

To think about love and passion and
political correctness all together, it
doesn't work. Art has to go way past
the political to be effective.

Passion And Politics:

Politics and Passion Michael Walzer, 2008-10-01 Liberalism is egalitarian in principle but why doesn't it do more to promote equality in practice In this book the distinguished political philosopher Michael Walzer offers a critique of liberal theory and demonstrates that crucial realities have been submerged in the evolution of contemporary liberal thought In the standard versions of liberal theory autonomous individuals deliberate about what ought to be done but in the real world citizens also organize mobilize bargain and lobby The real world is more contentious than deliberative Ranging over hotly contested issues including multiculturalism pluralism difference civil society and racial and gender justice Walzer suggests ways in which liberal theory might be revised to make it more hospitable to the claims of equality Combining profound learning with practical wisdom Michael Walzer offers a provocative reappraisal of the core tenets of liberal thought *Politics and Passion* will be required reading for anyone interested in social justice and the means by which we seek to achieve it

The Politics of Passion Gloria Wekker, 2006-04-25 Gloria Wekker analyzes the phenomenon of mati work an old practice among Afro Surinamese working class women in which marriage is rejected in favor of male and female sexual partners Wekker vividly describes the lives of these women who prefer to create alternative families of kin lovers and children and gives a fascinating account of women's sexuality that is not limited to either heterosexuality or same sex sexuality She offers new perspectives on the lives of Caribbean women transnational gay and lesbian movements and an Afro Surinamese tradition that challenges conventional Western notions of marriage gender identity and desire Bringing these women's voices to the forefront she offers an extensive and groundbreaking analysis of the unique historical religious psychological economic linguistic cultural and political forces that have shaped their lives *Passion, Craft, and Method in Comparative Politics* Gerardo L. Munck, Richard Snyder, 2007-05-30 In the first collection of interviews with the most prominent scholars in comparative politics since World War II Gerardo L. Munck and Richard Snyder trace key developments in the field during the twentieth century Organized around a broad set of themes intellectual formation and training major works and ideas the craft and tools of research colleagues collaborators and students and the past and future of comparative politics these in depth interviews offer unique and candid reflections that bring the research process to life and shed light on the human dimension of scholarship Giving voice to scholars who practice their craft in different ways yet share a passion for knowledge about global politics *Passion Craft and Method in Comparative Politics* offers a wealth of insights into contemporary debates about the state of knowledge in comparative politics and the future of the field Margaret Keck Johns Hopkins University Cuba and the Politics of Passion Damián J. Fernández, 2010-01-01 Cuban politics has long been remarkable for its passionate intensity and yet few scholars have explored the effect of emotions on political attitudes and action in Cuba or elsewhere This book thus offers an important new approach by bringing feelings back into the study of politics and showing how the politics of passion and affection have interacted to shape Cuban history throughout the

twentieth century Dami n Fern ndez characterizes the politics of passion as the pursuit of a moral absolute for the nation as a whole While such a pursuit rallied the Cuban people around charismatic leaders such as Fidel Castro Fern ndez finds that it also set the stage for disaffection and disconnection when the grand goal never fully materialized At the same time he reveals how the politics of affection taking care of family and friends outside the formal structures of government has paradoxically both undermined state regimes and helped them remain in power by creating an informal survival network that provides what the state cannot or will not

Emotions are back Once at the center of the study of politics emotions have receded into the shadows during the past three decades with no place in the rationalistic structural and organizational models that dominate academic political analysis With this new collection of essays Jeff Goodwin James M Jasper and Francesca Polletta reverse this trend reincorporating emotions such as anger indignation fear disgust joy and love into research on politics and social protest The tools of cultural analysis are especially useful for probing the role of emotions in politics the editors and contributors to Passionate Politics argue Moral outrage the shame of spoiled collective identities or the joy of imagining a new and better society are not automatic responses to events Rather they are related to moral institutions felt obligations and rights and information about expected effects all of which are culturally and historically variable With its look at the history of emotions in social thought examination of the internal dynamics of protest groups and exploration of the emotional dynamics that arise from interactions and conflicts among political factions and individuals Passionate Politics will lead the way toward an overdue reconsideration of the role of emotions in social movements and politics generally Contributors Rebecca Anne Allahyari Edwin Amenta Collin Barker Mabel Berezin Craig Calhoun Randall Collins Frank Dobbin Jeff Goodwin Deborah B Gould Julian McAllister Groves James M Jasper Anne Kane Theodore D Kemper Sharon Erickson Nepstad Steven Pfaff Francesca Polletta Christian Smith Arlene Stein Nancy Whittier Elisabeth Jean Wood Michael P Young

Embracing the Divine Akram

Fouad Khater,2011-11-28 Hndiyya al Ujaimi a young eighteenth century nun whose faith was matched by her ambition and intellect lies at the heart of this absorbing history of Middle Eastern Christianity At the age of twenty six Hndiyya left her hometown of Aleppo to establish a convent in the mountains of Lebanon Her order and her growing public profile as a visionary and living saint met with stiff opposition from Latin missionaries and with mistrust from the Vatican Church authorities were suspicious of feminine spirituality and independent religious authority eventually subjecting her to two Inquisitions by the Vatican Sentenced to spend her entire life imprisoned Hndiyya died in 1798 in her cell leaving a legacy that shaped the church for many years to come Compelling in its cinematic scope resplendent with the requisite villains and mysterious events infused with sinister and sexual tensions tragedy and pathos Hndiyya s story holds within its folds a larger tale about the construction of a new Christianity in the Levant Khater skillfully reveals what her story tells us about religious minorities in the Middle East early modern cultural encounters between the West and the Middle East and the relationship

between gender modernity and religion **Wollstonecraft** Sylvana Tomaselli, 2022-08-30 A compelling portrait of Mary Wollstonecraft that shows the intimate connections between her life and work Mary Wollstonecraft's *A Vindication of the Rights of Woman* first published in 1792 is a work of enduring relevance in women's rights advocacy However as Sylvana Tomaselli shows a full understanding of Wollstonecraft's thought is possible only through a more comprehensive appreciation of Wollstonecraft herself as a philosopher and moralist who deftly tackled major social and political issues and the arguments of such figures as Edmund Burke Jean Jacques Rousseau and Adam Smith Reading Wollstonecraft through the lens of the politics and culture of her own time this book restores her to her rightful place as a major eighteenth century thinker reminding us why her work still resonates today The book's format echoes one that Wollstonecraft favored in *Thoughts on the Education of Daughters* short essays paired with concise headings Under titles such as Painting Music Memory Property and Appearance and Rank and Luxury Tomaselli explores not only what Wollstonecraft enjoyed and valued but also her views on society knowledge and the mind human nature and the problem of evil and how a society based on mutual respect could fight it The resulting picture of Wollstonecraft reveals her as a particularly engaging author and an eloquent participant in enduring social and political concerns Drawing us into Wollstonecraft's approach to the human condition and the debates of her day Wollstonecraft ultimately invites us to consider timeless issues with her so that we can become better attuned to the world as she saw it then and as we might wish to see it now The Corporeal Turn John Tambornino, 2002 In *The Corporeal Turn* political theorist John Tambornino offers a thorough rethinking of ethical and political theory by emphasizing human embodiment and the primacy of passion and need in response to the neglect of these matters in much of contemporary thought Tambornino calls for a corporeal turn or as he explains sustained attention to human embodiment something that is often occluded when priority is given to reason or language Working through a diverse set of thinkers exploring such themes as necessity and freedom need and desire nature and convention and public and private and noting vivid instances of politicized embodiment Tambornino takes seriously Nietzsche's claim that philosophy has largely been an interpretation and misunderstanding of the body The result is nothing less than a new orientation to ethical and political theory one that appreciates the complex relations of language politics culture and corporeality and a powerful intervention into those domains Things That Matter Charles Krauthammer, 2015-05-12 From America's preeminent columnist named by the Financial Times the most influential commentator in the nation a must have collection of Charles Krauthammer's essential timeless writings A brilliant stylist known for an uncompromising honesty that challenged conventional wisdom at every turn Krauthammer dazzled readers for decades with his keen insight into politics and government His weekly column was a must read in Washington and across the country Don't miss the best of Krauthammer's intelligence erudition and wit collected in one volume Readers will find here not only the country's leading conservative thinker offering a passionate defense of limited government but also a highly independent mind whose views on feminism evolution and the death penalty for

example defy ideological convention Things That Matter also features several of Krauthammer's major path breaking essays on bioethics on Jewish destiny and on America's role as the world's superpower that have profoundly influenced the nation's thoughts and policies And finally the collection presents a trove of always penetrating often bemused reflections on everything from border collies to Halley's Comet from Woody Allen to Winston Churchill from the punishing pleasures of speed chess to the elegance of the perfectly thrown outfield assist With a special highly autobiographical introduction in which Krauthammer reflects on the events that shaped his career and political philosophy this indispensable chronicle takes the reader on a fascinating journey through the fashions and follies the tragedies and triumphs of the last three decades of American life *Elizabeth and Leicester* Sarah Gristwood,2008-10-28 View our feature on Sarah Gristwood's Elizabeth Leicester Though the story has been told on film and whispered in historic gossip this is the first book in almost fifty years to solely explore the great queen's attachment to her beloved Robert Dudley the Earl of Leicester Fueled by scandal and intrigue their relationship set the explosive connection between public and private life in sixteenth century England in bold relief Why did they never marry How much of what seemed a passionate obsession was actually political convenience Elizabeth and Leicester reignites this 400 year old love story in a book for anyone interested in Elizabethan literature

The Politics of Passion Norman Bethune,1998-01-01 The Politics of Passion is the first comprehensive collection of the writing and art of Dr Norman Bethune A Canadian medical pioneer and a communist Bethune gained fame during the 1930s while serving in the Spanish Civil War and participating in China's struggle against Japanese invasion This book sheds light on the man the artist and the revolutionary It uncovers new historical material relating to several controversies surrounding Bethune A remarkable document obtained from the Communist International Archives in Moscow for instance discusses why Bethune was sent home in disgrace from the Spanish Civil War It refers to a mysterious Swedish woman Kajsa von Rothman who was Bethune's lover and who was believed by left wing Spanish authorities to be politically suspect This collection of Bethune's writings and art reveals that politics preoccupied him only during the last four years of his life Earlier his passionate nature found expression in medical and surgical innovation as well as in painting sketching photography writing from poetry and short stories to letters radio broadcasts and plays and public speaking The Politics of Passion reveals the many sides of Bethune's identity exploring not only the life of a revolutionary doctor but of an intense and compassionate artist

Flamenco William Washabaugh,1996-09 Contemporary flamenco music is presented here as a multi dimensional movement of popular culture and the author shows how the meaning of flamenco shifts according to the social cultural and historical context within which it appears The Trouble with Passion Cheryl Ann Hall,2005 Political theorists have long argued that passion has no place in the political realm where reason reigns supreme But is this dichotomy between reason and passion sustainable Does it underestimate the indispensable role of passion in a fully democratic society Drawing upon Plato Rousseau and contemporary feminist theorists Cheryl Hall argues that passion is an essential component of a just

political community and that the need to educate passion together with reason is paramount Trouble with Passion provides a compelling defense of the crucial place of passion in politics

The Passion of Politics Lindy Edwards, 2012-10-09 Lindy Edwards powerfully shows how politics can be understood as a passionate confrontation of ideas and ideologies This book gives us a new and compelling way to think about the past present and future of Australian politics Professor John Dryzek Australian National University Behind the evening news lies a world of political ideas and passionate conflict The Passion of Politics unpacks the ideologies and theories which drive these political clashes helping to explain why we admire some politicians and loathe others The ideas driving today's politics all have roots in the political struggles of the past They've been responses to great injustices and challenges and they've underpinned enormous achievements In Australia they've helped create one of the most wealthy free and just societies in history Today we are faced with important choices between flawed options The struggles of the past have undermined our belief in utopias Yet the current battles remain crucial to defining our future Understanding the dynamics of the ideas in play is essential to equipping ourselves to take part in these vital debates
