Passions Child Desire No 445:

Reluctant Partners Judith McWilliams, 1988 Science And Health Mary Baker Eddy, 1891 Science And Health is the foundational textbook on the system of physically emotionally or mentally healing your mind and body It is based on Mary Baker Eddy's discoveries and what she afterwards named Christian Science The book offers new spiritual insights on the scriptures and briefs the reader with regard to his relationship with God The Republic Plato, 1925 The Republic is a Socratic dialogue written by Plato around 380 BC concerning justice the order and character of the just city state and the just man It is Plato's best known work and has proven to be one of the world's most influential works of philosophy and political theory both intellectually and historically In the dialogue Socrates talks with various Athenians and foreigners about the meaning of justice and whether the just man is happier than the unjust man They consider the natures of existing regimes and then propose a series of different hypothetical cities in comparison culminating in Kallipolis a city state ruled by a philosopher king They also discuss the theory of forms the immortality of the soul and the role of the philosopher and of poetry in society The dialogue's setting seems to be during the Peloponnesian War In the first book two definitions of justice are proposed but deemed inadequate 14 Returning debts owed and helping friends while harming enemies are commonsense definitions of justice that Socrates shows are inadequate in exceptional situations and thus lack the rigidity demanded of a definition Yet he does not completely reject them for each expresses a commonsense notion of justice that Socrates will incorporate into his discussion of the just regime in books II through V At the end of Book I Socrates agrees with Polemarchus that justice includes helping friends but says the just man would never do harm to anybody Thrasymachus believes that Socrates has done the men present an injustice by saying this and attacks his character and reputation in front of the group partly because he suspects that Socrates himself does not even believe harming enemies is unjust Thrasymachus gives his understanding of justice and injustice as justice is what is advantageous to the stronger while injustice is to one's own profit and advantage 15 Socrates finds this definition unclear and begins to question Thrasymachus Socrates then asks whether the ruler who makes a mistake by making a law that lessens their well being is still a ruler according to that definition Thrasymachus agrees that no true ruler would make such an error This agreement allows Socrates to undermine Thrasymachus' strict definition of justice by comparing rulers to people of various professions Thrasymachus consents to Socrates' assertion that an artist is someone who does his job well and is a knower of some art which allows him to complete the job well In so doing Socrates gets Thrasymachus to admit that rulers who enact a law that does not benefit them firstly are in the precise sense not rulers Thrasymachus gives up and is silent from then on Socrates has trapped Thrasymachus into admitting the strong man who makes a mistake is not the strong man in the precise sense and that some type of knowledge is required to rule perfectly However it is far from a satisfactory definition of justice **The Republic of Plato** Plato, 1908

Nicene and Post-Nicene Fathers Philip Schaff, 2007-05-01 The Council of Nicaea in 325 AD marked the beginning of a

new era in Christianity For the first time doctrines were organized into a single creed The Nicene and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume III of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will find a complete collection of Saint Augustines writings concerning Christian doctrine and ethics On the Holy Trinity is one of his most important works and Augustine spent a significant amount of time crafting it Among the ethical considerations covered in the second half of the book readers will find essays on virginity lying patience and proper care for the dead

An American

Passion Len Blanchard, 2001-09 An historical narrative of epic scope An American Passion is a story of adventure political intrigue war and romance set on the Northern Plains during the last several decades of the Nineteenth Century While faithfully adhering to the sketchy and often contradictory historical record the epic offers a vivid imaginatively realized account of the life of the mysterious Crazy Horse legendary war chief of the Lakota Sioux A man who typically let his actions do his speaking for him and who died young assassinated at the hands of the U S Government in his mid thirties Crazy Horse s story is related by five different narrators An American Passion opens with a prologue spoken by the Missouri River the mighty river of the Great Plains With the historical context established Crazy Horse s life from his birth to his death little more than a year following his great victory over George Armstrong Custer at the Little Big Horn is related retrospectively by his grieving father Worm a notable medicine man of the tribe The next major section of the epic is narrated by the woman for whom Crazy Horse risked his life and the welfare of his people Black Buffalo Woman s tale is a tragedy in the vein of Romeo and Juliet s Unlike the story of Shakespeare s fallen lovers however the love story of Crazy Horse and Black Buffalo Woman has never been related in its full gripping complexity as it is in An American Passion Amazingly after his nearly fatal attempt to take Black Buffalo Woman as his wife Crazy Horse went on to marry and the third major narration of An American Passion is that of Black Shawl his fiercely loyal and devoted widow and the mother of his only known child Telling her story at about the time Sitting Bull was returning to the reservation after having been released from prison by the U S Government a bitter but not a hopeless woman Black Shawl focuses on the early death of her daughter by Crazy Horse and on her final days in captivity with Crazy Horse The epic concludes with the account of He Dog a loyal friend of Crazy Horse having fought beside him throughout his days as the greatest warrior among the Sioux He Dog lived to be nearly a hundred years old and served as a respected judge in the Indian courts on the reservation Told from the vantage point of 1910 some 33 years after the killing of Crazy Horse He Dog s narration is largely a tribute to his friend a consideration of the differences in character and temperament between himself and Crazy Horse and an elegy to what might have been and perhaps may some day yet be In the depth and breadth of its portrayal of major figures in Crazy Horse s life who are little more than footnotes in the historical record and in the insight it offers into the heart and mind of a great and complicated man a man who lived and died

ultimately as an enigma even to the people who revered and revere him *An American Passion* is a unique emotionally engaging account of the final days of the resistance of the Native Americans of the Northern Plains to that juggernaut of forces which having achieved its objective destroyed a culture though not a people **Out of the Cold** Robin Elliott, 1988

Writing the History of Emotions Ute Frevert, 2024-02-22 Emotions make history and they have a history They influence historical events such as revolutions riots and protest movements At the same time they are shaped by historical experiences tied to family upbringing educational and cultural institutions work and the home *Writing the History of Emotions* shows how emotions like love trust honour pride shame empathy and greed have impacted historical change since the 18th century and were themselves dependent on social political and economic environments Importantly this book provides a timely exploration of racialized gendered class based notions of emotions This exciting addition to Bloomsbury's successful *Writing History* series analyses how emotions matter in and to history and how they are themselves objects of history Here leading scholar Ute Frevert eschews a traditional chronological history of emotions in favour of an innovative collection which transgresses time periods to illustrate the different emotional meanings one particular material object has had throughout history This book sheds light on how emotions have been used instrumentalised and manipulated both to propel and suspend democratic politics In doing so it opens a rich new avenue of research for the history of emotions
