Past-Life Chronicles Sharon M. Floathe, 1988-12-01 **New Age Journal**, 1995-02 **Official Gazette of the United States Patent and Trademark Office**, 1992 **The Repressed Memory Epidemic** Mark Pendergrast, 2017-10-13 This book offers a comprehensive overview of the concept of repressed memories. It provides a history and context that documents key events that have had an effect on the way that modern psychology and psychotherapy have developed. Chapters provide an overview of how human memory functions and works and examine facets of the misguided theories behind repressed memory. The book also examines the science of the brain, the reconstructive nature of human memory and studies of suggestibility. It traces the present day resurgence of a belief in repressed memories in the general public as well as among many clinical psychologists, psychiatrists, social workers, body workers and others who offer counseling. It concludes with legal and professional recommendations and advice for individuals who deal with or have dealt with the psychotherapeutic practice of repressed memory therapy. Topics featured in this text include: The modern diagnosis of Dissociative Identity Disorder (DID) once called MPD; The Satanic Panic of the 1980s and its relation to repressed memory therapy; The McMartin Preschool Case and the Day Care Sex Panic; A historical overview from the Great Witch Craze to Sigmund Freud's theories spanning the 16th to 19th centuries; An exploration of the cultural context that produced the repressed memory epidemic of the 1990s; The repressed memory movement as a religious sect or cult. *The Repressed Memory Epidemic* will be of interest to researchers and clinicians as well as undergraduate and graduate students in the fields of psychology, sociology, cultural studies, religion and anthropology. *A Journey Back in Time* Alessia Ambrosini, 2006 *On Cassette*, 1991 *Past Lives, Present Miracles* Denise Linn, 2008-03-01 The best selling author of *If I Can Forgive So Can You*. Miracles can occur in your life easily and effortlessly. It's simply a matter of remembering who you are and to do this it's necessary to clear the blockages that stand between you and your soul. Almost all of these obstacles have their roots in your distant past so it's valuable to travel back in time to release them. However, most of us are so caught up in limiting beliefs about who we are that it's almost impossible to take that journey. In this book you'll learn how to travel back to your previous incarnations to release buried obstructions so you can create the miracles in your life that you deserve. It's safe, easy and fun and anyone can do it. You'll learn how to discover your past lives without ever doing a regression, remove limitations regarding your relationships, abundance and health that came from your past lives, uncover the symptoms of past life traumas and how to clear them even if you don't believe in reincarnation, understand the roles that loved ones played in your previous incarnations, find your personal guides, spirit guardians and angels and receive their help and much, much more. **Your Soul Remembers** Joanne DiMaggio, 2013 *Your Soul Remembers* is proof positive that answers to questions about your past lives are at the tip of your finger. Author and past life specialist Joanne DiMaggio conducted a groundbreaking research project combining past life regression and a form of inspirational writing she calls Soul Writing. With the help of fifty volunteers ranging in age from 23

to 81 Joanne regressed each to the past life that was having the most impact on them now After the regression but while they were still in an altered state of consciousness she placed a pen in their hand and a journal on their lap and instructed them to ask their soul for information about that lifetime that eluded them in the regression While they wrote she also wrote asking her Source for information she could share The results were astonishing Starting in the first century and ending in the recent past *Your Soul Remembers* is a veritable past life passport that takes you to countries across the planet from obscure hamlets to desolate fortresses from the quiet English countryside to the wild wild American west History comes alive as you read firsthand accounts of what it was like to experience the destruction of Pompeii persecution in Tudor England abduction during the Holocaust and how those experiences still are affecting lives today *Your Soul Remembers* includes fascinating accounts of clusters of soul groups who came forward with similar stories of spontaneous healings after discovering the origin of a physical karma of recognition of individuals today who played a similar role in the past It is said all answers lie within Every thought word and deed from previous lifetimes is recorded and stored in your soul making it accessible to you at any time Through soul writing you can apply this transformative technique to your own life and begin an ongoing dialogue with your soul to uncover and resolve the issues that may be plaguing you today Joanne DiMaggio [Forthcoming Books](#) Rose Army,2000 *Old Souls* Thomas Shroder,2011-05-17 A riveting firsthand account of one man s mission to investigate and document some of the most astonishing phenomena of our time children who speak of past life memory and reincarnation All across the globe small children spontaneously speak of previous lives beg to be taken home pine for mothers and husbands and mistresses from another life and know things that there seems to be no normal way for them to know From the moment these children can talk they speak of people and events from the past not vague stories of centuries ago but details of specific identifiable individuals who may have died just months weeks or even hours before the birth of the child in question For thirty seven years Dr Ian Stevenson has traveled the world from Lebanon to suburban Virginia investigating and documenting more than two thousand of these past life memory cases Now his essentially unknown work is being brought to the mainstream by Tom Shroder the first journalist to have the privilege of accompanying Dr Stevenson in his fieldwork Shroder follows Stevenson into the lives of children and families touched by this phenomenon changing from skeptic to believer as he comes face to face with concrete evidence he cannot discount in this spellbinding and true story

The Encyclopedic Sourcebook of New Age Religions James R. Lewis,2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public s curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study Professor James R Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual

subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement s historical roots A unique feature of Dr Lewis s work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon Words on Cassette ,1995 Books in Print Supplement ,1988 **East West Journal** ,1990 **Life Between Lives** Michael Newton,2014-01-08 For hypnotherapists interested in spiritual regression therapy and aspiring spiritual regressionists this lucid book will be tremendously helpful New Age Retailer **The Boy Who Knew Too Much** Cathy Byrd,2017-03-21 The compelling and heartwarming story of a young baseball prodigy who began sharing vivid memories of being famed American baseball player Lou Gehrig At the tender age of two baseball prodigy Christian Haupt began sharing vivid memories of being a baseball player in the 1920s and 30s From riding cross country on trains to his fierce rivalry with Babe Ruth Christian described historical facts about the life of American hero and baseball legend Lou Gehrig that he could not have possibly known at the time Distraught by her son s uncanny revelations Christian s mother Cathy embarked on a sacred journey of discovery that would shake her beliefs to the core and forever change her views on life and death In this compelling and heartwarming memoir Cathy Byrd shares her remarkable experiences the lessons she learned as she searched to find answers to this great mystery and a story of healing in the lives of these intertwined souls **The Boy Who Knew Too Much** will inspire even the greatest skeptics to consider the possibility that love never dies **The Journal of the American Academy of Psychiatry and the Law** ,2001 Many Lives, Many Masters Brian Weiss,2023-11-16 THE CLASSIC BESTSELLER ON A TRUE CASE OF PAST LIFE TRAUMA AND PAST LIFE THERAPY FROM AUTHOR AND PSYCHOTHERAPIST DR BRIAN WEISS Psychiatrist Dr Brian Weiss had been working with Catherine a young patient for eighteen months Catherine was suffering from recurring nightmares and chronic anxiety attacks When his traditional methods of therapy failed Dr Weiss turned to hypnosis and was astonished and sceptical when Catherine began recalling past life traumas which seemed to hold the key to her problems Dr Weiss s scepticism was eroded when Catherine began to channel messages from the space between lives which contained remarkable revelations about his own life Acting as a channel for information from highly evolved spirit entities called the Masters Catherine revealed many secrets of life and death This fascinating case dramatically altered the lives of Catherine and Dr Weiss and provides important information on the mysteries of the mind the continuation of life after death and the influence of our past life experiences on our present behaviour Subject Guide to Books in Print ,1997 Journey of Souls Michael Newton,2002-09 When reincarnating do we
