Passing The Vision Of Death In America:

Passing Charles O. Jackson,1977-12-27 **Death and Dying in America** Andrea Fontana,Jennifer Reid

Keene,2009-07-27 This engaging new book takes a fresh approach to the major topics surrounding the processes and rituals of death and dying in the United States It emphasizes individual experiences and personal reactions to death as well as placing mortality within a wider social context drawing on theoretical frameworks empirical research and popular culture Throughout the text the authors highlight the importance of two key factors in American society which determine who dies and under what circumstances persistent social inequality and the American consumerist ethic These features are explored through a discussion of topics ranging from debates about euthanasia to deaths resulting from war and terrorism from the death of a child to children s experience of grieving and bereavement and from beliefs about life after death to more practical issues such as the disposal of the dead body Drawing on sociological anthropological philosophical and historical research the authors present the salient features of death and dying for upper level students across the social sciences For anyone interested in learning more about the end of life this book will provide a useful and accessible perspective on the uniquely American understanding of death and dying *America's Public Holidays, 1865-1920* Ellen M. Litwicki,2013-08-06 From the revered Memorial Day to the forgotten Lasties Day America s Public Holidays is a timely and thoughtful analysis of how the civic culture of America has been fashioned By analyzing how holidays became a forum for expressing patriotism how public tradition has been invented and how the definition of America itself was changed Ellen Litwicki tells the intriguing story of the elite effort to create new holidays and the variety of responses from ordinary Americans *Evolutionary Perspectives on Death* Todd K. Shackelford, Virgil Zeigler-Hill,2019-10-21 The latest volume in this multidisciplinary series on key topics in evolutionary studies *Evolutionary Perspectives on Death* provides an evolutionary analysis of mortality and the consideration of death Bringing together noted experts from a variety of fields the books emanate from conferences held at Oakland University and are dedicated to providing wide ranging and occasionally provocative views of human evolution The volume on death covers topics from biology anthropology psychology sociology and philosophy with contributors addressing how evolution informs the process of comprehending grieving depicting celebrating and accepting death Among the topics covered Evolutionary perspectives on the loss of a twin Nonhuman primate responses to death Death in literature Witnessing and representing the death of pets The role of human decomposition facilities in shaping American perspectives on death This insightful volume showcases groundbreaking empirical and theoretical research addressing death and mortality from an evolutionary perspective demonstrating the intellectual value of an interdisciplinary approach to understanding psychological processes and behavior Chapter 6 of this book is available open access under a CC BY 4 0 license at link.springer.com

Death and Dying in the Working Class, 1865-1920 Michael K. Rosenow,2015-04-15 Michael K Rosenow investigates working people s beliefs rituals of dying and the politics of death by honing in on three overarching questions How did

workers their families and their communities experience death Did various identities of class race gender and religion coalesce to form distinct cultures of death for working people And how did people s attitudes toward death reflect notions of who mattered in U S society Drawing from an eclectic array of sources ranging from Andrew Carnegie to grave markers in Chicago s potter s field Rosenow portrays the complex political social and cultural relationships that fueled the United States industrial ascent The result is an undertaking that adds emotional depth to existing history while challenging our understanding of modes of cultural transmission Daily Life in the Colonial City Keith T. Krawczynski,2013-02-20 An exploration of day to day urban life in colonial America The American city was an integral part of the colonial experience Although the five largest cities in colonial America Philadelphia New York Boston Charles Town and Newport held less than ten percent of the American population on the eve of the American Revolution they were particularly significant for a people who resided mostly in rural areas and wilderness These cities and other urban hubs contained and preserved the European traditions habits customs and institutions from which their residents had emerged They were also centers of commerce transportation and communication held seats of colonial government and were conduits for the transfer of Old World cultures With a focus on the five largest cities but also including life in smaller urban centers Krawczynski s nuanced treatment will fill a significant gap on the reference shelves and serve as an essential source for students of American history sociology and culture In depth thematic chapters explore many aspects of urban life in colonial America including working conditions for men women children free blacks and slaves as well as strikes and labor issues the class hierarchy and its purpose in urban society childbirth courtship family and death housing styles and urban diet and the threat of disease and the growth of poverty **Sociology and Social Research** ,1978 Includes the section Book notes *Visions for a Compassionate America* Luigi Morelli,2015-06-03 This book carries further what was brought in the previous book *Legends and Stories for a Compassionate America* from the present into the future There is a thematic continuity between original Native American impulses of the Iroquois in particular the Declaration of Independence the US Constitution and a twenty first century impulse that strives to radically and peacefully transform American society America is at a crossroads We can choose a culture of denial a growing politics of secrecy and the continual erosion of individual rights or we can open the doors to new possibilities This is both a personal and a national choice which we are continuously facing A new civil culture has emerged and grown progressively over the last sixty years It is now gathering strength and visibility offering America and the world something completely different from an economic globalization run amok This movement is already creating new cultural values promoting a fuller and participatory democracy that meets the needs of all and fostering a sustainable economy All elements of the vision add to each other and form a new paradigm they bring new meaning and possibilities to the American Dream Luigi Morelli is also the author of *A Revolution of Hope Spirituality Culture and Social Change* Visitors at the End of Life - Finding Meaning and Purpose in Near-Death Phenomena Allan Kellehear,2020-07-28 This book is about how when

and why our dead visit us Allan Kellehear a medical sociologist and expert on death dying and palliative care has gathered data and conducted studies on deathbed visions across cultures The Past Before Us Michael G. Kammen, American Historical Association, 1980 Is there a distinctive American style of historical scholarship To what extent have quantitative methods and computer technology affected the writing of history Has descriptive history been supplanted by analytical history What constitutes adequate historical explanation These are just a few of the questions addressed in The Past Before Us The contributors twenty one distinguished historians discuss the state of their profession today and describe their interests activities and problems Reflecting new and exciting trends in historical research their essays taken together provide a searching assessment of the major advances in historical methods as well as in historical knowledge during the 1970s Jacket

Oliver Stone's USA Robert Brent Toplin, 2000 Challenging audiences and critics alike the films of Oliver Stone have compelled many viewers to re examine some of their most revered beliefs about America's past Stone has generated enormous controversy and debate among those who take issue with his dramatic use of history This book brings Stone face to face with some of his most thoughtful critics and supporters and allows him room to respond to their views Writers including David Halberstam Stephen Ambrose Arthur Schlesinger Jr Walter LaFeber and Robert Rosenstone critique Stone's most contested films to show how they may distort amplify or transcend the historical realities they appear to depict **Another Day in the Death of America** Gary Younge, 2016-10-04 Winner of the 2017 J Anthony Lukas Prize Shortlisted for the 2017 Hurston Wright Foundation Award Finalist for the 2017 Helen Bernstein Book Award for Excellence in Journalism Longlisted for the 2017 Andrew Carnegie Medal for Excellence in Non Fiction On an average day in America seven children and teens will be shot dead In Another Day in the Death of America award winning journalist Gary Younge tells the stories of the lives lost during one such day It could have been any day but he chose November 23 2013 Black white and Latino aged nine to nineteen they fell at sleepovers on street corners in stairwells and on their own doorsteps From the rural Midwest to the barrios of Texas the narrative crisscrosses the country over a period of twenty four hours to reveal the full human stories behind the gun violence statistics and the brief mentions in local papers of lives lost This powerful and moving work puts a human face a child's face on the collateral damage of gun deaths across the country This is not a book about gun control but about what happens in a country where it does not exist What emerges in these pages is a searing and urgent portrait of youth family and firearms in America today **Book Review Digest**, 1979 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher *Proceedings of the*

Grand Commandery of Knights Templars and the Appendant Orders of Massachusetts and Rhode Island Knights Templar (Masonic order). Grand Commandery of Massachusetts and Rhode Island, 1915 *Celebrations of Identity* Pamela R. Frese, 1993-10-30 This collection of essays explores a variety of ritual forms in contemporary American society from funerals and inaugurations to drinking behavior and debutante coronations *Scripting Death* Mara Buchbinder, 2021-05-04 How the legalization of assisted dying is changing our lives Over the past five years medical aid in dying also known as assisted suicide has expanded rapidly in the United States and is now legally available to one in five Americans This growing social and political movement heralds the possibility of a new era of choice in dying Yet very little is publicly known about how medical aid in dying laws affect ordinary citizens once they are put into practice Sociological studies of new health policies have repeatedly demonstrated that the realities often fall short of advocacy visions raising questions about how much choice and control aid in dying actually affords *Scripting Death* chronicles two years of ethnographic research documenting the implementation of Vermont's 2013 Patient Choice and Control at End of Life Act Author Mara Buchbinder weaves together stories collected from patients caregivers health care providers activists and legislators to illustrate how they navigate aid in dying as a new medical frontier in the aftermath of legalization *Scripting Death* explains how medical aid in dying works what motivates people to pursue it and ultimately why upholding the right to die is very different from ensuring access to this life ending procedure This unprecedented in depth account uses the case of assisted death as an entry point into ongoing cultural conversations about the changing landscape of death and dying in the United States **Visions of Glory** John M. Pontius, **When Children Die** Institute of Medicine, Board on Health Sciences Policy, Committee on Palliative and End-of-Life Care for Children and Their Families, 2003-02-09 The death of a child is a special sorrow No matter the circumstances a child's death is a life altering experience Except for the child who dies suddenly and without forewarning physicians nurses and other medical personnel usually play a central role in the lives of children who die and their families At best these professionals will exemplify medicine with a heart At worst families encounters with the health care system will leave them with enduring painful memories anger and regrets *When Children Die* examines what we know about the needs of these children and their families the extent to which such needs are and are not being met and what can be done to provide more competent compassionate and consistent care The book offers recommendations for involving child patients in treatment decisions communicating with parents strengthening the organization and delivery of services developing support programs for bereaved families improving public and private insurance training health professionals and more It argues that taking these steps will improve the care of children who survive as well as those who do not and will likewise help all families who suffer with their seriously ill or injured child Featuring illustrative case histories the book discusses patterns of childhood death and explores the basic elements of physical emotional spiritual and practical care for children and families experiencing a child's life threatening illness or injury **Existential America** George Cotkin, 2003 As Cotkin shows not

only did Americans readily take to existentialism but they were already heirs to a rich tradition of thinkers from Jonathan Edwards and Herman Melville to Emily Dickinson and William James who had wrestled with the problems of existence and the contingency of the world long before Sartre and his colleagues After introducing the concept of an American existential tradition Cotkin examines how formal existentialism first arrived in America in the 1930s through discussion of Kierkegaard and the early vogue among New York intellectuals for the works of Sartre Beauvoir and Camus **Congressional Record** United States. Congress,1997 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873
