Famous Men Who Never Lived K. Chess,2019-03-05 Finalist for a 2019 Sidewise Award Conceptually adventurous yet full of feeling smart thought provoking and thoroughly enjoyable Charles Yu author of *Interior Chinatown* Wherever Hel looks New York City is both reassuringly familiar and terribly wrong As one of the thousands who fled the outbreak of nuclear war in an alternate United States an alternate timeline somewhere across the multiverse she finds herself living as a refugee in

our own not so parallel New York The slang and technology are foreign to her the politics and art unrecognizable While others like her partner Vikram attempt to assimilate Hel refuses to reclaim her former career or create a new life Instead she obsessively rereads Vikram s copy of *The Pyronauts* a science fiction masterwork in her world that now only exists as a single flimsy paperback and becomes determined to create a museum dedicated to preserving the remaining artifacts and memories of her vanished culture But the refugees are unwelcome and Hel s efforts are met with either indifference or hostility And when the only copy of *The Pyronauts* goes missing Hel must decide how far she is willing to go to recover it and finally face her own anger guilt and grief over what she has truly lost With *Famous Men Who Never Lived* K Chess has created a compelling and inventive speculative work on what home means to those who have lost it forever *European Cases of the Reincarnation Type* Ian Stevenson, M.D., 2008-11-13 Many cultures accept that a person may die and then come back to life in another form but Westerners have traditionally rejected the idea Recently however surveys conducted in Europe indicate a substantial increase in the number of Europeans who believe in reincarnation and numerous claims of reincarnation have been reported This book examines particular cases in Europe that are suggestive of reincarnation The first section provides a brief history of the belief in reincarnation among Europeans The second section considers eight cases from the first third of the twentieth century that were not independently investigated but were reported and sometimes published by the persons concerned The third section covers 32 cases from the second half of the twentieth century that were investigated by the author Many of these cases involved either children who exhibited unusual behavior attributed to a previous life or adults who experienced recurrent or vivid dreams attributed to a previous life In the fourth section the author compares European cases suggestive of reincarnation with those of other countries and cultures *Return to Life* Jim B. Tucker, M.D., 2013-12-03 Dr Tucker in a follow up to his book *Life Before Life* explores American cases of young children who report memories of previous lives in the New York Times bestseller *Return to Life* A first person account of Jim Tucker s experiences with a number of extraordinary children with memories of past lives *Return to Life* focuses mostly on American cases presenting each family s story and describing his investigation His goal is to determine what happened what the child has said how the parents have reacted whether the child s statements match the life of a particular deceased person and whether the child could have learned such information through normal means Tucker has found cases that provide persuasive evidence that some children do in fact possess memories of previous lives Among others readers will meet a boy who describes a previous life on a small island When Tucker takes him to that island he finds that some details eerily match the boy s statements and some do not Another boy points to a photograph from the 1930s and says he used to be one of the men in it Once the laborious efforts to identify that man are successful many of the child s numerous memories are found to match the details of his life Soon after his second birthday a third boy begins expressing memories of being a World War II pilot who is eventually identified Thought provoking and captivating *Return to Life* urges its readers to think about life and death and

reincarnation and reflect about their own consciousness and spirituality **Finding Margaret** Margery Phelps,2015-12-17
