Passion For Truth The Selected Writings Of Eric Breindel:

Crown Heights Edward S. Shapiro, 2006 The first full length scholarly study of the only antisemitic riot in American history

Can She Be Stopped? John Podhoretz, 2007-12-18 Our Worst Nightmare and How to Avoid It It s the ultimate nightmare scenario for conservatives to awaken on the morning of November 5 2008 to the news that the last swing state has been colored bright blue and Hillary Rodham Clinton is the President elect of the United States Could it really happen Frighteningly yes In fact as bestselling author and leading conservative commentator John Podhoretz reveals this is not just a scary what if scenario it will happen unless conservatives take immediate action Sounding the alarm bell with wit and verve *Can She Be Stopped* shows that Hillary s plan to capture the White House is much further along than her enemies fear Podhoretz uncovers the host of reasons why many of them counterintuitive He also destroys the comfortable myths about Clinton that conservatives cling to She s saddled with too many high negatives She s too liberal to get elected Clinton fatigue will keep her out of the Oval Office You ve heard them all and they re wrong on every count After shaking Republicans out of their complacency Podhoretz lays out the precise strategy conservatives must deploy to stop Hillary dead in her tracks His groundbreaking ten point plan of action reveals How to expose the real ultraliberal Hillary How to smoke her out and prevent her from hiding on key issues How to make her denounce popular Republican programs and defend unpopular liberal ideas How to use her Senate seat as a weapon against her How to overcome the Republican Party s own problems Whom the Republicans should nominate and the choice may surprise you Conservatives can t avoid the Hillary problem any longer or else the nation will be forced to endure another Clinton in the White House Fortunately John Podhoretz is here with the detailed blueprint that will spare the country from that disastrous turn of events in a book as puckishly lively as it is sobering Can she be stopped Yes but only if we get to work now

Love and Death in Lawrence and Foucault Barry Jeffrey Scherr, 2008 *Love and Death in Lawrence and Foucault* is the first full length study of Foucault and the Foucaultians not to look at them from a quasi hagiographical perspective The Lawrentian point of view employed here to deal with Foucault and his oeuvre is utterly unique imaginative and efficacious in explicating demystifying Foucaultian theory while at the same time promoting Barry J Scherr s courageous indefatigable project of restoring D H Lawrence to his rightfully and supremely high place in the pantheon of great British literature Rebellious and unconventional yet scholarly and mature *Love and Death in Lawrence and Foucault* is the bravest and most unorthodox study of Foucault to date It is a worthy addition to Scherr s previous literary cultural studies *D H Lawrence Today* and *D H Lawrence s Response to Plato* A supremely lively incisive lucid and profound critique *Love and Death in Lawrence and Foucault* is indispensable to students and scholars of Lawrence and Foucault alike

Bush Country John Podhoretz, 2005-01-15 Podhoretz makes a case to support his belief that George W Bush deserves comparison to some of the greatest national figures in United States history

Ayn Rand and Song of Russia Robert Mayhew, 2005 In October 1947 more than twenty years after leaving Russia Ayn Rand testified before the

House Un American Activities Committee HUAC which was investigating communist infiltration of the motion picture industry The focus of that testimony was Song of Russia a 1944 pro Soviet film that Rand decried for its unrealistic absurdly flattering portrait of life in the communist country Ayn Rand scholar Robert Mayhew focuses on this controversial period of American and Hollywood history by examining both the film and the furor surrounding Rand s HUAC testimony His analysis provides the first detailed history of any of the pro Soviet films to come out of 1940s Hollywood Mayhew begins by offering a brief synopsis of the MGM film followed by an account of its production as well as its reception Most significantly Mayhew analyzes Rand s appearance before HUAC and discusses the response to her much maligned testimony By carefully scrutinizing this one episode in the history of communism and anti communism in 1940s Hollywood Mayhew presents a more accurate picture of those times and the issues surrounding them His study allows for a re evaluation of the role of communism in Hollywood the nature of the HUAC and even the Hollywood Ten This book should be of interest to anyone interested in the life and thought of Ayn Rand as well as to anyone interested in the history of Hollywood communism and of American film

Soviet archives and other primary sources Dupes exposes the legions of liberals who have furthered the objectives of America's adversaries Kengor shows not only how such dupes contributed to history's most destructive ideology Communism which claimed at least 100 million lives but also why they are so relevant to today's politics Dupes reveals Shocking reports on how Senator Ted Kennedy secretly approached the Soviet leadership to undermine not one but two American presidents Stunning new evidence that Frank Marshall Davis mentor to a young Barack Obama had extensive Communist ties and demonized Democrats Jimmy Carter's woeful record dealing with America's two chief foes of the past century Communism and Islamism Today's dupes including the congressmen whose overseas anti American propaganda trip was allegedly financed by foreign intelligence How 60s Marxist radicals Tom Hayden Mark Rudd Jane Fonda Jeff Jones Bill Ayers and more have suddenly reemerged as progressives for Obama How Franklin Roosevelt was duped by Uncle Joe Stalin and by a top adviser who may have been a Soviet agent despite clear warnings from fellow Democrats How John Kerry's accusations that American soldiers committed war crimes in Vietnam may have been the product of Soviet disinformation The many Hollywood stars who were duped including Humphrey Bogart Lauren Bacall Katharine Hepburn Gene Kelly and even Ronald Reagan Soviet records that demonstrate beyond doubt the Communists' expansionist aims and their targeting of American liberals especially academics and the Religious Left How liberals still defend the same Communists who trashed Democratic icons like Woodrow Wilson FDR Harry Truman and JFK and still attack the anti Communists who tried to spare them from manipulation Details on many other dupes and dupers including Arthur Miller Dr Benjamin Spock John Dewey H G Wells George Bernard Shaw Lillian Hellman Howard Zinn Walter Cronkite and Helen Thomas A new chapter on the War on Terror Packed with stunning revelations Dupes shows in frightening detail how U S adversaries exploit the American home front Now with an updated introduction to the paperback edition

The Venona Secrets Herbert Romerstein, Eric Breindel, 2001-10-01 The Venona Secrets presents one of the last great untold stories of World War II and the Cold War In 1995 secret Soviet cable traffic from the 1940s that the United States intercepted and eventually decrypted finally became available to American historians Now after spending more than five years researching all the available evidence espionage experts Herbert Romerstein and Eric Breindel reveal the full shocking story of the days when Soviet spies ran their fingers through America's atomic age secrets Included in The Venona Secrets are the details of the spying activities that reached from Harry Hopkins in Franklin Roosevelt's White House to Alger Hiss in the State Department to Harry Dexter White in the Treasury More than that The Venona Secrets exposes Information that links Albert Einstein to Soviet intelligence and conclusive evidence showing that J Robert Oppenheimer gave Moscow our atomic secrets How Soviet espionage reached its height when the United States and the Soviet Union were supposedly allies in World War II The previously unsuspected vast network of Soviet spies in America How the Venona documents confirm the controversial revelations made in the 1940s by former Soviet agents Whittaker Chambers and Elizabeth Bentley The role of the American Communist Party in supporting and directing Soviet agents How Stalin's

paranoia had him target Jews code named Rats and Trotskyites even after Trotsky's death How the Soviets penetrated America's own intelligence services The Venona Secrets is a masterful compendium of spy versus spy that puts the Venona transcripts in context with secret FBI reports congressional investigations and documents recently uncovered in the former Soviet archives Romerstein and Breindel cast a spotlight on one of the most shadowy episodes in recent American history a past when by our very own government officials whether wittingly or unwittingly shielded treason infected Washington and Soviet agents
