S. Hamilton, 2022 Aspects of the turbulent rule of Richard II freshly examined The reign of Richard II is well known for its political turmoil as well as its literary and artistic innovations all areas explored by Professor Nigel Saul during his distinguished career The present volume interrogates many familiar literary and narrative sources including works by Froissart Gower Chaucer Clanvow and the Continuation of the Eulogium Historiarum along with those less well known such as coroner's inquests and gaol delivery proceedings The reign is also notorious for its larger than life personalities not least Richard himself But how was he shaped by other personalities A prosopographical study of Richard's bishops a comparison of the literary biographies of his father the Black Prince and Bertrand du Guesclin and a reconsideration of Plantagenet family politics all shed light on this question Meanwhile Richard II's tomb reflects his desire to shape a new vision of kingship Commemoration more broadly was changing in the late fourteenth century and this volume includes several studies of both

individual and communal memorials of various types that illustrate this trend again appropriately for an area Professor Saul has made his own Contributors Mark Arvanigian Caroline Barron Michael Bennett Jerome Bertram David Carpenter Chris Given Wilson Jill Havens Claire Kennan Hannes Kleineke John Leland Joel Rosenthal Christian Steer George Stow Jenny Stratford Kelcey Wilson Lee Shadowplay Clare Asquith,2018-10-23 In 16th century England many loyal subjects to the crown were asked to make a terrible choice to follow their monarch or their God The era was one of unprecedented authoritarianism England it seemed had become a police state fearful of threats from abroad and plotters at home This age of terror was also the era of the greatest creative genius the world has ever known William Shakespeare How then could such a remarkable man born into such violently volatile times apparently make no comment about the state of England in his work He did But it was hidden Revealing Shakespeare s sophisticated version of a forgotten code developed by 16th century dissidents Clare Asquith shows how he was both a genius for all time and utterly a creature of his own era a writer who was supported by dissident Catholic aristocrats who agonized about the fate of England s spiritual and political life and who used the stage to attack and expose a regime which he believed had seized illegal control of the country he loved Shakespeare s plays offer an acute insight into the politics and personalities of his era And Clare Asquith s decoding of them offers answers to several mysteries surrounding Shakespeare s own life including most notably why he stopped writing while still at the height of his powers An utterly compelling combination of literary detection and political revelation Shadowplay is the definitive expose of how Shakespeare lived through and understood the agonies of his time and what he had to say about them *Elie Kedourie's Approaches to History and Political Theory* Sylvia Kedourie,2013-10-18 Elie Kedourie was one of the twentieth century s most important and controversial historians of the Middle East He redefined the landscape of the field by challenging the notion that the West s imperial domination of the region spawned nationalism in Arab countries In a long career lecturing in politics at the London School of Economics Kedourie inspired a generation of political scientists and politicians A dedicated scholar and meticulous teacher he founded *Middle Eastern Studies* a journal which forty years after its launch remains one of the leading publications in the field and a monument to his work Bringing together some of the most distinguished figures in Middle Eastern studies this collection evaluates Kedourie s contribution to Middle Eastern history and political thought and assesses the impact of his scholarly legacy The volume contains a complete bibliography of his writing and was previously published as a special issue of *Middle Eastern Studies* **Past Masters** ,2001 Golden Threads Janis Wilton,2004 Tells the story of the Chinese people who came to and sometimes settled in NSW from the first arrivals in the early 19th century through the turbulent golrush years and into the 20th century It explores their experiences working lives hopes and beliefs and the attitudes of white Australians towards them **European Identity** Alex Drace-Francis,2013-10-17 What is Europe A continent A political institution A cultural community Bringing together 101 key texts on the theme of European identity this reader provides essential insights into the idea of Europe from 450 BC to the
