The Past Before Us Romila Thapar, 2013-10-14 The claim that India uniquely among civilizations lacks historical writing distracts us from a more pertinent question how to recognize the historical sense of societies whose past is recorded in ways very different from European conventions Romila Thapar a distinguished scholar of ancient India guides us through a panoramic survey of the historical traditions of North India revealing a deep and sophisticated consciousness of history embedded in the diverse body of classical Indian literature The history recorded in such texts as the Ramayana and the Mahabharata is less concerned with authenticating persons and events than with presenting a picture of traditions striving to retain legitimacy amid social change Spanning an epoch from 1000 BCE to 1400 CE Thapar delineates three strains of historical writing an Itihasa Purana tradition of Brahman authors a tradition composed mainly by Buddhist and Jaina monks and scholars and a popular bardic tradition The Vedic corpus the

epics the Buddhist canon and monastic chronicles inscriptional evidence regional accounts and literary forms such as royal biographies and drama are all scrutinized afresh not as sources to be mined for factual data but as genres that disclose how Indians of ancient times represented their own past to themselves **The Past before Us** Nālani

The Erratics Vicki Laveau-Harvie, 2020-08-25 Two sisters reckon with their toxic parents through the decline and death of their outlandishly tyrannical mother and with the care of their psychologically terrorized father all relayed with dark humor and brutal honesty in this award winning brilliantly written memoir that reads like a novel best selling author Margaret Atwood via Twitter When her elderly mother is hospitalized unexpectedly Vicki Laveau Harvie and her sister travel to their parents ranch home in Alberta Canada to help their father Estranged from their parents for many years they are horrified by what they discover on their arrival For years their mother has camouflaged her manic delusions and savage unpredictability and over the decades she has managed to shut herself and her husband away from the outside world systematically starving him and making him a virtual prisoner in his own home Rearranging their lives to be the daughters they were never allowed to be the sisters focus their efforts on helping their father cope with the unending manipulations of their mother and encounter all the pressures that come with caring for elderly parents And at every step they have to contend with their mother whose favorite phrase during their childhood was I ll get you and you won t even know I m doing it Set against the natural world of the Canadian foothills in winter the cold will kill you nothing personal this memoir at once dark and hopeful shatters precedents about grief anger and family trauma with surprising tenderness and humor
