The End of America Naomi Wolf, 2007-09-05
 A New York Times Bestseller I hope we wake up quickly because history shows it's a small window in which people can fight back before it is too dangerous to fight back Naomi Wolf on Fox News Channel's Tucker Carlson Tonight In a stunning indictment best selling author Naomi Wolf lays out her case for saving American democracy In authoritative research and documentation Wolf explains how events parallel steps taken in the early years of the 20th century's worst dictatorships such as Germany Russia China and Chile The book cuts across political parties and ideologies and speaks directly to those among us who are concerned about the ever tightening noose being placed around our liberties In this timely call to arms Naomi Wolf compels us to face the way our free America is under assault She warns us with the straight to fellow citizens urgency of one of Thomas Paine's revolutionary pamphlets that we have little time to lose if our children are to live in real freedom Recent history has profound lessons for us in the U S today about how fascist totalitarian and other repressive leaders seize and maintain power especially in what were once democracies The secret is that these leaders all tend to take very similar parallel steps The Founders of this nation were so deeply familiar with tyranny and the habits and practices of tyrants that they set up our checks and balances precisely out of fear of what is unfolding today We are seeing these same kinds of tactics now closing down freedoms in America turning our nation into something that in the near future could be quite other than the open society in which we grew up and learned to love liberty states Wolf Wolf is taking her message directly to the American people in the most accessible form and as part of a large national campaign to reach out to ordinary Americans about the dangers we face today This includes a lecture and speaking tour and being part of the nascent American Freedom Campaign a grassroots effort to ensure that presidential candidates pledge to uphold the constitution and protect our liberties from further erosion The End of America will shock enrage and motivate spurring us to act as the Founders would have counted on us to do in a time such as this as rebels and patriots to save our liberty and defend our nation Nautilus Book Awards Silver Medal Social Change Activism Independent Publisher Book Awards Silver Medal Axiom Business Book Award Bronze Here is Wolf's compellingly and cogently argued political argument for civil rights Readers will appreciate her energy and urgency as she warns we are living through a dangerous fascist shift Highly recommended for all collections Library Journal starred review

initiations The results of this study are unsettling Initiations today function more as tests to determine who can make the grade than as educational tools that encourage the development of all young men In the absence of inclusive rituals Raphael s subjects struggle to overcome doubts as they negotiate their own paths to maturity Their personal tales told with dramatic and emotional intensity speak to all American males who find themselves torn between a unisex modernity and more archaic notions of masculinity Jacket
