Oberammergau in the Nazi Era Helena Waddy,2010-05-12 In her study of Oberammergau the Bavarian village famous for its decennial passion play Helena Waddy argues against the traditional image of the village as a Nazi stronghold She uses Oberammergau's unique history to explain why and how genuinely some villagers chose to become Nazis while others rejected Party membership and defended their Catholic lifestyle She explores the reasons for which both local Nazis and their opponents fought to protect the village's cherished identity against the Third Reich's many intrusive demands She also shows that the play mirrored the Gospel based anti-Semitism endemic to Western culture *The Disappearing Christ* Phil Maciak,2019-08-27 At the turn of the twentieth century American popular culture was booming with opportunities to see Jesus Christ From the modernized eyewitness gospel of Ben Hur to the widely circulated passion play films of Edison Lumiere and Path from D W Griffith's conjuration of a spectral white savior in *Birth of a Nation* to W E B Du Bois's Black Christ story cycle Jesus was constantly and inventively visualized across media and especially in the new medium of film Why in an era traditionally defined by the triumph of secular ideologies and institutions were so many artists rushing to film Christ's miracles and use his story and image to contextualize their experiences of modernity In *The Disappearing Christ* Phillip Maciak examines filmic depictions of Jesus to argue that cinema developed as a model technology of secularism training viewers for belief in a secular age Negotiating between the magic trick and the documentary image the conflicting impulses of faith and skepticism the emerging aesthetic of film in this period visualized the fraught process of secularization Cinematic depictions of an appearing and disappearing Christ became a powerful vehicle for Americans to navigate a rapidly modernizing society Studying these films alongside a multimedia interdisciplinary archive of novels photographs illustrations and works of theology travel writing and historiography *The Disappearing Christ* offers a new narrative of American cultural history at the intersection of cinema studies and religious studies *Bulletin* Boston Public Library,1892 Quarterly

Shi'i Islam in Iranian Cinema Nacim Pak-Shiraz,1999-07-01 In recent years there has been a remarkable surge in Iranian films expressing contentious issues which would otherwise be very difficult to discuss publicly inside the Islamic Republic of Iran such as the role of clergy in Iranian society Nacim Pak Shiraz here highlights how many Iranian film directors concern themselves with the content of the religious and historical narratives of culture and society sparking debate about the medium's compatibility or incongruity with religion and spirituality She explores the various ways that Shi'i discourse emerges on screen and offers groundbreaking insights into both the role of film in Iranian culture and society and how it has become a medium for exploring what it means to be Iranian and Muslim after thirty years of Islamic rule This is invaluable reading students and scholars of Film Studies and contemporary Iranian cinema but also of the culture and identity of Iran more widely
