Hayden, Daniel J. Worden, 2019-05-31 Aphra Behn's spectacular farce *Emperor of the Moon* 1687 so engaged audiences that it was restaged well into the eighteenth century Her play was largely adapted from Anne Mauduit de Fatouville's *Arlequin Empereur dans la lune* 1684 a commedia dell'arte production by the Com die Italienne troupe a performance which also proved immensely popular with Parisian audiences Within its witty and amusing three acts Behn's play explores a number of contemporary concerns from commedia dell'arte to gender and politics to science and astronomy including a plurality of worlds for example all culminating in the third act's operatic spectacle This

*Beyond the Persecuting Society* John Christian Laursen, Cary J. Nederman, 2011-07-18 There is a myth easily shattered that Western societies since the Enlightenment have been dedicated to the ideal of protecting the differences between individuals and groups and another too readily accepted that before the rise of secularism in the modern period intolerance and persecution held sway throughout Europe In *Beyond the Persecuting Society* John Christian Laursen Cary J Nederman and nine other scholars dismantle this second generalization If intolerance and religious persecution have been at the root of some of the greatest suffering in human history it is nevertheless the case that toleration was practiced and theorized in medieval and early modern Europe on a scale few have realized Christians and Jews the English French Germans Dutch Swiss Italians and Spanish had their proponents of and experiments with tolerance well before John Locke penned his famous Letter Concerning Toleration Moving from Abelard to Aphra Behn from the apology for the gentiles of the fourteenth century Talmudic scholar Menahem ben Solomon Ha Meiri to the rejection of intolerance in the New Israel of the Massachusetts Bay Colony *Beyond the Persecuting Society* offers a detailed and decisive correction to a vision of the past as any less complex in its embrace and abhorrence of diversity than the present

The politics of writing: Julia Kavanagh, 1824-77 Eileen Fauset, 2013-07-19 Julia Kavanagh was a popular and internationally published writer of the mid nineteenth century whose collective body of work included fiction biography critical studies of French and English women writers and travel writing In this critically engaged study Eileen Fauset sees Kavanagh as a significant but neglected writer and returns her to her proper place in the history of women's writing With few known primary sources to go on the author manages through her skilful selection of letters official documents and historical commentary to piece together some of the jigsaw of Kavanagh's life Throughout this study the biographical element informs and directs discussion of Kavanagh's writing itself What emerges is a succinct and telling portrait of a woman who through a desire to write acquired both economic independence and a means through which she could voice her sexual politics Eileen Fauset challenges the historical attitudes to popular romance a genre read mainly by women and generally discounted as simple entertainment She argues that in Kavanagh's novels romance is often the pivot around which issues of cultural and sexual difference are examined a perspective that invariably also informed Kavanagh's non fiction It will appeal to academics students and enthusiasts of Victorian literature and women's writing

Oroonoko, the Rover and Other Works Aphra Behn, 2003-08-28 When Prince Oroonoko's passion for the virtuous Imoinda arouses the jealousy of his grandfather the lovers are cast into slavery and transported from Africa to the colony of Surinam Oroonoko's noble bearing soon wins the respect of his English captors but his struggle for freedom brings about his destruction Inspired by Aphra Behn's visit to Surinam *Oroonoko* 1688 reflects the author's romantic view of Native Americans as simple superior peoples in the first state of innocence before men knew how to sin The novel also reveals Behn's ambiguous attitude to

African slavery while she favoured it as a means to strengthen England's power her powerful and moving work conveys its injustice and brutality

***Family Fictions*** Christopher Flint, 2002-02 By revealing the investment of eighteenth century British prose fiction in contemporary debates about domestic ideology this book addresses the multiple ways in which traditional notions of the family were estranged reconstituted as novel concepts and then finally presented as national social norms It focuses on works by Aphra Behn Daniel Defoe Samuel Richardson Eliza Haywood Horace Walpole Laurence Sterne and Mary Wollstonecraft addressing a number of narratives that historians of the novel have overlooked while linking such better known works as Robinson Crusoe and Pamela to their often neglected sequels Challenging competing critical claims that the household either experienced a revolution in form or that it remained essentially unchanged the author argues that eighteenth century writers employed a set of complementary strategies to refashion the symbolic and affective power of bourgeois domesticity Whether these writers regarded the household as a supplement to such other social institutions as the Church or the monarchy or as a structure resisting these institutions they affirmed the family's central role in managing civil behavior At a time however when the middle class was beginning to scrutinize itself as a distinct social entity its most popular form of literature reveals that many felt alienated from the most intimate and yet explosive of social experiences family life Prose fiction sought to channel these disturbingly fluid domestic feelings yet was in itself haunted by the specter of unregulated affect Recovering the period's own disparate perceptions of household relations the book explains how eighteenth century British prose fiction which incorporates elements from conduct books political treatises and demographic material used the family as an instrumental concept in a struggle to resolve larger cultural tensions at the same time it replicated many of the rifts within contemporary family ideology

Duffy,1977 **Irony and Earnestness in Eighteenth-Century Literature** Shane Herron,2022-01-27 The conventional literary history of the eighteenth century holds that upstart novelists and other intensely serious writers worked against the conservative and ironic sensibility of an earlier generation of satirists However many of these ostensibly earnest writers were exceptional satirists in their own right employing the same ruses tricks and deceptions throughout their work The novels of such canonical figures as Behn and Defoe for example passed themselves off as real documents just as an earlier generation of hack writers combined the serious and the absurd Re examining this nexus between the ludicrous and the solemn Shane Herron argues that intense earnestness was itself a central component of the ironic sensibility of the great age of literary satire and of Swift s work in particular The sensationalism and confessionalism of earnestness were frequently employed tendentiously while ironic and satirical literature often incorporated genuine moments of earnestness to advance writerly aims Selected Poems of Aphra Behn Aphra Behn,2020-08-18 This book presents a collection of the poetry of the 17th century writer Aphra Behn It examines the relationships between the sexes seen from the woman s point of view The book also includes some of Behn s translations occasional pieces satires and songs
