Pastoral Theology Hardcover:

Pastoral Theology Martin Thornton, 2010-06-01 This is a book about pastoral priorities and parochial spirituality Mr Thornton argues that considerations of biblical and philosophical theology history and psychology alike demand that pastoral work should be based on that Remnant of faithful souls often very few in number to be found in any parish and that their training and direction is of very much greater importance than devising schemes to interest the multitude He argues forcefully against the parochial activity which aims at adding numbers of individuals to the Church by methods of recruitment this he holds to be theologically unsound and ascetically ineffective His faith is that God will add to the Church such as are being saved when there is at the heart of the parish this Remnant living by rule a center of adoration and charity the rightful heir he contends of medieval monastic Order There is probably no other modern work which attempts such a serious and thorough examination of the type of spirituality to which Christians can aspire in the world today Pastoral Theology HardPress, Vinet Alexandre Rodolphe 1797-1847, 2013-06 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy Pastoral Theology Dr. Daniel L. Akin, Dr. R. Scott Pace, 2017-06-01 While many pastoral ministry books focus on the practical duties of the pastor few works actually consider how theological truth defines the pastor's role and responsibilities These pragmatic ministry tools though instructionally beneficial essentially divorce biblical doctrine from ministerial practice As a result pastors lives and ministries often lack the theological roots that provide the stability and nourishment necessary to sustain them Pastoral Theology constructs a theological framework for pastoral ministry that is biblically derived historically informed doctrinally sound missionally engaged and contextually relevant By using traditional theological categories the authors explore the correlation between evangelical doctrine and pastoral practice Through careful theological integration they formulate a ministry philosophy that defines the pastoral office and determines its corresponding responsibilities in light of theological truth The authors provide a theological understanding of the pastorate that will equip aspiring pastors to discern and pursue their calling challenge younger pastors to build on ministerial truth instead of ministerial trends and inspire seasoned pastors to be reinvigorated in their passion for Christ and his church *A Theology of Pastoral Care* Eduard Thurneysen, 2010-07-01 From a thoroughly biblical viewpoint Eduard Thurneysen probes deeply into the nature and practice of pastoral care His rich understanding of men his experience in counseling and his grasp of theological thought infuse his approach with vitality and truth As he considers the basis of pastoral care Thurneysen puts forward the thesis that the purpose of counseling is to communicate the Word of God to individuals Pastoral care is a ministry along with those of sermon and sacrament its aim is to lead the

counselee back to sermon and sacrament in the worship of the church Although he does little more than hint at rules and techniques for pastoral care Thurneysen is greatly concerned with its practical aspects It is his belief that the care of souls occurs through conversation confident open minded conversation which is founded on the Word of God informed by prayer and manifested in active listening to and acceptance of the counselee Thurneysen demonstrates the importance of a knowledge of psychology and the principles of psychotherapy Depth psychology and psychotherapy deeply enrich our understanding of human nature and serve to communicate the message of forgiveness all the more powerfully This book provides a critical theological study of the whole field of pastoral care As a work in practical theology it will be stimulating and useful to professors of counseling as well as to students in the field Counselors and pastors will find it helpful because it throws light on the fundamental issues involved in problems which they face in their ministries **Saving the Reformation**

W. Robert Godfrey, 2019 In the early decades of the seventeenth century the direction of the Reformed faith hung in the balance A group called the Remonstrants followers of Jacobus Arminius presented a petition that argued for a version of the faith that watered down many of the distinctive theological positions inherited from John Calvin and from Augustine before him The petition caused controversy in the Dutch Reformed Church and it demanded a response In 1618 the church convened a synod in the port town of Dordrecht There the document known as the Canons of Dort was crafted This remarkable document sets forth clearly and forcefully the Reformed understanding of salvation which preserved the theology of the Reformation and provided the world with an elegant and powerful defense of the biblical gospel In **Saving the Reformation The Pastoral Theology of the Canons of Dort** Dr W Robert Godfrey examines the background and activity of the Synod of Dort providing crucial historical context He then provides a fresh translation of the Canons of Dort from the Dutch and a new pastoral commentary allowing a new generation of readers to understand and appreciate this important text for themselves **A Womanist Pastoral Theology Against Intimate and Cultural Violence** Stephanie M.

Pastoral Theology in the Classical Tradition Andrew Purves, 2001-11-01 Too often pastoral care is uninformed by historical practice and is overly influenced by psychological theory and practice according to Andrew Purves At least one consequence of this is that it is often disaffiliated from the church's theological heritage Purves examines Christian writers from the past who represent the classical tradition in pastoral theology classical in the sense that they and their texts have shaped the minds and practices of pastors in enduring ways He reflects on texts from Gregory Nazianzus John Chrysostom Gregory the Great Martin Bucer and Richard Baxter He includes a brief biography of each author introduces the major themes in the writer's theology and discusses the issues arising for pastoral work
