Bringing Nature Home Douglas W. Tallamy,2009-09-01 With the twinned calamities of climate change and mass extinction weighing heavier and heavier on my nature besotted soul here were concrete affordable actions that I could take that anyone could take to help our wild neighbors thrive in the built human environment And it all starts with nothing more than a seed Bringing Nature Home is a miracle a book that summons butterflies Margaret Renkl The Washington Post As development and habitat destruction accelerate there are increasing pressures on wildlife populations In his groundbreaking book Bringing Nature Home Douglas W Tallamy reveals the unbreakable link between native plant species and native wildlife native insects cannot or will not eat alien plants When native plants disappear the insects disappear impoverishing the food source for birds and other animals Luckily there is an important and simple step we can all take to help reverse this alarming trend everyone with access to a patch of earth can make a significant contribution toward sustaining biodiversity by simply choosing native plants By acting

on Douglas Tallamy's practical and achievable recommendations we can all make a difference Desert Landscape School Luana Vargas, 2017-05-01 Plant Educate Sustain For decades the Desert Botanical Garden has responded to our community's needs for knowledge about our desert habitat and resources for living responsibly in it. Over the years the Garden has become nationally recognized as a champion of plant conservation, a pioneer of the care and display of desert plants, a respected leader in Sonoran Desert research, and an innovator in lifelong education. Supporting the Garden's mission to advance excellence in education, research, exhibition, and conservation of desert plants of the world, with emphasis on the southwestern United States, is the goal of the Desert Landscape School. We accomplish this by promoting environmental sustainability through demonstrating and teaching best practices in desert plant horticulture, providing education programs with emphasis on science literacy, and exploring and sharing the myriad relationships among plants, people, nature, and the arts. The School offers an exceptional opportunity for professional development, and this Guide can be used as a self-directed learning tool for those wishing to learn how to create beautiful, livable, and sustainable outdoor spaces in a desert environment.

Zen of Gardening in the High and Arid West David Wann, 2003 Drawing from his own considerable gardening experience and expertise, as well as leaning on the wisdom of the people he calls The Zen Masters of the Western Garden, David Wann gathers a mix of stories, how-to advice, and simple doable projects that are ideal for gardeners in the high and arid landscapes of the West. This covers topics such as strategic gardening, how to coax fruits and vegetables from a sun-parched garden, pest-proof planting, choosing the right varieties of edibles for the region, how to become a seed-starting maniac, a Farmer's Almanac approach to gardening, plant peas when the first cottonwood leaves appear, as well as profiles of colorful local gardens and gardeners.

Tending Your Garden Gordon Hayward, Mary Hayward, 2007-01-30 How to keep any garden looking its best through the seasons and through the years. Gardening is the primary recreational activity of Americans. Since the 1980s, when gardening caught fire as a national passion, we have spent billions of dollars on what we grow for our own pleasure, and in all that time not one book has been published on the broad subject of garden maintenance. For twenty-five years, the Haywards, expert horticultural consultants and authors of many books and articles, have been tending their own garden in Vermont. Here, beautiful photographs illustrate how and what the Haywards do in their garden, from earliest spring until snowfall, pruning trees and shrubs, planting, staking, and

dividing perennials and edging deadheading and weeding They also include many tips for reducing maintenance Their advice can be put to work in the reader's garden regardless of size or location Line drawings by Elayne Sears give more details on specific techniques Anecdotal encouraging and crammed with information this is a gorgeous treatment of a very practical subject
