Pasado Presente:

El círculo de la sabiduría Ignacio Gómez de Liaño, 1998-11-23 La audaz hipótesis que propone este libro es que el mandala budista quizá la manifestación más característica del pensamiento y el arte sagrado asiáticos tiene un origen completamente distinto y distante de su entorno cultural un origen que se remonta a la Grecia del siglo I a C Los diagramas sapienciales gnósticos descritos en el primer volumen con el subtítulo Diagramas del conocimiento en el mitraísmo el gnosticismo el cristianismo y el maniqueísmo tuvieron que realizar un largo viaje a través de los siglos y la geografía hasta dar origen al mandala budista Este segundo volumen recoge las etapas más hermosas y sugerentes de ese periplo las sustentadas en las concomitancias de las diversas escuelas escóticas con la filosofía clásica budista y las que se sustentan en el florecimiento del arte grecobudista de Gandhara A continuación el autor realiza una pormenorizada exposición de las dos aplicaciones más logradas del mandala el tantra de Kalachakra y El libro tibetano de los muertos Con *El círculo de la Sabiduría* el autor ha realizado un impresionante trabajo de arqueología cultural que le ha llevado más de diez años de investigación Una obra monumental que en su conjunto es una de las aportaciones más valiosas realizadas en España al estudio del arte y el pensamiento orientales

Patrones gramaticales Michael Galek, 2021-09-09 Do you need to improve your Spanish for class work or travel *Patrones Gramaticales* can help you review or advance your Spanish skills It can also be used as an extensive and comprehensive Spanish grammar reference that focuses on understanding the patterns evident in the Spanish language Progressing in difficulty the fifteen chapters begin with a dialogue of experiences among Californian university students studying Spanish in the beautiful country of Ecuador You follow their adventures while learning and reviewing Latin culture and the basic essentials and the advanced details of Spanish grammar All of the verb conjugations adverbs with verb pronouns nouns and adjectives conjunctions comparisons superlatives prepositions and special cases are included The explanations of predictable patterns in the Spanish language will help you to understand and use Spanish at a higher level Additionally with almost two hundred exercises and answers included you have the flexibility to select what you need and work at your own pace No matter how you decide to utilize this material *Patrones Gramaticales* will provide opportunities to improve your use and understanding of Spanish
