## **Pastoral Care In The Liberal Churches:**

**Pastoral Care in the Liberal Churches** James Luther Adams, Seward Hiltner, 1970-01-01      **On Being Human Religiously** James Luther Adams, 1986 Adams speaks passionately and lucidly on religion's ties to everyday life      **The Professionalization of Pastoral Care** T. Dale Johnson Jr., 2020-07-21 When the organization and structure of the church in America was altered in the early 1900s to meet modern demands the role of the pastorate became more specialized to adapt to the burdens of the new efficient structure In 1920 Gaines Dobbins utilized the business efficiency model at Southern Baptist Theological Seminary to formulate a distinct ecclesiology Discontent with traditional methods of instruction in theological education Dobbins sought to implement theories and methodologies from modern educationalists He adopted a psychologized educational methodology and utilized the psychology of religion as an empirical measure of the soul human nature and human behavior Use of the social sciences seemed to grant Dobbins as a practitioner academic respectability within the realm of theological education Both the professionalization that resulted from Dobbins's efficiency standards and a working theory of human nature derived from psychological models were synthesized into a specialized system of pastoral care Dobbins followed the new shape of pastoral theology in America adopting Clinical Pastoral Education CPE as the model for pastoral training As a result CPE became an integral part of the curriculum at Southern Baptist Theological Seminary for over sixty years and spread to influence many other SBC entities      *The Bloomsbury Guide to Pastoral Care* Bernadette Flanagan, 2014-01-30 The Bloomsbury Guide to Pastoral Care provides a framework for reflection on pastoral care practice and identifies frontier learning from the new and challenging practical contexts which are important in pastoral care research today In this collection of essays from leading practitioner scholars Bernadette Flanagan and Sharon Thornton set out core principles underpinning professional identity and the practice of pastoral care in rapidly changing social settings Such pastoral challenges as developing compassionate and effective companionship to those who have suffered trauma torture catastrophic events social disintegration the moral wounds of war and cultural dislocation are treated with insight and deep care The new frontiers of pastoral care in more familiar circumstances such as family health settings where patients facing life challenging medical events and multi cultural communities are also explored With contributions from Kevin Egan Michael O Sullivan SJ Rita Nakashima Brock and Julia Prinz VDMF The Bloomsbury Guide to Pastoral Care is an essential reference for the theory and practice of pastoral care      *Calvin's Company of Pastors* Scott M. Manetsch, 2015 In Calvin's Company of Pastors Scott Manetsch examines the pastoral theology and practical ministry activities of Geneva's reformed ministers from the time of Calvin's arrival in Geneva until the beginning of the seventeenth century During these seven decades more than 130 men were enrolled in Geneva's Venerable Company of Pastors as it was called including notable reformed leaders such as Pierre Viret Theodore Beza Simon Goulart Lambert Daneau and Jean Diodati Aside from these better known epigones Geneva's pastors from this period remain hidden from view cloaked in Calvin's long shadow

even though they played a strategic role in preserving and reshaping Calvin's pastoral legacy. Making extensive use of archival materials published sermons, catechisms, prayer books, personal correspondence, and theological writings, Manetsch offers an engaging and vivid portrait of pastoral life in sixteenth and early seventeenth century Geneva, exploring the manner in which Geneva's ministers conceived of their pastoral office and performed their daily responsibilities of preaching, public worship, moral discipline, catechesis, administering the sacraments, and pastoral care. Manetsch demonstrates that Calvin and his colleagues were much more than ivory tower theologians or quasi agents of the state concerned primarily with dispensing theological information to their congregations or enforcing magisterial authority. Rather, they saw themselves as spiritual shepherds of Christ's Church, and this self-understanding shaped to a significant degree their daily work as pastors and preachers.

**Pastoral Care in Historical Perspective** William A. Clebsch, Charles R. Jaekle, 1994. Provides stimulating interpretations of Christian practice.

*A History of Pastoral Care in America* E. Brooks Holifield, 2005-11-01. Here for the first time, the development of pastoral care as a discipline has been documented. Dr. Holifield details the shift in emphasis from saving souls to supporting individuals in self-realization, and in the process raises thought-provoking questions about the preoccupation with psychological methodology evident in modern society and clergy. Every pastor, wittingly or unwittingly, adopts some theory of pastoral counseling, whether it be derived from the seventeenth century or from the twentieth, says Dr. Holifield. From colonial America's intellectual approach to today's therapeutic self-culture, he explores those theories. Theological, social, economic, and psychological threads are interwoven with fascinating conversational examples to show how Protestantism helped to form and was influenced by changing social orders. Broad in scope, scholarly in detail, yet immensely readable, this is an important book for clinical pastoral educators, students, professionals, everyone interested in church and social history.

Clinical Pastoral Supervision and the Theology of Charles Gerkin Thomas St. James O'Connor, 2006-01-01. In the last twenty years, the number of texts written on clinical pastoral supervision has accelerated. Thomas St. James O'Connor analyzes these texts, nearly 300 of them, in light of three fundamental questions about the praxis of clinical pastoral supervision: 1) what is distinctive about the praxis? 2) what is an appropriate theological method for the praxis? and 3) what is an adequate praxis? In doing so, he formulates three approaches: the social science, the hermeneutic, and the special interest. Looking at the theology of Charles Gerkin, a pastoral theologian and family therapist, O'Connor develops a conversation between Gerkin's theology and the texts. The theological methods in the three approaches are critiqued, and Gerkin's praxis-theory-praxis method is endorsed. Case examples are used throughout to illustrate theory and issues discussed and to aid in the presentation of an adequate praxis. *Clinical Pastoral Supervision and the Theology of Charles Gerkin* provides a unique overview of the history and current state of clinical pastoral supervision and an understanding of its methodology and theological foundations. More than that, it builds on the practical theory of Charles Gerkin, expanding it for immediate use in the practice of ministry.

**Reconstructing Pastoral Theology** Andrew Purves, 2004-09-20. In *Pastoral Care in the Classical*

Tradition Andrew Purves argued that pastoral care and theology has long ignored Scripture and Christian doctrine and pastoral practice has become secularized in both method and goal the fiefdom of psychology and the social sciences He builds further on this idea here presenting a christological basis for ministry and pastoral theology The Book of Pastoral Rule Saint Gregory the Great, Aeterna Press, With kind and humble intent thou reprovest me dearest brother for having wished by hiding myself to fly from the burdens of pastoral care as to which lest to some they should appear light I express with my pen in the book before you all my own estimate of their heaviness in order both that he who is free from them may not unwarily seek them and that he who has so sought them may tremble for having got them This book is divided into four separate heads of argument that it may approach the reader's mind by allegations arranged in order by certain steps as it were For as the necessity of things requires we must especially consider after what manner every one should come to supreme rule and duly arriving at it after what manner he should live and living well after what manner he should teach and teaching aright with how great consideration every day he should become aware of his own infirmity lest either humility fly from the approach or life be at variance with the arrival or teaching be wanting to the life or presumption unduly exalt the teaching *The Call to Care* Karen L. Hutt, 2016 For the first time Unitarian Universalist chaplains come together to share why they care who they care for and how they care In sixteen heartfelt and thoughtful essays they provide a close up view of their day to day ministry in hospitals hospices prisons the military the police force and rehabilitation centers With the increasing secularization of our culture and the growing numbers of religious seekers Unitarian Universalist chaplains today play ever more important roles in these institutions They model non sectarian care for a world that is increasingly spiritual but not religious These writers open a window into the caring arts as they share their stories about companioning people in crisis who are on a journey to find meaning and purpose in difficult times **Ethics and Spiritual Care** Karen Lebacqz, Joseph D. Driskill, 2000 The issue of spiritual care is complicated by the fact that there is no single understanding of what constitutes spirituality This book lays out the terrain within which the ethics of spiritual care might be developed The authors begin by reviewing several approaches to spirituality and their implications for ethics They also explore the changing shape of clergy ethics and the recent suspicion about applying standards from traditional professional ethics **Ministry After Freud** Allison Stokes, 2020-07-31 Ministry After Freud tells the fascinating story of the impact of Freud's depth psychological discoveries on the practice of American Protestant ministry It focuses on the lives and work of leaders such as Elwood Worcester Anton Boisen Flanders Dunham Smiley Blanton Norman Vincent Peale Seward Hiltner and Paul Tillich who were pioneers in the Religion and Health Movement which brought together religion and psychology in healing ministry and greatly influenced the practice of pastoral care and counseling Never before chronicled and described this Movement paralleled the Social Gospel Movement The book also tells the story for the first time of the New York Psychology Group which met on Manhattan in the early 1940s Members of this exclusive group including Paul Tillich Seward Hiltner Erich

Fromm Rollo May David Roberts Gotthard Booth Violet De Laszlo shared ideas about the bearing of psychology on religion ideas that later deeply influenced American intellectual and religious life through the articles and books these people wrote The author identifies religion and health as a movement in theological liberalism which historically seeks to interpret the gospel for each generation

**Kissing Fish** Roger Wolsey, 2011-01-10 Christianity receives a lot of attention in the media but the most frequently discussed version represents a type of Christianity that sometimes turns people away from the Church Kissing Fish presents a postmodern systematic theology of progressive Christianity a growing movement that reclaims the radical message of the Gospel This informative contemplative and entertaining book will guide you through the beliefs that inspire us to love one another in the transformative way that Jesus proclaimed including practices that will take your faith to a new level Kissing Fish is a scholarly yet thoroughly accessible introduction to progressive Christianity While the intended target audience for this work would seem to be those who have either left the Christian faith or never adopted it at all the work is filled with pearls of wisdom for all of us whether associated with Christianity or not Kissing Fish is a truly remarkable work serving both as a reminder of the beauty and grace that form the central tenets of the faith while offering a graceful yet prophetic rebuttal to its more exclusionary tendencies Kissing Fish is part theological text and part tell all personal spiritual journey Imagine a down to earth combination of the works of Marcus Borg Anne Lamott Jim Wallis Rob Bell Shane Claiborne Diana Butler Bass Brian McLaren Walter Wink Wes Howard Brook and Donald Miller A profound romp that informs and inspires

**Peculiar Faith** Jay Emerson Johnson, 2014-03-01 Residing at the intersection of constructive theology and critical social theory this book provides a resource for both students and clergy to reinterpret Christian theology and re imagine Christian faith in the twenty first century The author seeks to encourage and equip Christian faith communities to move beyond the decades long stalemate over human sexuality and gender identity because Queer gifts emerge in Christian communities when lesbian gay bisexual and transgender LGBT people no longer feel compelled to justify their presence in those communities Useful in both seminary classrooms and in congregational settings the book is a contribution to the still emerging field of queer theology translating the rigors of scholarly research into transforming proposals for faith communities

**A Theology of Pastoral Care** Eduard Thurneysen, 2010-07-01 From a thoroughly biblical viewpoint Eduard Thurneysen probes deeply into the nature and practice of pastoral care His rich understanding of men his experience in counseling and his grasp of theological thought infuse his approach with vitality and truth As he considers the basis of pastoral care Thurneysen puts forward the thesis that the purpose of counseling is to communicate the Word of God to individuals Pastoral care is a ministry along with those of sermon and sacrament its aim is to lead the counselee back to sermon and sacrament in the worship of the church Although he does little more than hint at rules and techniques for pastoral care Thurneysen is greatly concerned with its practical aspects It is his belief that the care of souls occurs through conversation confident open minded conversation which is founded on the Word of God informed by prayer

and manifested in active listening to and acceptance of the counselee Thurneysen demonstrates the importance of a knowledge of psychology and the principles of psychotherapy Depth psychology and psychotherapy deeply enrich our understanding of human nature and serve to communicate the message of forgiveness all the more powerfully This book provides a critical theological study of the whole field of pastoral care As a work in practical theology it will be stimulating and useful to professors of counseling as well as to students in the field Counselors and pastors will find it helpful because it throws light on the fundamental issues involved in problems which they face in their ministries

**Christian Theology in Practice** Bonnie J. Miller-McLemore, 2012-02-02 For the past fifty years scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement redefining in the process what theology is how it is done and who does it In this book Bonnie J Miller McLemore shows how this trend in scholarship has led to an expanded subject matter alternative ways of knowing and richer terms for analysis in doing Christian theology Tracing more than two decades of her own search for a more inclusive discipline one that truly grapples with theology in the midst of life Christian Theology in Practice shows not only where Miller McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time Looking forward Miller McLemore calls on the academy and Christian congregations to disrupt conventional theological boundaries and to acknowledge the multiplicity of shapes and places in which the wisdom of God appears
