader view assuming a diversity of preferences among party members and then exploring the incentives that give rise to coordinated party behaviour at the electoral legislative and executive levels The chapters in this book share a common analytical framework confronting theoretical models of government formation with empirical data some drawn from cross national analyses and others from theoretically structured case studies A distinctive feature of the book is that it explores the impact of intra party politics at different levels of government national local and EU This offers the opportunity to investigate existing theories of coalition formation in new political settings Finally the book offers a range of innovative methods for investigating intra party politics which for example

creates a need to estimate the policy positions of individual politicians inside political parties This book will be of interest to political scientists especially scholars involved in research on political parties parliamentary systems coalition formation and legislative behaviour multilevel governance European and EU politics     The Increasingly United States Daniel J. Hopkins, 2018-05-30 In a campaign for state or local office these days you are as likely today to hear accusations that an opponent advanced Obamacare or supported Donald Trump as you are to hear about issues affecting the state or local community This is because American political behavior has become substantially more nationalized American voters are far more engaged with and knowledgeable about what is happening in Washington DC than in similar messages whether they are in the South the Northeast or the Midwest Gone are the days when all politics was local With The Increasingly United States Daniel J Hopkins explores this trend and its implications for the American political system The change is significant in part because it works against a key rationale of America's federalist system which was built on the assumption that citizens would be more strongly attached to their states and localities It also has profound implications for how voters are represented If voters are well informed about state politics for example the governor has an incentive to deliver what voters or at least a pivotal segment of them want But if voters are likely to back the same party in gubernatorial as in presidential elections irrespective of the governor's actions in office governors may instead come to see their ambitions as tethered more closely to their status in the national party     Local Government in Australia Bligh Grant, Joseph Drew, 2017-03-06 This book offers a general introduction to and analysis of the history theory and public policy of Australian local government systems Conceived in an international comparative context and primarily from within the discipline of political studies it also incorporates elements of economics and public administration Existing research tends to conceptualise Australian local government as an element of public policy grounded in an administrative science approach A feature of this approach is that generally normative considerations form only a latent element of the discussions which is invariably anchored in debates about institutional design rather than the normative defensibility of local government The book addresses this point by providing an account of the terrain of theoretical debate alongside salient themes in public policy     Local Government and the States: Autonomy, Politics and Policy David R. Berman, 2015-06-03 This book offers an overview of the legal political and broad intergovernmental environment in which relations between local and state units of government take place the historical roots of the conflict among them and an analysis of contemporary problems concerning local authority local revenues state interventions and takeovers and the restructuring of local governments The author pays special attention to local governmental autonomy and the goals and activities of local officials as they seek to secure resources fend off regulations and interventions and fight for survival as independent units He looks at the intergovernmental struggle from the bottom up but in the process examines a variety of political activities at the state level and the development and effects of several state policies Berman finds considerable reason to be concerned about the viability and future of meaningful local government

Party Politics and Local Government Colin Copus, 2004-08-21 This book is an explanation of the long standing interrelationship between local government and political parties It examines and outlines the differences between the political party outside the council and the political party group of councillors within the council It explores the impact that the party groups have on the conduct of council business decision making and policy development and the impact they have on local representation It addresses two questions that are fundamental to local representative democracy who or what is it that the councillor represents and are councillors elected to govern or to serve *Local Elections and the Politics of Small-Scale Democracy* J. Eric Oliver, 2012-07-22 Local government is the hidden leviathan of American politics it accounts for nearly a tenth of gross domestic product it collects nearly as much in taxes as the federal government and its decisions have an enormous impact on Americans daily lives Yet political scientists have few explanations for how people vote in local elections particularly in the smaller cities towns and suburbs where most Americans live Drawing on a wide variety of data sources and case studies this book offers the first comprehensive analysis of electoral politics in America s municipalities Arguing that current explanations of voting behavior are ill suited for most local contests Eric Oliver puts forward a new theory that highlights the crucial differences between local state and national democracies Being small in size limited in power and largely unbiased in distributing their resources local governments are managerial democracies with a distinct style of electoral politics Instead of hinging on the partisanship ideology and group appeals that define national and state elections local elections are based on the custodial performance of civic oriented leaders and on their personal connections to voters with similarly deep community ties Explaining not only the dynamics of local elections Oliver s findings also upend many long held assumptions about community power and local governance including the importance of voter turnout and the possibilities for grassroots political change *Patrons, Clients and Policies* Herbert Kitschelt, Steven I. Wilkinson, 2007-03-29 A study of patronage politics and the persistence of clientelism across a range of countries *Michigan Government, Politics, and Policy* John S Klemanski, David A Dulio, 2017-08-02 The State of Michigan has experienced both tremendous growth and great decline in its history After many decades of growth up to the 1950s a wide variety of challenges had to be confronted by citizens and all levels of government in Michigan The late 20th and early 21st centuries have seen pockets of growth but also long term economic decline in several areas in the state As one example steep economic decline in major industrialized cities such as Detroit Flint and Pontiac led to increased unemployment rates and flight from the state as residents sought jobs elsewhere Michigan was in fact the only state in the union to experience net population loss between 2000 and 2010 At the same time emergencies such as the Detroit bankruptcy and the Flint water crisis have captured the attention of the national and international media focusing the spotlight on the responses successful or unsuccessful by state and local government As the state continues to deal with many of these challenges Michiganders more than ever need a clear picture of how their state s political institutions actors and processes work To that end this book provides a comprehensive

analysis of Michigan's politics and government that will help readers better understand the state's history and its future prospects. Chapters elucidate the foundational aspects of the state's government: the Michigan Constitution and intergovernmental relations; its political institutions: the state legislature, governor, and court system; its politics: political parties and elections; and its public policy: education, economic development, and budget and fiscal policy. The book's four themes—historical context, decline, responses to challenges, and state-local government relations—run throughout and are buttressed by coverage of recent events. Moreover, they are brought together in a compelling chapter with a particular focus on the Flint water crisis. An ideal fit for courses on state and local government, this thorough, well-written text will also appeal to readers simply interested in learning more about the inner workings of government in the Great Lakes State.

*All Politics Is Local* Meaghan Winter, 2019-10-01 Democrats have largely ceded control of state governments to the GOP, allowing them to rig our political system and undermine democracy itself. After the 2016 election, Republicans had their largest majority in the states since 1928, controlling legislative chambers in thirty-two states and governor offices in thirty-three. They also held both chambers of Congress and the presidency despite losing the popular vote. What happened? Meaghan Winter shows how the Democratic Party and left-leaning political establishment have spent the past several decades betting it all on the very risky and increasingly foolhardy strategy of abandoning the states to focus on federal races. For the American public, the fallout has been catastrophic. At the behest of their corporate patrons, Republican lawmakers have diminished employee protections and healthcare access and thwarted action on climate change. Voting rights are being dismantled, and even the mildest gun safety measures are being blocked. Taking us to three key battlegrounds in Missouri, Florida, and Colorado, Winter reveals that robust state and local politics are the lifeblood of democracy and the only lasting building block of political power.

*Political Leaders and Changing Local Democracy* Hubert Heinelt, Annick Magnier, Marcello Cabria, Herwig Reynaert, 2017-12-19 This book studies political leadership at the local level based on data from a survey of the mayors of cities of more than 10,000 inhabitants in 29 European countries carried out between 2014 and 2016. The book compares these results with those of a similar survey conducted ten years ago. From this comparative perspective, the book examines how to become a mayor in Europe today, the attitudes of these politicians towards administrative and territorial reforms, their notions of democracy, their political priorities, whether or not party politicization plays a role at the municipal level, and how mayors interact with other actors in the local political arena. This study addresses students, academics, and practitioners concerned at different levels with the functioning and reforms of the municipal level of local government.

*Going Local* Merilee S. Grindle, 2009-03-09 Many developing countries have a history of highly centralized governments. Since the late 1980s, a large number of these governments have introduced decentralization to increase democracy and improve services, especially in small communities far from capital cities. In *Going Local*, an unprecedented study of the effects of decentralization on thirty Mexican municipalities, Merilee Grindle describes how local governments respond when they are

assigned new responsibilities and resources under decentralization policies She explains why decentralization leads to better local governments in some cases and why it fails to in others Combining quantitative and qualitative methods Grindle examines data based on a random sample of Mexican municipalities and ventures into town halls to follow public officials as they seek to manage a variety of tasks amid conflicting pressures and new expectations Decentralization she discovers is a double edged sword While it allows public leaders to make significant reforms quickly institutional weaknesses undermine the durability of change and legacies of the past continue to affect how public problems are addressed Citizens participate but they are more successful at extracting resources from government than in holding local officials and agencies accountable for their actions The benefits of decentralization regularly predicted by economists political scientists and management specialists are not inevitable she argues Rather they are strongly influenced by the quality of local leadership and politics

**Coalition Formation** H.A.M. Wilke,2000-04-01 A comprehensive view of coalition formation is presented here Each of the chapters gives a summary of theories and research findings in a specific field of interest at various levels of human and primate organisation

Deepening Local Democracy in Latin America Benjamin Goldfrank,2011 Addresses the question of why institutions meant to attract citizen participation succeed in strengthening civil society and improving state responsiveness and transparency in some places but fail in others Focuses on urban politics in Porto Alegre Brazil Montevideo Uruguay and Caracas Venezuela Provided by publisher

Politics and Society Between Elections Siddharth Swaminathan,Suhas Palshikar,2023-09-25 This book studies patterns in public opinion on politics and society between elections in India By using the survey data covering 24 Indian states including the National Capital Region of Delhi NCR it will serve as State barometers of public opinion

**Local Public Finance** René Geissler,Gerhard Hammerschmid,Christian Raffer,2021 This book is based upon a comparative public administration research project initiated by the Hertie School of Governance Germany and the Bertelsmann Foundation Germany and supported by a network of researchers from many EU countries It analyzes both the regimes and the practices of local fiscal regulation in 21 European countries The book brings together key findings of this research project The regulatory discussion is not limited to the prominent issue of fiscal rules but focuses on every component of regulation Beyond this the book covers affiliated topics such as the impact of regulation for local governments evolution of regulation administrative costs and crisis prevention The various book chapters throughout provide a broad picture of local public finance regulation in theory and in practice using different theoretical and national lenses for the analysis Furthermore the authors investigate the effects of budgetary constraints and higher level regulatory efforts on local governments and on democracy and public services in every European country This book fills a gap with respect to the lack of discussion on local government finance from an international comparative perspective and in particular the regulation of local public finance With its mix of authors this book will be useful for practitioners as well as for scholars and for theory driven research

*How Dictatorships Work* Barbara Geddes,Joseph George Wright,Erica

Frantz, 2018-08-23 Explains how dictatorships rise survive and fall along with why some but not all dictators wield vast powers      **State and Local Government and Politics** Christopher A. Simon, Brent S. Steel, Nicholas P. Lovrich, 2018  
    **The Politics of Local Government** Gerry Stoker, 1988-07-08 The last decade has seen an increase in political and ideological conflict in local government This book analyzes this context and examines both the operation of elected local authorities and the rise of a non directly elected local government

If you ally compulsion such a referred **Party Politics And Local Government** book that will give you worth, acquire the enormously best seller from us currently from several preferred authors. If you desire to comical books, lots of novels, tale, jokes, and more fictions collections are along with launched, from best seller to one of the most current released.

### **Party Politics And Local Government Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Party Politics And Local Government has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Party Politics And Local Government has opened up a world of possibilities. Downloading Party Politics And Local Government provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Party Politics And Local Government has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Party Politics And Local Government. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Party Politics And Local Government. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Party Politics And Local Government, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Party Politics And Local Government has transformed the way we access information. With the

convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About Party Politics And Local Government Books

**What is a Party Politics And Local Government PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Party Politics And Local Government PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Party Politics And Local Government PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Party Politics And Local Government PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Party Politics And Local Government PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and

local laws.
