Pascal Émile Cailliet,1945 **Pascal** Emile Cailliet,1961 **Pascal. The Emergence of Genius... 2nd Ed** Emile Cailliet,G. S.. Duthie,1961 **The Long Shadow of Emile Cailliet** Abigail Rian Evans,Clemens Bartollas,Gordon Graham,Kenneth Henke,2011-09-23 This book aims to examine the importance of Christian philosophy in theological education through the prism of the life and teachings of Emile Cailliet The book s primary focus is on his years of teaching at Princeton Theological Seminary to which all the authors are connected This work examines Cailliet as a believer teacher scholar and philosopher Although Cailliet wrote over twenty books none of them articulated his formal position on the nature of theological education However it is clear from his teaching at seminary and his writings on philosophy especially Pascal that he saw philosophy as an integral part of seminary training We want to preserve his work because he was a seminal but neglected thinker whose influence extends from science to literature and from philosophy to spirituality and theology We believe that Emile Cailliet was one of the most influential Christians of the twentieth century We invite the reader to stand in the long shadow of Cailliet and consider how his life and thought can help us tackle some of the knotty questions that face us today **Genius** Hans Jurgen Eysenck,1995 This text presents a theory of genius and creativity based on the personality characteristics of creative persons and geniuses It uses modern research into the causes of cognitive over inclusiveness to suggest possible applications of these theories to c Pascal Emile Cailliet,1961 Pascal Emile Cailliet,1969
