Pasos Entremeses:

Entremeses Miguel de Cervantes Saavedra, 2007-11 Se editan en este volumen en su versión íntegra los ocho entremeses de Cervantes incluidos sus ocho comedias y ocho entremeses nuevos nunca representados 1615 Considerados por la crítica moderna como modelos de verdad realista y dramática y como lo mejor que se ha escrito en su género la vigorosa apelación de estas pequeñas obras maestras pone de manifiesto una nueva y penetrante actitud del artista ante la realidad y una voluntad de búsqueda y renovación de medios expresivos en el teatro de su época **Aproximación a Lauro Olmo** Antonio Fernández Insuela, 1986 Exhaustivo estudio sobre la vida ideas literarias y obra no dramática de este dramaturgo gallego realizado por este autor profesor de literatura de la Universidad de Oviedo *Spanish Drama of the Golden Age* Margaret Wilson, 2014-05-17 *Spanish Drama of the Golden Age* describes this little known field of European drama This book describes and analyzes Spanish plays and drama It reviews the Spanish plays from the 1580s to the death of Pedro Calderon de la Barca in 1681 This text also discusses the controversy to which direction the Spanish theater would take whether it is for entertainment or a representation of the intellect and emotions This book describes Miguel de Cervantes Lope de Vega and the rise of the Spanish comedia The text describes how Lope wrote his plays and how he sold them outright to the manager of an acting company which became its property The text also describes the life of Tirso de Molina who was often criticized for his cavalier treatment of a historical fact This book also discusses the works of Ruiz de Alarcón Guillen de Castro Velez de Guevara and Mira de Amescua This book also assess this period of Spanish drama in terms of the influence of other countries in Europe such as Britain and France This book can prove valuable for university students of Spanish Spanish literature teachers to students of sixth forms and Spanish historians *A Companion to Early Modern Hispanic Theater* Hilaire Kallendorf, 2014-02-20 A panoramic state of the art handbook destined to chart a course for future work in the field of early modern Hispanic theater studies It begins in the closet with an essay on *Celestina* as closet drama and moves out into the court to explore intersections with courtly love An essay on the comedia and the classics demonstrates this genre's firm grounding in the classical tradition despite Lope de Vega's famous protestations to the contrary Distinct but related genres such as the autos sacramentales and the entremeses also make an appearance The traditional themes of honor and wife murder share the stage with less familiar topics like the incorporation of animals into performance This volume covers the urban space of the city in Spain and Portugal as well as uncharted territories in the New World and Japan Essays on emblems and the picaresque round out this anthology along with studies of theatrical representations of early modern innovations in science and technology The book concludes with two different psychoanalytical approaches focused on melancholy and Lacanian tragedy respectively This collection incorporates the work of younger scholars along with established names in the field to synthesize the most exciting recent work on the comedia and related forms of early modern Hispanic theatrical production Contributors include Ignacio Arellano Frederick de Armas Henry Sullivan Edward Friedman A Robert Lauer
