Past Is Not Dead Facts Fictions And Enduring Racial Stereotypes:

Spaces of Danger Heather Merrill, Lisa M. Hoffman, 2015-12-01 These twelve original essays by geographers and anthropologists offer a deep critical understanding of Allan Pred's pathbreaking and eclectic cultural Marxist approach with a focus on his concept of situated ignorance the production and reproduction of power and inequality by regimes of truth through strategically deployed misinformation diversions and silences As the essays expose the cultural and material circumstances in which situated ignorance persists they also add a previously underexplored spatial dimension to Walter Benjamin's idea of moments of danger The volume invokes the aftermath of the July 2011 attacks by far right activist Anders Breivik in Norway who ambushed a Labor Party youth gathering and bombed a government building killing and injuring many Breivik had publicly and forthrightly declared war against an array of liberal attitudes he saw threatening Western civilization However as politicians and journalists interpreted these events for mass consumption a narrative quickly emerged that painted Breivik as a lone madman and steered the discourse away from analysis of the resurgent right wing racisms and nationalisms in which he was immersed The Breivik case is merely one of the most visible recent examples say editors Heather Merrill and Lisa Hoffman of the unchallenged production of knowledge in the public sphere In essays that range widely in topic and setting for example brownfield development in China a Holocaust memorial in Germany an art gallery exhibit in South Africa this volume peels back layers of situated practices and their associated meaning and power relations *Spaces of Danger* offers analytical and conceptual tools of a Predian approach to interrogate the taken for granted and make visible and legible that which is silenced

The Peyote Effect Alexander S. Dawson, 2018-09-04 The hallucinogenic and medicinal effects of peyote have a storied history that begins well before Europeans arrived in the Americas While some have attempted to explain the cultural and religious significance of this cactus and drug Alexander S Dawson offers a completely new way of understanding the place of peyote in history In this provocative new book Dawson argues that peyote has marked the boundary between the Indian and the West since the Spanish Inquisition outlawed it in 1620 For nearly four centuries ecclesiastical legal scientific and scholarly authorities have tried unsuccessfully to police that boundary to ensure that while indigenous subjects might consume peyote others could not Moving back and forth across the U S Mexico border *The Peyote Effect* explores how battles over who might enjoy a right to consume peyote have unfolded in both countries and how these conflicts have produced the racially exclusionary systems that characterizes modern drug regimes Through this approach we see a surprising history of the racial thinking that binds these two countries more closely than we might otherwise imagine

Geographers Hayden Lorimer, Charles W. J. Withers, 2015-12-14 Volume twenty nine of *Geographers Biobibliographical Studies* has as its subject matter seven essays covering British and French regionalists one of the world's leading cultural geographers a quantitative geographer turned historical geographer and student of geopolitics a pioneering medical geographer and a leading theoretician of geography's multiple engagements with the urban experience In their different

ways and with reference to Australia Britain France Sweden and the United States of America all were products of and direct influences upon the emergence strength and thematic diversity of geography in the twentieth century Geographers 29 thus provides key insight into the shaping of a discipline and of its practitioners in modern context *The SAGE Handbook of Qualitative Geography* Dydia DeLyser,2010 The process of learning qualitative research has altered dramatically and this Handbook explores the growth change and complexity within the topic and looks back over its history to assess the current state of the art and indicate possible future directions Moving beyond textbook rehearsals of standard issues the book examines key methodological debates and conflicts approaching them in a critical discursive manner The Nature of Revolution James A. Tyner,2019-01-15 The Nature of Revolution provides the first account of art and politics under the brutal Khmer Rouge regime in Cambodia James A Tyner repositions Khmer Rouge artworks within their proper political and economic context the materialization of a political organization in an era of anticolonial and decolonization movements Consequently both the organization s policies and practices including the production of poetry music and photography were incontrovertibly shaped by and created to further the Khmer Rouge s agenda Theoretically informed and empirically grounded Tyner s work examines the social dimensions of the Khmer Rouge while contributing broadly to a growing literature on the intersection of art and politics Building on the foundational works of theorists such as Jacques Ranci re Theodor Adorno and Walter Benjamin Tyner explores the insights of Leon Trotsky and his descriptions of the politics of aesthetics specific to socialist revolutions Ultimately Tyner reveals a fundamental tension between individuality and bureaucratic control and its impact on artistic creativity and freedom **Fear and the Making of Foreign Policy** Raymond Taras,2015-03-24 This is a book about conflicts and fears how domestic reasons are drawing countries in Europe into international events Raymond Taras explains why France Poland and Sweden have become engaged in outside conflicts and tells the story of when and why xenophobia at home is converted into xenophobia abroad **Navigating Contemporary Sex Work** Emily Cooper,Laura Graham,Lynzi Armstrong,Martin Zebracki,Paul Maginn,2024-10-14 This book draws together interdisciplinary perspectives to examine the legal moral and socio spatial regulation of sex work in the contemporary context With a thematic focus on the gendered landscape of sex work formal and informal methods of socio spatial control and in access to justice this book explores the role of space in the regulation of sex work in diverse contexts from the local to the global The chapters collectively bring together complex inter related issues that impact the lives of sex workers throughout the world providing evidence of the impacts of regulation on sex workers and subsequent barriers to accessing justice and rights This collection centres the regulated lives of sex workers using an intersectional lens that highlights the gendered and racialised impacts of stigma Incorporating knowledge derived from both academic research and lived experience this book provides a unique contribution that will be of interest to academics and policy makers globally **Geographic Thought** Tim Cresswell,2024-02-05 An accessible and engaging introduction to geographic thought In the

newly expanded Second Edition of *Geographic Thought A Critical Introduction* renowned scholar Tim Cresswell delivers a thoroughly up to date and accessible examination of the major thinkers and key theoretical developments in the field Coverage of the complete range of the development of theoretical knowledge from ancient geography to contemporary theory appears alongside treatments of the influence of Darwin and Marx the emergence of anarchist geographies the impact of feminism and myriad other central bodies of thought This latest edition also includes new chapters on physical geography and theory postcolonialism and decoloniality and black geographies The author emphasizes the importance of geographic thought and its relevance to our understanding of what it means to be human and to the people places and cultures of the world in which we live This new edition contains New examples throughout consisting of contemporary research from a wider range of geographical contexts and by geographers from diverse backgrounds Comprehensive explorations of physical geography that combine updated coverage from the first edition with brand new material Updated discussions of spatial science and quantitative methods that include considerations of the role of place and specificity in quantitative work In depth examinations of the Anthropocene the uses of assemblage theory and the emergence of the GeoHumanities Perfect for students of undergraduate and graduate courses in geographic thought *Geographic Thought A Critical Introduction* will also earn a place in the libraries of students and scholars researching the history and philosophy of geography as well as practicing geographers

Spatial Justice Andreas Philippopoulos-Mihalopoulos, 2014-10-30 There can be no justice that is not spatial Against a recent tendency to despatialise law matter bodies and even space itself this book insists on spatialising them arguing that there can be neither law nor justice that are not articulated through and in space *Spatial Justice* presents a new theory and a radical application of the material connection between space in the geographical as well as sociological and philosophical sense and the law in the broadest sense that includes written and oral law but also embodied social and political norms More specifically it argues that spatial justice is the struggle of various bodies human natural non organic technological to occupy a certain space at a certain time Seen in this way spatial justice is the most radical offspring of the spatial turn since as this book demonstrates spatial justice can be found in the core of most contemporary legal and political issues issues such as geopolitical conflicts environmental issues animality colonisation droning the cyberspace and so on In order to argue this the book employs the lawscape as the tautology between law and space and the concept of atmosphere in its geological political aesthetic legal and biological dimension Written by a leading theorist in the area *Spatial Justice* Body Lawscape Atmosphere forges a new interdisciplinary understanding of space and law while offering a fresh approach to current geopolitical spatiolegal and ecological issues

New Dimensions of Diversity in Nordic Culture and Society Jenny Björklund, Ursula Lindqvist, 2016-04-26 In the new millennium categories of identity have become particularly destabilized with the emergence of a new generation of people in the Nordic region who demand more dynamic and fluid identities *New Dimensions of Diversity in Nordic Culture and Society* reinvestigates the tired concept of diversity to make

room for dynamic new realities as well as the ample new questions to which they give rise This volume assumes diversity to be a fundamental feature of Nordic modernity Given that the Nordic countries consistently rank among the world's wealthiest, most educated and most egalitarian, these case studies provide important counter narratives to prevailing local and global discourses of Nordicness The contributors not only interrogate historical categories of diversity in a Nordic context including gender, sex, class, ethnicity and race, they also show how these categories intersect They examine new forms of and platforms for diverse ideas and creative expression including fluid masculinities, digital cultures, new media and fashion They question the terms on which the Nordic region's indigenous peoples, the Sami and the Greenlandic Inuit, as well as stateless people such as the Kurds are brought into Nordic discussions of diversity, citizenship and agency and analyze the implications of particular neo-nationalist and patriarchal discourses that have emerged since the turn of the century The book draws from a variety of disciplinary perspectives and interdisciplinary fields and will spark productive and critical conversations among all with an interest in the national and regional cultures, subcultures and social dynamics that inform modern life in the Nordic region

The Human Mosaic Terry G. Jordan-Bychkov, 2005-08-19 Carrying forward the legacy of original author Terry Jordan Bychkov, Mona Domosh and new coauthors Roderick Neumann and Patricia Price offer this thoroughly updated new edition of the acclaimed introduction to the cultural geography of the world today The result is a text that maintains its original distinctive style while addressing contemporary issues and situations that students care about most importantly the continuing phenomenon of globalization The Thematic Approach of *The Human Mosaic* The *Human Mosaic* introduces five themes in the opening chapter: culture, region, cultural diffusion, cultural ecology, cultural interaction and cultural landscape, then uses those themes as a framework for the topical chapters that follow Each theme is applied to a variety of geographical topics: demography, agriculture, the city, religion, language, ethnicity, politics, industry, folk and popular culture Through this organization, students are able to relate to the most important aspects of cultural geography at every point in the text

History Made Conscious Geoff Eley, 2023-08-22 How History has changed in the half century since the 1960s During the last fifty years, the writing of history underwent two massive transformations First, powered by Marxism and other materialist sociologies, the great social history wave instated the value of social explanation Then, responding to new theoretical debates, the cultural turn upset many of those freshly earned certainties Each challenge was profoundly informed by politics, from issues of class, gender and race to those of identity, empire and the postcolonial The resulting controversies brought historians radically changed possibilities, expanding subject matters, unfamiliar approaches, greater openness to theory and other disciplines, a new place in the public culture *History Made Conscious* offers snapshots of a discipline continuously rethinking its charge How might we understand the social and the cultural together How do we collaborate most fruitfully across disciplines If we take theory seriously, how does that change what historians do How should we think differently about politics

The Human Mosaic Mona Domosh, Terry G. Jordan-Bychkov, Roderick P.

Diversity Intelligence Claretha Hughes, 2023-06-17 This book develops and amplifies the emerging concept of diversity intelligence which is the capability of leaders to recognize the value of workplace diversity and to use this information to guide thinking and behavior Organization leaders need diversity intelligence to better interact with the changing demographics in the US and the global economy by embracing differences as strengths rather than weaknesses Without a clear understanding of diversity leaders are not fully equipped to realize organizational goals through all employees The author highlights the importance of reimagining diversity and changing perspectives while integrating it into leadership and career development plans alongside intellectual intelligence emotional intelligence and cultural intelligence In order to fully motivate diverse employees leaders must first be able to recognize differences between themselves and others without it being an obstacle to performance This edition addresses new topics related to allyship and anti racism and discusses how these concepts can sometimes hinder diversity efforts This book fits in the literature in areas of leadership and business value and aims to satisfy the need for solutions to why diversity training and management efforts continue to fall short of stated goals within organizations It is a window into how leaders can reflect on their actions and behaviors to effectively implement new diversity strategies and is an essential read for HR researchers professionals consultants and managers of

global operating companies **Rethinking Historical Time** Marek Tamm,Laurent Olivier,2019-08-22 Is time out of joint For the past two centuries the dominant Western time regime has been future oriented and based on the linear progressive and homogeneous concept of time Over the last few decades there has been a shift towards a new present oriented regime or presentism made up of multiple and percolating temporalities Rethinking Historical Time engages with this change of paradigm providing a timely overview of cutting edge interdisciplinary approaches to this new temporal condition Marek Tamm and Laurent Olivier have brought together an international team of scholars working in history anthropology archaeology geography philosophy literature and visual studies to rethink the epistemological consequences of presentism for the study of past and to discuss critically the traditional assumptions that underpin research on historical time Beginning with an analysis of presentism the contributors move on to explore in historical and critical terms the idea of multiple temporalities before presenting a series of case studies on the variability of different forms of time in contemporary material culture

Re-Creating Anthropology David N. Gellner,Dolores P. Martinez,2022-04-26 This book makes a notable contribution to discussions of what anthropology is and should be in the twenty first century through a reconsideration from diverse sub disciplinary and interdisciplinary perspectives of the interactions between sociality matter and the imagination It explores the imagination in its social contexts how it is put to work and how in its embodied and material forms it works in practice The chapters provide detailed case studies including film making in Egypt spirit possession exorcism in Italy Theosophy and the production of knowledge about UFOs the role of mistakes or glitches in public performances humans varying relationships to the environment post coloniality time and crisis in anthropology and artistic creativity

The SAGE Handbook of Human Geography, 2v Roger Lee,Noel Castree,Rob Kitchin,Vicky Lawson,Anssi Paasi,Chris Philo,Sarah Radcliffe,Susan M. Roberts,Charles Withers,2014-05-22 Superb How refreshing to see a Handbook that eschews convention and explores the richness and diversity of the geographical imagination in such stimulating and challenging ways Peter Dicken University of Manchester Stands out as an innovative and exciting contribution that exceeds the genre Sallie A Marston University of Arizona Captures wonderfully the richness and complexity of the worlds that human beings inhabit This is a stand out among handbooks Lily Kong National University of Singapore This wonderfully unconventional book demonstrates human geography s character and significance not by marching through traditional themes but by presenting a set of geographical essays on basic ideas practices and concerns Alexander B Murphy University of Oregon This SAGE Handbook stands out for its capacity to provoke the reader to think anew about human geography essays that offer some profoundly original insights into what it means to engage geographically with the world Eric Sheppard UCLA Published in association with the journal Progress in Human Geography edited and written by the principal scholars in the discipline this Handbook demonstrates the difference that thinking about the world geographically makes Each section considers how human geography shapes the world interrogates it and intervenes in it It includes a major retrospective and prospective

introductory essay with three substantive sections on Imagining Human Geographies Practising Human Geographies Living Human Geographies The Handbook also has an innovative multimedia component of conversations about key issues in human geography as well as an overview of human geography from the Editors A key reference for any scholar interested in questions about what difference it makes to think spatially or geographically about the world this Handbook is a rich and textured statement about the geographical imagination

The Past is Not Dead Allan Pred, 2004 Through one figure Badin eighteenth century Afro Caribbean slave given to the Swedish royal court Allan Pred shows how stereotypes endure through the repeated confusion of facts and fiction providing a highly original perspective on the perpetuation of racializing stereotypes in the West In the first of two interlocking montages inspired by Walter Benjamin the book focuses on Badin who died in Stockholm in 1822 and representations of his life that appeared from the 1840s through the 1990s In the second montage Pred brings the late nineteenth century and the present into play shifting to urban sites where racialized stereotyping is on public display including a museum that has exhibited the bodily remains of the African male Intriguing for its insight into the workings of race and immigration on the national imagination of a European nation but with implications and ramifications far beyond that specific example The Past Is Not Dead is a bold inquiry into both the collective memory and the amnesia of those who stereotype versus the personal remembering and forgetting of the stereotyped
