

About the Authors

LAWRENCE and ELISABETH HANSON have established themselves as a diligent and distinguished biographical team with their books on the Romans, Jane Weldon Carlyle, George Eliot, Clive Gellie, and Goggin. They have been widely read, and much for their factual accuracy, as for their insight into character and their feeling for a good story.

Lawrence Hanson was educated at Oxford University and spent some years with the British Broadcasting Corporation, where his work included preparation of news bulletins to the United States during the war. Elisabeth Hanson, who was educated at Eton, taught and by American citizenship, is a classical scholar and a book reviewer. Both draw their books, the Hansons share a deep interest in history, art, and letters.

Insanity and Genius Harry Eiss, 2014-06-02 In his book about the discovery of the structure of DNA, James Watson wrote: "So we had lunch telling ourselves that a structure this beautiful just had to exist. Indeed, the quest most often asked by scientists about a scientific theory is: Is it beautiful? Yes, beauty equals truth. Scientists know, mathematicians know. But the beauties, the truths of mathematics and science were not the truths that inspired the author as a child, and he intuitively knew that the truths he needed come from a different way of knowing, a way of knowing not of the world of logic and reason and explanation, though they have a value, but rather a way of knowing that is of the world, expression, a world that enters the truths beyond the grasp of logic. That is what this book is all about. It is an exploration of the greatest minds of human existence struggling to understand the deepest truths of the human condition. This second edition updates the previous one, incorporating new publications on Van Gogh, recent discoveries in neurology, psychology, and the rapid developments in understanding DNA and biotechnology. We've come a long way already from that original discovery by Watson and his coauthor Francis Crick."

The Season of Migration Nellie Hermann, 2015-01-06 The lyrically told story of one of the world's greatest artists finding his true calling. Though Vincent van Gogh is one of the most popular painters of all time, we know very little about a ten-month period in the painter's

youth when he and his brother Theo broke off all contact In The Season of Migration Nellie Hermann conjures this period in a profoundly imaginative original and heartbreaking vision of Van Gogh s early years before he became the artist we know today In December 1878 Vincent van Gogh arrives in the coal mining village of Petit Wasmes in the Borinage region of Belgium a blasted and hopeless landscape of hovels and slag heaps and mining machinery Not yet the artist he is destined to become Vincent arrives as an ersatz preacher barely sanctioned by church authorities but ordained in his own mind and heart by a desperate and mistaken spiritual vocation But what Vincent experiences in the Borinage will change him Coming to preach a useless gospel he thought he knew and believed he learns about love suffering and beauty ultimately coming to see the world anew and finding the divine not in religion but in our fallen human world In startlingly beautiful and powerful language Hermann transforms our understanding of Van Gogh and the redemptive power of art Walter Pach (1883-1958) Laurette E. McCarthy, Walter Pach, 2011 Explores the career of Walter Pach 1883 1958 an influential figure in twentieth century art and culture As critic agent liaison and lecturer Pach helped win the acceptance of modern European American and Mexican art throughout the North American continent Provided by publisher *Christ of the Coal Yards* Harry Eiss, 2010-02-19 No one heard the shot No one ever found the gun It was Sunday July 27 1890 Vincent had recently finished *Wheatfield with Crows* thought to be his final painting one that he described as representing vast fields of wheat beneath troubled skies one where he said in a letter he meant to send to Theo I did not need to go out of my way to try to express cheerlessness and extreme loneliness The letter never got sent but was found stuffed in his smock That morning as usual he walked out into the wheat fields with his easel brushes tubes of color and folding stool perhaps hoping to reach his destination before the gang of local boys and girls were up and able to tease him and throw tomatoes Le Crau a wide plain of ripe grain fields of citron yellow tan and ochre spread out beneath the bright Provencal sun It s safe to assume he heard the cicadas singing loudly the swiping swishes of the farmers scythes already cutting through the rich wheat stalks the gusts of wind whispering through the olive branches Driven and filled with energy for months he had been quickly with an assurance that overcame and perhaps even came from his doubts and struggles putting his own dramatic visions on canvas after canvas But today he did not go into the fields to paint or perhaps in the beginning he did perhaps in the morning that was his intention No one will ever know He said he brought the revolver to frighten off the crows Possibly that was his original intention when he included it with his lunch of bread and milk In the end it s probably not relevant except for the endless attempts to analyze him to dig into his complex psyche at once brilliant and yet impelled to self destruction The Ravoux family were sitting on the terrace of their caf when he returned a bit concerned because he was late but not overly so When he finally appeared his walk was more uneven than usual and he held his hand over his stomach Monsieur Vincent Mrs Ravoux said we were worried we are glad to see you come Has anything bad happened No but I he left his reply unfinished as he passed inside Mr Ravoux followed him upstairs where he found him sitting on his bed facing the wall I wanted to kill

myself This book is a critical examination of Vincent van Gogh that offers insights into his life his religious beliefs his relationships with women and of course his paintings It includes discussions of his letters and responds to many of the previous works about him dispelling some of the myths that have no foundation and pointing out how many of the claims made about him and many of the popular beliefs that have grown up around him are at best guesswork It explores psychological neurological theological philosophical aesthetic and historical paradigms for comprehending his enigmatic and enticing personality

Van Gogh 100 Joseph Masheck,1996-01-30 This volume commemorates the 100th anniversary of Vincent van Gogh s death Major van Gogh scholars present essays that reexamine the painter s place in the art world of his time the phenomenal growth in his reputation and his influence on later art movements and individual artists At the time of his death and for some years after there was a question as to whether van Gogh s approach would gain recognition Today he is seen as one of the most popular and recognized of the world s artists and his impact on 20th century art is unquestioned How and why this occurred is a major theme throughout this essay collection Among the topics examined are iconography van Gogh s poetry as well as the literature that influenced him and that he in turn influenced psychological and religious aspects of van Gogh s painting and self imaging and how van Gogh has been interpreted A section on his legacy in art concludes this major reassessment of van Gogh s place in art history An important collection for art scholars and researchers as well as public library patrons
