dawn of the twentieth century Jos Cuervo inherited his family's humble distillery La Roje a in the Tequila Valley Within a decade he had transformed it into a complex national enterprise that would become Mexico's leading producer of tequila Cuervo grew his kingdom of agave by acquiring thousands of acres of estates throughout the valley he brought electricity and a railroad line to Tequila so he could reach drinkers across the country But when the Mexican Revolution erupted a charge of treason and a death threat against him by Pancho Villa forced Cuervo to flee His disappearance turned him into an obscure shadowy historical figure despite having one of the most famous names in Mexican history In Tequila Wars award winning author Ted Genoways restores Cuervo to his place as a key player in Mexico's formative period Before the revolution Cuervo's acclaim spread worldwide and once war broke out Cuervo remained an impresario kingmaker and cultural force In the face of his own government's corruption and the nationalism of his northern neighbors Cuervo reached American drinkers by establishing Mexico's covert form of cross border commerce with the United States As the largest and most important distilleries in the Tequila Valley recognized the threat posed by Mexico's unraveling Cuervo also lobbied for suspending normal competition in favor of a union of tequila makers what would become the first Mexican cartel With extensive original research including access to the secret archives of the Cuervo and Sauza families Genoways follows the violent unpredictable and hugely profitable world of tequila through the story of its most successful maker The first biography of Cuervo Tequila Wars uncovers the history of the man who would forever change not only the business of tequila but international relations between Mexico and the United States **Diario de sesiones** Uruguay.
