## Passing Ceremony:

Passing Ceremony Helen Weinzwieg, 2017-08-26 The brilliant debut novel by Helen Weinzwieg one of the first feminist writers in Canada and the award winning author of *Basic Black With Pearls In* Helen Weinzwieg's brilliant debut novel a wedding reception becomes a gothic dream The bride is not all she seems and there is something ambiguous about the groom and just about everyone else at the surreal and strangely moving wedding Like a piece of music *Passing Ceremony* is composed of brief suggestive fragments that grow into a tightly integrated whole There are bits of real and imagined conversation polite dialogues that slide into mad comic banality and scenes that could be quiet nightmares out of Borges A satire and a rueful meditation on the ways people hurt one another Weinzwieg gives us a world suspended in time an uneasy territory of the soul which we all inhabit This edition features a new introduction by Jim Polk

**The Golden Bough: A Study in Magic and Religion (Complete)** Sir James George Frazer, 1957-01-01 For some time I have been preparing a general work on primitive superstition and religion Among the problems which had attracted my attention was the hitherto unexplained rule of the Arician priesthood and last spring it happened that in the course of my reading I came across some facts which combined with others I had noted before suggested an explanation of the rule in question As the explanation if correct promised to throw light on some obscure features of primitive religion I resolved to develop it fully and detaching it from my general work to issue it as a separate study This book is the result Now that the theory which necessarily presented itself to me at first in outline has been worked out in detail I cannot but feel that in some places I may have pushed it too far If this should prove to have been the case I will readily acknowledge and retract my error as soon as it is brought home to me Meantime my essay may serve its purpose as a first attempt to solve a difficult problem and to bring a variety of scattered facts into some sort of order and system A justification is perhaps needed of the length at which I have dwelt upon the popular festivals observed by European peasants in spring at midsummer and at harvest It can hardly be too often repeated since it is not yet generally recognised that in spite of their fragmentary character the popular superstitions and customs of the peasantry are by far the fullest and most trustworthy evidence we possess as to the primitive religion of the Aryans Indeed the primitive Aryan in all that regards his mental fibre and texture is not extinct He is amongst us to this day The great intellectual and moral forces which have revolutionised the educated world have scarcely affected the peasant In his inmost beliefs he is what his forefathers were in the days when forest trees still grew and squirrels played on the ground where Rome and London now stand

*Ritual and Symbol in Peacebuilding* Lisa Schirch, 2005 Serves as a guide to using ritual acts in peacebuilding efforts Abundant with examples of symbolic acts that aided the peace process Conflict is dramatic In theater literature story telling and news reporting it is a powerful mechanism that draws attention heightens the senses and evokes emotion Schirch argues that peacebuilding has the potential to do just the same Examples of peacebuilding often center on the serious

rational negotiations and formal problem solving efforts in conflict situations Schirch argues though that what truly bonds adversaries and helps achieve peace are the symbolic non verbal ritual acts shaking hands sharing a meal showing a photograph of a loved one Yet these are often overlooked as deliberate components of peace negotiations Ritual and Symbol in Peacebuilding underscores the importance of incorporating symbolic tools including ritual into traditional approaches to conflict Ritual assists in solving complex deep rooted conflicts and helps to confirm and transform worldviews identities and relationships With theories and language to explain the symbolic dimensions of conflict this text will be useful to scholars and practitioners active in the diverse field of peacebuilding Move Patty Azzarello,2017-02-03 Move past the obstacles and implement your new strategy Move is your guide to mobilizing your whole organization to take your business forward Whatever your needed transformation may be a new initiative a new market a new product your fresh strategy is up against a powerful foe an organization s tendency to stay very busy and completely engaged what it s already doing This book shows you how to cut through resistance and get your team engaged and proactively doing the new thing Author Patty Azzarello draws on over twenty five years of international business management experience to identify the chronic challenges that keep organizations from decisively executing strategy and to give you a practical game plan for breaking through Leaders tend to assume that stalls in execution are inevitable unchanging parts of the workplace but things can change At the heart of every execution problem is the fact that there simply are not enough people doing what the business needs This guide shows you how to get your entire organization on board remove the fear excuses and hurdles and uphold the new pursuit against distractions and dissent No transformation can succeed without suitable engagement from the whole organization but building engagement can be difficult uncomfortable and tentative This book shows you how to get it done Get your organization to embrace and personally commit to the new work Remove obstacles and passive aggressive attacks that block progress Defend new strategic initiatives against short term pressures to revert to business as usual Sustain momentum and the desire to move forward Make sure no one is ever asking Are we still doing this Inertia isn t just a law of the universe it s a law in the workplace that can be a major obstacle to making things happen The great thing about inertia is that it cuts two ways a body at rest remains at rest but a body in motion remains in motion People love to finish things Move shows you how to make successful execution the new norm starting today **The Hiram Key** Christopher Knight,Robert Lomas,2011-10-31 Was Jesus a Freemason The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and Bob Lomas into and extraordinary investigation of 4 000 years of history This astonishing bestseller raises questions that have challenged some of Western civilisation s most cherished beliefs Were scrolls bearing the secret teachings of Jesus buried beneath Herod s Temple shortly before the destruction of Jerusalem by the Roman s Did the Knights Templar the forerunners of modern Freemasonry excavate these scrolls in the twelfth century And were these scrolls subsequently buried underneath a reconstruction of Herod s Temple Rosslyn Chapel in Scotland where they are now awaiting

excavation The authors discoveries shed a new light on Masonic ceremony and overturn out understanding of history

Bruno,Joe Steve Swick III,Nicholas

S. Literski,2022-08-09 While no one thing can entirely explain the rise of The Church of Jesus Christ of Latter day Saints the historical influence of Freemasonry on this religious tradition cannot be refuted Those who study Mormonism have been aware of the impact that Freemasonry had on the founding prophet Joseph Smith during the Nauvoo period but his involvement in Freemasonry was arguably earlier and broader than many modern historians have admitted The fact that the

most obvious vestiges of Freemasonry are evident only in the more esoteric aspects of the Mormon faith has made it difficult to recognize let alone fully grasp the relevant issues Even those with both Mormon and Masonic experience may not be versed in the nineteenth century versions of Masonry s rituals legends and practices Without this specialized background it is easy to miss the Masonic significance of numerous early Mormon ordinances scripture and doctrines Method Infinite Freemasonry and the Mormon Restoration offers a fresh perspective on the Masonic thread present in Mormonism from its earliest days Smith s firsthand knowledge of and experience with both Masonry and anti Masonic currents contributed to the theology structure culture tradition history literature and ritual of the religion he founded     **The Freemason's Chronicle** ,1877     The Mirror of Literature, Amusement, and Instruction ,1834 Containing original essays historical narratives biographical memoirs sketches of society topographical descriptions novels and tales anecdotes select extracts from new and expensive works the spirit of the public journals discoveries in the arts and sciences useful domestic hints etc etc etc     **The Mirror of Literature, Amusement, and Instruction** Reuben Percy,John Timbs,1834 Containing original essays historical narratives biographical memoirs sketches of society topographical descriptions novels and tales anecdotes select extracts from new and expensive works the spirit of the public journals discoveries in the arts and sciences useful domestic hints etc etc etc
