Passage To Modernity An Essay In The Hermeneutics Of Nature And Culture:

Passage to Modernity Louis K. Dupré,1993-01-01 Did modernity begin with the Renaissance and end with post modernism Dupre challenges both these assumptions discussing the roots development and impact of modern thought and tracing the principles of modernity to the late 14th century *Scriptural Interpretation* Darren Sarisky,2012-08-21 In *Scriptural Interpretation* Sarisky brilliantly draws together Patristic Theology and a theological interpretation of Scripture in the modern day to examine Scripture s central place in the life of the Church and ordinary believers Examines the importance of scriptural interpretation in the life of Christians and of the church Draws together two lively discussions a study of the theology of the Cappadocian fathers and a discussion of theological interpretation of Scripture in the twentieth and twenty first centuries Covers an impressive historical range from Basil of Caesarea right up to the work of the major contemporary thinkers Stanley Hauerwas and Rowan Williams Offers a sophisticated understanding of many Patristic thinkers an area of huge current interest in the field and challenges accepted readings of the theology of Basil of Caesarea

Modern Architecture and the Sacred Ross Anderson,Maximilian Sternberg,2020-11-26 This edited volume *Modern Architecture and the Sacred* presents a timely reappraisal of the manifold engagements that modern architecture has had with the sacred It comprises fourteen individual chapters arranged in three thematic sections *Beginnings and Transformations of the Modern Sacred Buildings for Modern Worship and Semi Sacred Settings in the Cultural Topography of Modernity* The first interprets the intellectual and artistic roots of modern ideas of the sacred in the post Enlightenment period and tracks the transformation of these in architecture over time The second studies the ways in which organized religion responded to the challenges of the new modern self understanding and then the third investigates the ways that abstract modern notions of the sacred have been embodied in the ersatz sacred contexts of theatres galleries memorials and museums While centring on Western architecture during the decisive period of the first half of the 20th century a time that takes in the early musings on spirituality by some of the avant garde in defiance of Sachlichkeit and the machine aesthetic the volume also considers the many varied appropriations of sacrality that architects have made up to the present day and also in social and cultural contexts beyond the West **Theology and Literature in the Age of Johnson** Melvyn

New, Gerard Reedy,2012-06-14 *Theology and Literature in the Age of Johnson* *Resisting Secularism* contains seventeen essays exploring the complex relationships between literary intentions and theological concerns of authors writing in the second half of the eighteenth century The diversity of literary forms and subjects from Fielding and Richardson to Burke and Wollstonecraft is matched by a diversity of approaches and theologies To argue that the age resisted secularism is by no means to argue that resistance was blindly doctrinal or rigidly uniform The many ways secularism could be resisted is the subject of the collection Published by University of Delaware Press Distributed worldwide by Rutgers University Press

Nicholas of Cusa and the Making of the Early Modern World ,2019-01-14 Nicholas of Cusa and Early Modern Reform

sheds new light on Cusanus relationship to early modernity by focusing on the reform of church the reform of theology the reform of perspective and the reform of method which together aim to encompass the breadth and depth of Cusanus own reform initiatives In particular in examining the way in which he served as inspiration for a wide and diverse array of reform minded philosophers ecclesiastics theologians and lay scholars in the midst of their struggle for the renewal and restoration of the individual society and the world our volume combines a focus on Cusanus as a paradigmatic thinker with a study of his concrete influence on early modern thought This volume is aimed at scholars working in the field of late medieval and early modern philosophy theology and history of science As the first Anglophone volume to explore the early modern reception of Nicholas of Cusa this work will provide an important complement to a growing number of companions focusing on his life and thought

After the Death of Nature Kenneth Worthy, Elizabeth Allison, Whitney Bauman, 2018-11-09 Carolyn Merchant's foundational 1980 book *The Death of Nature* Women Ecology and the Scientific Revolution established her as a pioneering researcher of human nature relations Her subsequent

groundbreaking writing in a dozen books and over one hundred peer reviewed articles have only fortified her position as one of the most influential scholars of the environment This book examines and builds upon her decades long legacy of innovative environmental thought and her critical responses to modern mechanistic and patriarchal conceptions of nature and women as well as her systematic taxonomies of environmental thought and action Seventeen scholars and activists assess praise criticize and extend Merchant s work to arrive at a better and more complete understanding of the human place in nature today and the potential for healthier and more just relations with nature and among people in the future Their contributions offer personal observations of Merchant s influence on the teaching research and careers of other environmentalists *The Movement of Nihilism* Laurence Paul Hemming, Kostas Amiridis, Bogdan Costea, 2011-03-03 When Nietzsche announced the advent of nihilism in 1887-88 he argued that he was sketching the history of the next two centuries For some time now he wrote our whole European culture has been moving as toward catastrophe restlessly violently headlong like a river that wants to reach the end that no longer reflects that is afraid to reflect Can we gain a ground for reflection upon our own condition Can we heed Nietzsche s warning Can we respond to the challenge In this book eleven newly commissioned essays from leading scholars offer an attempt to grasp Nietzsche s prescience through Heidegger s critique of it attempting to think through the philosophical consequences of the last century in reading the signs of our own condition The book also provides and fascinating and unique discussion of some of the lesser known texts of the later Heidegger

Volume 1, Tome II: Kierkegaard and the Bible - The New Testament Lee C. Barrett, 2016-12-05 Exploring Kierkegaard s complex use of the Bible the essays in this volume use source critical research and tools ranging from literary criticism to theology and biblical studies to situate Kierkegaard s appropriation of the biblical material in his cultural and intellectual context The contributors seek to identify the possible sources that may have influenced Kierkegaard s understanding and employment of Scripture and to describe the debates about the Bible that may have shaped perhaps indirectly his attitudes toward Scripture They also pay close attention to Kierkegaard s actual hermeneutic practice analyzing the implicit interpretive moves that he makes as well as his more explicit statements about the significance of various biblical passages This close reading of Kierkegaard s texts elucidates the unique and sometimes odd features of his frequent appeals to Scripture This volume in the series devotes one tome to the Old Testament and a second tome to the New Testament As with the Old Testament Kierkegaard was aware of new developments in New Testament scholarship and troubled by them Because these scholarly projects generated alternative understandings of the significance of Jesus they impinged directly on his own work It was crucial for Kierkegaard that Jesus is presented as both the enactment of God s reconciliation with humanity and as the prototype for humanity to emulate Consequently Kierkegaard had to struggle with the proper way to explicate persuasively the significance of Jesus in a situation of decreasing academic consensus about Jesus He also had to contend with contested interpretations of James and Paul two biblical authors vital for his work As a result Kierkegaard ruminated about the proper way to appropriate the New

Testament and used material from it carefully and deliberately The authors in the present New Testament tome seek to clarify different dimensions of Kierkegaard's interpretive theory and practice as he sought to avoid the twin pitfalls of academic skepticism and passionless biblical traditionalism *Filaments* David Tracy,2020-04-06 In the second volume of his two volume collection of essays from the 1980s to 2018 renowned Catholic theologian David Tracy gathers profiles of significant theologians philosophers and religious thinkers These essays he suggests can be thought of in terms of Walt Whitman's filaments which are thrown out from the speaking self to others ancient medieval modern and contemporary in order to be caught elsewhere *Filaments* arranges its subjects in rough chronological order from choices in ancient theology such as Augustine through the likes of William of St Thierry in the medieval period and Martin Luther and Michelangelo in the early modern and finally to modern and contemporary thinkers including Bernard Lonergan Paul Tillich Simone Weil Karl Rahner Reinhold Niebuhr and Iris Murdoch Taken together these essays can be understood as a partial initiation into a history of Christian theology defined by Tracy's key virtues of plurality and ambiguity Marked by surprising insights and connections *Filaments* brings the work of one of North America's most important religious thinkers once again to the forefront to be celebrated by longtime and new readers alike *Is Nature Ever Evil?* Willem B. Drees,2003-09-02 Can nature be evil or ugly or wrong Can we apply moral value to nature From a compellingly original premise under the auspices of major thinkers including Mary Midgley Philip Hefner Arnold Benz and Keith Ward *Is Nature Ever Evil* examines the value structure of our cosmos and of the science that seeks to describe it Science says editor Willem B Drees claims to leave moral questions to aesthetic and religious theory But the supposed neutrality of the scientific view masks a host of moral assumptions How does an ethically transparent science arrive at concepts of a hostile universe or a selfish gene How do botanists zoologists cosmologists and geologists respond to the beauty of the universe they study reliant as it is upon catastrophe savagery power and extinction Then there are various ways in which science seeks to alter and improve nature What do prosthetics and gene technology cyborgs and dairy cows say about our appreciation of nature itself Surely science in common with philosophy magic and religion can aid our understanding of evil in nature whether as natural catastrophe disease predatory cruelty or mere cosmic indifference Focusing on the ethical evaluation of nature itself *Is Nature Ever Evil* re-ignites crucial questions of hope responsibility and possibility in nature *Liturgy and Secularism* Joris Geldhof,2018-09-25 Can Christian worship engage our secular culture Should it While engaging thinkers in philosophy history religious anthropology and liturgical theology liturgical theologian Joris Geldhof argues that such engagement is necessary that our liturgy and faith should embrace our modern culture He shows that liturgy itself is an immensely resourceful reality that appeals to any human being regardless of sociocultural and intellectual circumstances If properly understood the liturgy can provide a powerful dynamic that helps people overcome any binary including the unfortunate one between the left and right within the Catholic Church **Rationalization in Religions** Yohanan Friedmann,Christoph

Markschies,2018-12-17 Current tendencies in religious studies and theology show a growing interest for the interchange between religions and the cultures of rationalization surrounding them The studies published in this volume based on the international conferences of both the Berlin Brandenburgische Akademie der Wissenschaften and the Israel Academy of Sciences and Humanities aim to contribute to this field of interest by dealing with concepts and influences of rationalization in Judaism Christianity Islam and religion in general In addition to taking a closer look at the immediate links in the history of tradition between those rationalizing movements and evolutions in religion emphasis is put on intellectual historical convergences Therefore the articles are led by central comparative questions such as what factors foster hinder rationalization where are criteria for rationalization drawn from in which institutions is rationalization taking place who propagates supports and utilizes rationalization

Christianity and Constitutionalism Nicholas Aroney,Ian Leigh,2022 The first volume of its kind Christianity and Constitutionalism explores the contribution of Christianity to constitutional law and constitutionalism as viewed from the perspectives of history law and theology The authors examine a wide range of key figures including Augustine Thomas Aquinas Moses Martin Luther and Roger Williams offering innovative and thoughtful analyses of the relationship between religious thought and constitutional law Part I features contributions from historians and is focused on the historical influence of Christianity on constitutionalism recounting how the relationship between the Christian faith and fundamental ideas about law justice and government has evolved from era to era Part II offers the analyses of constitutional lawyers focusing on the normative implications of Christianity for particular themes or topics in constitutional law The chapters in this section orbit around several central doctrines and principles of this field including sovereignty the rule of law democracy the separation of powers human rights conscience and federalism evaluating them from a range of Christian perspectives Part III rounds out the study with theologians focused on particular Christian doctrines exploring their constructive and sometimes critical implications for constitutionalism As a whole Christianity and Constitutionalism breaks new ground by offering wide ranging interdisciplinary contributions to the study of the relationship between the Christian religion and constitutional law

Reading the Bible Theologically Darren Sarisky,2019-01-17 Theological interpretation of the Bible is one of the most significant debates within theology today Yet what exactly is theological reading Darren Sarisky proposes that it requires identification of the reader via a theological anthropology an understanding of the text as a collection of signs and reading the text with a view toward engaging with what it says of transcendence Accounts of theological reading do not often give explicit focus to the place of the reader but this work seeks to redress this neglect Sarisky examines Augustine s approach to the Bible and how his theological insights into the reader and the text generate an aim for interpretation which is fulfilled by fitting reading strategies He also engages with Spinoza showing that theological exegesis contrasts not with approaches that take history seriously but with naturalistic approaches to reading

Owen Barfield Michael V. Di Fuccia,2016-10-27 In this book Michael Di Fuccia examines the theological

import of Owen Barfield's poetic philosophy. He argues that philosophies of immanence fail to account for creativity as is evident in the false shuttling between modernity's active construal and postmodernity's passive construal of subjectivity. In both extremes, subjectivity actually dissolves, divesting one of any creative integrity. Di Fuccia shows how in Barfield's scheme the creative subject appears instead to inhabit a middle or medial realm which upholds one's creative integrity. It is in this way that Barfield's poetic philosophy gestures toward a theological vision of *poiesis* proper wherein creativity is envisaged as neither purely passive nor purely active but middle. Creativity thus is not immanent but mediated, a participation in being's primordial *poiesis*. *An Introduction to the Trinity* Declan Marmion, Rik van Nieuwenhove, 2011. This book introduces the main people and themes in the history of Trinitarian theology and analyses recent alternative readings of the tradition.

Modern Biotechnology in Postmodern Times? L. Reuter, 2012-12-06. *Modern Biotechnology in Postmodern Times*. A Reflection on European Policies and Human Agency is for bioethicists, ethicists, theologians, philosophers, professionals in biotechnology, EU and national policy makers and professors, teachers of courses in applied ethics, master level or equivalent. This volume presents an interdisciplinary reflection on the nature and scope of current biotechnology in Europe. The author contemplates upon the actual structures and potential functions of biotechnology in our societies in order to allow for a balanced discussion and common reflection on the topic. This volume is unique in that it offers a concise presentation of the current biotechnological arena in Europe with its ethical implications. It provides a survey of topical Council of Europe documents and treaties. **Framing cosmologies** Allen Abramson, Martin Holbraad, 2016-05-16. How might the anthropological study of cosmologies, the ways in which the horizons of human worlds are imagined and engaged, illuminate understandings of the contemporary world? This book addresses this question by bringing together anthropologists whose research is informed by a concern with cosmological dimensions of social life in different ethnographic settings. Its overall aim is to reaffirm the value of the cosmological frame as a continuing source of analytical insight. Attending to the novel cosmological formations that emerge in such fields as modern markets, political landscapes, digital media and popular cinema, the book's key task is to explore how modern circumstances are constituted within the variable imagination of worlds and their horizons. It will be of interest to all students and researchers in anthropology as well as scholars in fields as diverse as film studies, cultural studies, comparative religion, science and technology studies and broader social theory. **The Path to the Present** Paolo Petrignani, 2024-09-13. This book is a history of human views and ideas and their related motives and consequences from pre-history and early civilization through Judaic, Greek and Christian heritages and all the way up to humanistic and modern perspectives. It draws from many sources in the humanities including anthropology, history of religion, theology, philosophy, history and cultural studies. It is addressed to an audience of readers who have an interest in the history of ideas including students or thinkers of any kind who are interested in the existential issues that have occupied hearts and minds since the beginning of humanity. For the purpose of storytelling, the present is placed in a future timeframe when the

current historical period of modernity will have reached its probable conclusion Seen from this contrafactual perspective a historical narrative can weave together what would otherwise have been random changes and give meaning to the unfolding of history It is a story that leads to a possible future in which with the benefit of hindsight people can understand the errors of the past and chart a course towards the peaceful flourishing of humanity
