Grounded Authority Shiri Pasternak, 2017-06-06 Western Political Science Association s Clay Morgan Award for Best Book in Environmental Political Theory Canadian Studies Network Prize for the Best Book in Canadian Studies Nominated for Best First Book Award at NAISA Honorable Mention Association for Political and Legal Anthropology Book Prize Since Justin Trudeau s election in 2015 Canada has been hailed internationally as embarking on a truly progressive post postcolonial era including an improved relationship between the state and its Indigenous peoples Shiri Pasternak corrects this misconception showing that colonialism is very much alive in Canada From the perspective of Indigenous law and jurisdiction she tells the story of the Algonquins of Barriere Lake in western Quebec and their tireless resistance to federal land claims policy *Grounded Authority* chronicles the band s ongoing attempts to restore full governance over its lands and natural resources through an agreement signed by settler governments almost three decades ago an agreement the state refuses to fully implement Pasternak argues that the state s aversion to recognizing Algonquin jurisdiction stems from its goal of perfecting its sovereignty by replacing the inherent jurisdiction of Indigenous peoples with its own delegated authority From police brutality and fabricated sexual abuse cases to an intervention into and overthrow of a customary government Pasternak provides a compelling richly detailed account of rarely documented coercive mechanisms employed to force Indigenous communities into compliance with federal policy A rigorous account of the incredible struggle fought by the Algonquins to maintain responsibility over their territory *Grounded Authority* provides a powerful alternative model to one nation s land claims policy and a vital contribution to current debates in the study of colonialism and Indigenous peoples in North America

and globally Leonid Pasternak : the Russian years, 1875-1921 ; a critical study and catalogue. 1. Text Rimgaila Salys,1999 *Leonid Pasternak, the Russian Years, 1875-1921* Rimgaila Salys,1999 **Art After Philosophy** Elena Glazov-Corrigan,2020 Art after Philosophy Boris Pasternak s Early Prose by Elena Glazov Corrigan redefines an area in Slavic studies which has suffered from neglect for several decades namely Pasternak s early prose narratives In her bold new study Glazov Corrigan analyzes the conceptual networks of thought Pasternak developed when he turned to literature after abandoning the study of Neo Kantianism in Marburg during the summer of 1912 This book shows conclusively that Pasternak s knowledge of philosophy is inseparable from his prose works even though in his early stories and novellas 1913 1918 philosophical ideas operate neither as discrete textual units nor as micro elements or clusters of possible signification In the early Pasternak philosophy becomes a narrative art a large scale narrative frame a manner of seeing rather than of constructing reality After Roman Jakobson s famous 1935 essay which characterized the early Pasternak as a virtuoso of metonymy in contrast to the metaphoric Mayakovsky no other approach has been able to generate comparable scholarly influence The present study takes up the implicit challenge of this critical impasse Entering into a debate with Jakobson s findings Art after Philosophy illuminates Pasternak s boldest artistic experiments and suggests to his readers entirely new ways of approaching not only his early but also his later writing Leonid Pasternak : the Russian years, 1875-1921 ; a critical study and catalogue. 2. Plates Rimgaila Salys,1999 Leonid Pasternak Rimgaila Salys,1999 **Snapshots of the Soul** Molly Thomasy Blasing,2021-07-15 Snapshots of the Soul considers how photography has shaped Russian poetry from the early twentieth century to the present day Drawing on theories of the lyric and the elegy the social history of technology and little known archival materials Molly Thomasy Blasing offers close readings of poems by Boris Pasternak Marina Tsvetaeva Joseph Brodsky and Bella Akhmadulina as well as by the late and post Soviet poets Andrei Sen Sen kov Arkadii Dragomoshchenko and Kirill Medvedev to understand their fascination with the visual language representational power and metaphorical possibilities offered by the camera and the photographic image Within the context of long standing anxieties about the threat that visual media pose to literary culture Blasing finds that these poets were attracted to the affinities and tensions that exist between the lyric or elegy and the snapshot Snapshots of the Soul reveals that at the core of each poet s approach to writing the photograph is the urge to demonstrate the superior ability of poetic language to capture and convey human experience Open Access edition funded by the National Endowment for the Humanities **Reference Guide to Russian Literature** Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *The Image of Christ in Russian Literature* John Givens,2018-05-29 Vladimir Nabokov complained about the number of Dostoevsky s characters sinning their way to Jesus In truth Christ is an elusive figure not only in Dostoevsky s novels but in Russian literature as a whole The rise of the historical critical method of biblical

criticism in the nineteenth century and the growth of secularism it stimulated made an earnest affirmation of Jesus in literature highly problematic If they affirmed Jesus too directly writers paradoxically risked diminishing him either by deploying faith explanations that no longer persuade in an age of skepticism or by reducing Christ to a mere argument in an ideological dispute The writers at the heart of this study understood that to reimage Christ for their age they had to make him known through indirect even negative ways lest what they say about him be mistaken for cliché doctrine or naïve apologetics The Christology of Dostoevsky Leo Tolstoy Mikhail Bulgakov and Boris Pasternak is thus apophatic because they deploy negative formulations saying what God is not in their writings about Jesus Professions of atheism in Dostoevsky and Tolstoy's non-divine Jesus are but separate negative paths toward truer discernment of Christ This first study in English of the image of Christ in Russian literature highlights the importance of apophaticism as a theological practice and a literary method in understanding the Russian Christ It also emphasizes the importance of skepticism in Russian literary attitudes toward Jesus on the part of writers whose private crucibles of doubt produced some of the most provocative and enduring images of Christ in world literature This important study will appeal to scholars and students of Orthodox Christianity and Russian literature as well as educated general readers interested in religion and nineteenth century Russian novels

Literature and Musical Adaptation, 2016-08-09 It can safely be said that when literary texts are utilized or adapted by a musician to create a new work of art it is seldom that a diminished or lessened product results Rather such a merging usually enlarges and enhances both text and tune perhaps significantly changing the message of the original Discovering exactly what the new form has to offer and how it relates to the text or melody that preceded it is often a daunting task requiring a close examination of both the author's and the composer's intent The essays in this collection offer an analysis of several adaptations some successful some not so successful and attempt to assess just what the musicians or writers have modified or changed from the original as they re-form it into an altogether different media Ranging from Pasternak's appropriation of Tchaikovsky to Britten's operatic versions of *Billy Budd* and *The Turn of the Screw* from Celan's use of fugal technique in his *Todesfuge* to the way that the musicianship of several women writers found voice in their writing a broad spectrum of collaborations is examined As readers examine an author's respect for a long dead musician Hopkins' admiration of Purcell or as they discover how John Harbison worked to transform Fitzgerald's musicality in *The Great Gatsby* it will be evident that musical adaptations often provide a richness that the originals did not possess and that the potential for greatness is heightened when the arts intersect

The 20th Century O-Z Frank N. Magill, 2013-05-13 Each volume of the *Dictionary of World Biography* contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in-depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the

Responsible Citizens, Irresponsible States Avia Pasternak, 2021. This book offers an in-depth analysis of a question of both philosophical and political import: should citizens pay for their state's wrongdoings? States are often made to pay compensations for their misdeeds. However, it is their citizens who through taxation end up bearing the costs. Essentially, are states justified in passing the buck to their populations? The book offers a fresh justification for citizens' duties to share their state's responsibilities. Avia Pasternak combines comparative politics and public international law, defining and setting limits on what real-world democratic and authoritarian states can demand of their citizens.

Boileau and the Nature of Neoclassicism Gordon Pocock, 1980-06-19 Boileau has traditionally been regarded as the spokesman of French neo classicism but some elements of scholarship have discounted the importance of neo classical doctrine in general and of Boileau s particular contribution to it Many critical approaches have stressed instead the liveliness and wit of Boileau s poems his love of language and his passionate temperament Mr Pocock uses these critical approaches to demonstrate in detail how Boileau s verve love of contrasts and essentially dramatic imagination animate the major poems But he also argues that such approaches do not in themselves suffice to explain Boileau s special qualities Neo classicism was an important element in the intellectual life of Europe in the most critical period of the decline of Christianity and the rise of rationalism and science Mr Pocock proposes a reformulation of those views which take account not only of modern criticism but also of Boileau s commitment to neo classicism and his embodiment of it in his work
