Passions Triumph:

Passion's Triumph over Reason Christopher Tilmouth, 2010-11-11 *Passion's Triumph over Reason* presents a comprehensive survey of ideas of emotion appetite and self control in English literature and moral thought of the sixteenth and seventeenth centuries In a narrative which draws on tragedy epic poetry and moral philosophy Christopher Tilmouth explores how Renaissance writers transformed their understanding of the passions re evaluating emotion so as to make it an important constituent of ethical life rather than the enemy within which allegory had traditionally cast it as being This interdisciplinary study departs from current emphases in intellectual history arguing that literature should be explored alongside the moral rather than political thought of its time The book also develops a new approach to understanding the relationship between literature and philosophy Consciously or not moral thinkers tend to ground their philosophising in certain images of human nature Their work is premised on imagined models of the mind and presumed estimates of man's moral potential In other words the thinking of philosophical authors as much as that of literary ones is shaped by the pre rational assumptions of the moral imagination Because that is so poets and dramatists in their turn in speaking to this material typically do more than just versify the abstract ideas of ethics They reflect directly and critically upon those same core assumptions which are integral to the writings of their philosophical counterparts Authors examined here include Aristotle Augustine Hobbes and an array of lyric poets but there are new readings too of *The Faerie Queene* and *Paradise Lost* *Hamlet* and Julius Caesar Dryden's *Lucretius* and *Etherege's Man of Mode* Tilmouth's study concludes with a revisionist interpretation of the works of the Earl of Rochester presenting this libertine poet as a challenging intellectually serious figure Written in a lucid accessible style this book will appeal to a wide range of readers [Triumph And Tragedy In Mudville](#)

Stephen Jay Gould, 2010-09-30 Among Stephen Jay Gould's many gifts was his ability to write eloquently about baseball his great passion Through the years the renowned palaeontologist published numerous essays on the sport which have now for the first time been collected in a volume alive with all the candour and insight that characterized Gould's writing Here are his thoughts on the complexities of childhood streetball and the joys of opening day tributes to Mickey Mantle Babe Ruth and lesser knowns such as deaf mute centerfielder Dummy Hoy and a frank admission of the contradictions inherent in being a lifelong Yankees fan with Red Sox season tickets So too does Gould deftly apply the tools of evolutionary theory to the demise of the 0 400 hitter the Abner Doubleday creation myth and the improbability of Joe DiMaggio's 56 game hitting streak This book is a delight an essential addition to Gould's remarkable legacy and a fitting tribute to his love for the game

Perpetua's Passions Jan N. Bremmer, Marco Formisano, 2012-02-09 *Perpetua's Passions* is a collection of studies about Perpetua a young female Christian martyr who was executed in 203 AD Like her spiritual guide Saturus Perpetua left a diary and a few years after their deaths a fellow Christian collected these writings and supplied them with an introduction and epilogue the so called *Passion of Perpetua* The result is one of the most fascinating and enigmatic works of antiquity which

the present volume examines from a wide range of perspectives literary narratological historical religious psychological and philosophical viewpoints follow upon a newly edited text and English translation by Joseph Farrell and Craig Williams This innovative treatment by a number of distinguished scholars not only complements its unique subject but constitutes a kind of laboratory of new approaches to ancient texts

The Triumph of Prudence Over Passion, Or, The History of Miss Mortimer and Miss Fitzgerald Betsy Sheridan, 2011 This is an unconventional epistolary novel set in Ireland and France in 1779 and 1780 against the background of the patriot political agitation that marked the age of Grattan's parliament The young women who write the bulk of the novel's letters link the state of Ireland and the conditions of its women

Writings Daniel Defoe, William Lee, 1869 **The Triumph of the Cross** Richard Viladesau, 2008-04-22 This is a sequel to Richard Viladesau's well received study *The Beauty of the Cross The Passion of Christ in Theology and the Arts from the Catacombs to the Eve of the Renaissance* It continues his project of presenting theological history by using art as both an independent religious or theological text and as a means of understanding the cultural context for academic theology Viladesau argues that art and symbolism function as alternative strands of theological expression sometimes parallel to sometimes interwoven with and sometimes in tension with formal theological reflection on the meaning of crucifixion and its role in salvation history This book examines the two great revolutionary movements that gave birth to the modern West the Renaissance and the Protestant Reformation This period was eventful for both theology and art and thus particularly fruitful for Viladesau's project Using individual works of art over sixty of which are reproduced in this book to epitomize particular artistic and theological models he explores the contours of each paradigm through the works of representative theologians as well as liturgical poetic artistic and musical sources To name a few examples the theologies of Savonarola Luther Calvin and the Council of Trent are examined in correlation to the new situation of art in the era of Fra Angelico Leonardo Michelangelo Dürer Cranach and the Mannerists In this book Viladesau continues to deepen our understanding of the foremost symbol of Christianity

Milton's Complex Words Paul Hammond, 2017 Every major poet or philosopher develops their own distinctive semantic field around those terms which matter most to them or which contribute most profoundly to the imagined world of a particular work This book explores the specific meanings which Milton develops around key words in *Paradise Lost* Some of these are theological or philosophical terms e.g. evil grace reason others are words which shape the imagined world of the poem e.g. dark fall within yet others are small words or even prefixes which subtly move the argument in new directions e.g. if not re Milton seems to expect his readers to be alert to the special semantic field which he creates around such words often by infusing them with biblical and literary connotations and activating their etymological roots alert also to the patterns created by the repetitions of such words and particularly to their diverse use and often their blatant misuse by different characters To understand the migrations and malleability of key words is part of the education of Milton's reader

Affective Authority: Passions, Morality and Governance in Early

Modern England Linda A. Linda Pollock,2025-06-10 Throws new light on the history of emotions as well as on cultural norms and elite governance in early modern English society This book investigates the intimate connection between emotion and morality in the landed ranks in England from 1580 to 1700 reintegrating the artificially separated spheres of emotions and ethics It argues that long before the modern eighteenth century emotions lay at the core of early modern ethics virtues and passions were fused and affect underpinned authority Passions affections and ethics were intertwined and must be understood together feelings enabled and constituted ethical conduct and were often mandated obligations while cultural norms were based on affective concepts Through a detailed analysis of four key affective values love gratitude repentance and obedience the book throws new light on the history of emotions as well as on cultural norms and elite governance in early modern English society The book merges social cultural and intellectual history It explores how ideals and concepts were practiced in daily life emphasizes the importance of the domestic familial world for the understanding and exercise of public authority and governance and insists on the centrality of the passions and affections to early modern morality It contributes to the history of emotions by reconnecting affect and ethics advances the history of English society by showing how authority was based on affect thus demonstrating the relevance of emotion to larger historical issues **Human**

Schönfelder, 2014-04-15 Trauma has become a hotly contested topic in literary studies But interest in trauma is not new its roots extend to the Romantic period when novelists and the first psychiatrists influenced each others investigations of the

wounded mind This book looks back to these early attempts to understand trauma reading a selection of Romantic novels in dialogue with Romantic and contemporary psychiatry It then carries that dialogue forward to postmodern fiction examining further how empirical approaches can deepen our theorizations of trauma Within an interdisciplinary framework this study reveals fresh insights into the poetics politics and ethics of trauma fiction *Spiritual letters of archbishop Fénelon.
