

A person with long brown hair, wearing a red long-sleeved shirt, is holding a white rectangular sign with both hands. The sign has the word "Oups!" written on it in a black, casual, handwritten-style font. The background is dark and out of focus.

Oups!

Pas Droit A L Erreur:

Le droit à l'erreur Séverine LOUREIRO, 2021-06-16 Une tendance croissante est la mise en avant d'checks d'entrepreneurs. Or depuis longtemps déjà les ouvrages américains traitent du droit à l'erreur le plus souvent même dans des livres sur l'innovation. Sujet encore peu exploré en France en raison souvent de barrières culturelles fortes nombreuses sont les entreprises qui se targuent aujourd'hui de l'accepter mais qui ont bien du mal à l'appliquer concrètement en interne. Dans cet ouvrage Séverine Loureiro bat en brèche les préjugés qui collent à l'idée d'erreur, check et propose un tour d'horizon approfondi du sujet en quatre temps. Erreur, check, faute, l'association de ces termes peut être une des causes de la difficulté pour les entreprises d'intégrer un droit à l'erreur. Eclairage. Ce qui apporte le droit à l'erreur à l'entreprise aux collaborateurs et au manager, de la stimulation de la créativité qui mène à l'innovation en passant par la confiance qui mène au bien-être des collaborateurs. Les principes d'encadrement de ce droit à l'erreur, condition indispensable pour en faire un avantage dont l'entreprise pourra tirer parti. Le cœur du livre, 50 % des études de cas inspirantes recueillies, analysées et structurées de sorte de faire ressortir les bonnes pratiques et facteurs de succès de dispositifs d'encadrement du droit à l'erreur. Cette partie représente aussi une entrée de lecture dans le livre en miroir aux principes exposés dans la 3e partie. Si l'erreur est humaine, l'erreur humaine peut parfois être la conséquence d'une chaîne de dysfonctionnements managériaux ou liés aux processus. Ces études de cas offriront des exemples de dispositifs d'encadrement de ces deux axes.

Ados, comment les motiver Vincent Acker, Christophe Inzirillo, 2014-01-08 Comment lutter contre le check scolaire des adolescents et leur donner confiance en eux ? Comment réagir quand les conseils et les mises en garde des parents se heurtent à l'hostilité des adolescents quand les enfants semblent ne plus avoir grand-chose ? Voici une nouvelle approche pédagogique qui s'appuie sur la compétence Gordon centrée sur l'écoute, la résolution des conflits sans perdre la motivation et le coaching scolaire.

Panser l'erreur à l'école Yves Reuter, 2013-10-16 Le terme d'erreur est massivement présent dans les discours sur la dégradation de l'école et la baisse de niveau des élèves. Cet ouvrage s'est donné pour but de mieux comprendre ce que cette notion recouvrait ainsi que les raisons de la persistance des erreurs en milieu scolaire.

The Place of Work in African Childhoods Michael Bourdillon, M. Mutambwa, 2015-10-19 This book is about how work enters and affects the lives of children in Africa taking for granted neither the traditional values surrounding children's work nor the international standards against it. Many African societies nurture their children on the ingrained notion that children must work as part of their process of growing up. Children participate in their families and communities through the work they do in the house and in whatever else their families do. Such views are however antithetical to the dominant views in Europe and North America which see childhood as a time of freedom from responsibility and economic activity. These views have become so popular with the elites in other countries to the extent that they now drive international campaigns against child labour and have been incorporated into what are now considered universal international standards and conventions. This book was conceived within the framework of the CODESRIA tradition of taking

African perspectives seriously and not allowing social research in Africa to become subservient to values from outside African scholars remain keenly aware of the need not to isolate themselves from developments in the wider world which could lead to stagnation This book through empirical observation of the lives of African children the work they do its place in their lives and what the children say about it proposes new perspectives towards a new understanding of this complex stage of human development Work is not simply about the right to income work provides identity and status in society and participation in the community People relate to one another through work Those who do not work are often without status and are at the periphery of society One of the major ways in which this book differs from most of the available literature is in the understanding it brings to the problem of child labour There are economic reasons why children may need an income of their own There is the demographic fact that the proportion of children to adults in low income countries is nearly double that in high income societies This book attempts to demonstrate that work is both necessary and beneficial in terms of a child's development to become a full responsible and respectable member of society

The Changing Face of African Literature / Les nouveaux visages de la litt rature africaine , 2009-01-01 The Changing Face of African Literature combines both the large picture a synopsis of current trends in African literature and the small studies of individual texts and of themes across several texts The large and

the small are linked by recurring themes such as gender and sexuality the nation state and its collapse AIDS war and suffering The volume is comparative bringing together literature in at least five languages and from at least ten national literatures Such a large comparative frame is implied by most discussion of African literature but is too seldom seen At the same time the collection also problematizes the comparison the goal is to make clear what African literatures have in common but also where they diverge What difference do distinct literary traditions readerships and publishing patterns make to literatures which share a common thematic and so many of the same questions and needs By juxtaposing contemporary texts from several traditions the intention of this collection is to bring out the themes that are currently dominant in African literatures generally After a preface by Liz Gunner and a wide ranging introduction by the editors the collection presents keynote essays on new paradigms in African literature before treating specific themes recent crime fiction the Afrikaans and anglophone novel feminist literature migration and studies of recent works by individual authors such as Andr  Brink Henri Djombo Pie Tshibanda Bessora Nadine Gordimer and Paulina Chiziane as well as the South African television series Yizo Yizo
