Davis Dean, Jr.,2014-10-15 Tithes and Offerings Perspectives on Christian Giving is the result of a suggestion made to the author by a close Christian friend and consultant His reasoning was that although there are many books on the Christian tithes and offerings they are overwhelmingly legalistic or moralistic Such appeals have often been based upon the popular though false health and wealth gospel This suggestion led the author to consider and examine not only points of conservative church doctrine as they may be applied to the subject but to incidents in Scripture that involved the act of giving This in turn led the author into a research and analysis of the historical and cultural context of the exchange and the profile and life situation of the personages involved in it The final matter to come out of all this reconstruction was to put a flesh and bone humanity upon personages most people only know from Scripture by their names and the deeds associated with them But more in regard to the act of giving there is the considering of what the act meant to them personally and to translate this very human meaning to Christian giving among believers even today America's Best Recipes Leisure Arts,Oxmoor House,1995-06 America s Best Recipes showcases over 400 of the highest rated recipes from over 200 current community cookbooks representing every state across America The recipes take you on a cook s tour of regional cuisine family traditions and community concerns of the people who compiled the cookbooks Only the very best recipes were chosen for inclusion in our book **Not Your Parents' Offering Plate** J. Clif Christopher,2010-09-01 Hearing a young attorney speak of the faith based reasons for which he had just made a substantial monetary gift to a community youth center Clif Christopher asked the speaker if he would consider making a similar contribution to the congregation of which he was an active member Lord no they wouldn t know what to do with it was the answer That in a nutshell describes the problem churches are facing in their stewardship efforts says Christopher Unlike leading nonprofit agencies and institutions we too often fail to convince potential givers that their gifts will have impact and significance In this book Christopher lays out the main reasons for this failure to capture the imagination of potential givers including our frequent failure simply to ask Written with the needs of pastors and stewardship teams in mind Not Your Parents Offering Plate provides immediate practical guidance to all who seek to help God s people be better stewards of their resources *The North Carolina Historical Review* ,1983 *The Christian Century* ,1925 Christian Register and Boston Observer... ,1922 *Baxter's Explore the Book* J.
