**Passing Thoughts... To Ponder and a Tribute to Women and Romance** David M Rosso M D,2004-12 Life has become so busy and the pace has become so fast that we ve begun to lose our focus The first section of this book Passing Thoughts to Ponder was written in order to share thoughts anecdotes and concepts with the hope that we could regain our perspective and learn to appreciate life again Part of that perspective also deals with the areas of romance and chivalry Somewhere along the line those concepts seem to have gotten lost in the shuffle of day to day life Because of the many demands of life corners are being cut and one of the first things to go unfortunately is in the realm of romance Chivalry also has been a casualty of modern times Because it has become so relatively rare many women have conceded and have lowered their expectations I would venture to say that many women have become accustomed to the absence of such once common place acts as having a door held for them As expectations have declined the number of chivalrous acts has plummeted to unprecedented lows Women should not have to settle for being treated as anything less than a lady As expectations climb a renaissance of chivalry will follow We need to raise our daughters to expect it and our sons in such a manner that these acts become second nature A Tribute to Women and Romance was written in appreciation of the true beauty which exists uniquely within every woman a beauty which frequently goes unacknowledged by the woman herself This section also addresses the art of romance It is my hope that this book will prompt a revitalization a new age of old fashioned romance and chivalry

**A Woman's Thoughts about Women** Dinah Maria Mulock Craik,1858 You Must Set Forth at Dawn Wole Soyinka,2007-03-13 The first African to receive the Nobel Prize in Literature as well as a political activist of prodigious energies Wole Soyinka now follows his modern classic Ake The Years of Childhood with an equally important chronicle of his turbulent life as an adult in and in exile from his beloved beleaguered homeland In the tough humane and lyrical language that has typified his plays and novels Soyinka captures the indomitable spirit of Nigeria itself by bringing to life the friends and family who bolstered and inspired him and by describing the pioneering theater works that defied censure and tradition Soyinka not only recounts his exile and the terrible reign of General Sani Abacha but shares vivid memories and playful anecdotes including his improbable friendship with a prominent Nigerian businessman and the time he smuggled a frozen wildcat into America so that his students could experience a proper Nigerian barbecue More than a major figure in the world of literature Wole Soyinka is a courageous voice for human rights democracy and freedom You Must Set Forth at Dawn is an intimate chronicle of his thrilling public life a meditation on justice and tyranny and a mesmerizing testament to a ravaged yet hopeful land

Women's suffrage record,1903 A Woman of Science Cardy Raper,2013-05-28 A STORY OF TRUE LOVE DETERMINATION SACRIFICE AND DISCOVERY A Woman of Science catalogues a decades long journey of inspirational

hardship and success that serves as a model for what women can do in a field largely dominated by men Cardy Raper succeeded in becoming what she dreamed of as a young girl a scientist This beautifully written memoir details her struggles with the boys club mentality of the scientific and academic worlds her grief over her husband s premature passing and above all her relentless passionate efforts to unlock the secrets of mushroom gender and reproduction Cardy Raper is not a woman to accept no for an answer When her mother told her that she could be a nurse when she grew up Cardy informed her in no uncertain terms that she was going to be a true scientist making grand discoveries Science was a man s world then But despite lack of encouragement through college Cardy learned what she needed Then at the University of Chicago she met her mentor John Red Raper an equally stubborn and spirited scientist They became soul mates and together studied sexual reproduction in the amazing water mold Achlya Cardy and Red married had children and continued to share their passion for science by unraveling the means of sexual reproduction in mushroom bearing fungi They moved to Harvard University and continued their research Years later Red s untimely death left Cardy alone in the competitive world of cutting edge science But Cardy carried on She achieved her doctoral degree learned the techniques of molecular genetics and established her own laboratory Ultimately Cardy s discoveries helped to uncover the way in which genes found throughout the animal kingdom including humans encode molecules for mating sight smell and taste

P.'s Weekly ,1911 A Room of One's Own Virginia Woolf,2022-11-13 In A Room of One s Own Virginia Woolf constructs a sharply detailed and profoundly influential critique of the patriarchal limitations imposed on female writers and intellectuals First published in 1929 this extended essay transcends its original lecture format utilizing a fictional veil to delve into the intersection of women with literary creation

and representation Woolf's prose is fluid and exacting a rally for recognition orchestrated in the cadence of narrative fiction yet grounded in the stark realities of the feminist struggle for intellectual autonomy and recognition This resourceful mingling of fact and fiction situates Woolf among the vanguard of feminist literary critique providing context and commentary to the historical suppression of women's voices within the established literary canon Virginia Woolf with her exceptional literary prowess embarks on this essay from a position of lived experience and recognition of the broader socio historical currents of her time Her own encounters with gender based barriers and the psychological insights she developed in her broader oeuvre fuel the essay's core argument The provenance of her writing in *A Room of One's Own* stemming from the dynamics of her personal journey and societal observations elucidates the necessity of financial independence and intellectual freedom for the creative output of female authors Woolf's narrative competence and critical acumen position her not only as a luminary of modernist literature but also as a vital provocateur in the discourse of gender equality *A Room of One's Own* remains a fundamental recommendation for readers seeking not only to understand the historical plight and literary silencing of women but also to appreciate the enduring relevance of Woolf's argument Scholars feminists and bibliophiles alike will find in Woolf's essay an enduring testament to the necessity of giving voice to the voiceless and space to the confined It is a rallying cry for the creation of a literary world that acknowledges and celebrates the contributions of all of its constituents one where the measure of talent is not distorted by the filter of gender bias
