Butterflies are symbols of transformation The metamorphosis of a caterpillar into a butterfly is one of the most profound wonders of nature Butterflies are deep and powerful representations of life and many cultures associate the butterfly with

the soul The Christian religion sees the butterfly as a symbol of resurrection Around the world people view the butterfly as representing endurance change hope and life It is my heartfelt prayer this book will transcend religions and languages It was written for the called of God Psalm 4 3 and the call waiting of God 1 Kings 19 18 This book hopes to speak to the faithful remnant who have been set apart to do God s bidding and who have been set aside for God s kingdom assignment on earth I believe God held these people close to Himself in reserve for the end time glory that will hit the earth When we who were once caterpillars are changed into a butterfly purpose destiny and the manifestation of the prophetic word of God over our lives make up the beauty of our wings As is the case with each butterfly the pattern size and diverse colors of our wings are unique to our own individual calling and assignment Our metamorphosis changes us from the inside out and it empowers us to go out into the world and become disciples of men There are many different species of butterflies and no two are alike In the same way we are all different but our individual divine assignments are all interconnected and work cohesively to see Thy kingdom come thy will be done in earth as it is in heaven *Hearings* United States.
