Pastoral Tradition And The Female Talent Studies In Augustan Poetry Hc 2001:

Pastoral Tradition and the Female Talent Ann Messenger, 2001 This work presents a survey of this influential genre of 18th century literature highlighting feminist themes and invoking implicit feminist ideology **The Rhetoric of Gender**

Terms F. Santoro L'Hoir, 2018-07-17 The aim of this work is to recover classical Roman assumptions about women on the basis of the surviving linguistic data The author provides a control to her study of the connotations of the major Latin words for women in the form of a corresponding examination of how Roman authors use the various words for men The resulting analysis throws light not only on Roman gender vocabulary but also on Roman cultural perceptions of class moral worth and nationality Furthermore the author's detailed discussions of strictly linguistic evidence enable her to offer several original and persuasive insights about the traditional Latin literary representation of women Understanding the connotative range of gender terms such as homo vir femina mulier also reveals the value judgments made by ancient authors on male and female behaviour and can even be applied as a tool of historical analysis *Satiric Advice on Women and Marriage* Warren S.

Smith, 2010-02-24 Advice on sex and marriage in the literature of antiquity and the middle ages typically stressed the negative from stereotypes of nagging wives and cheating husbands to nightmarish visions of women empowered through marriage *Satiric Advice on Women and Marriage* brings together the leading scholars of this fascinating body of literature Their essays examine a variety of ancient and early medieval writers cautionary and often eccentric marital satire beginning with Plautus in the third century B C E through Chaucer the only non Latin author studied The volume demonstrates the continuity in the Latin tradition which taps into the fear of marriage and intimacy shared by ancient ascetics Lucretius satirists Juvenal comic novelists Apuleius and by subsequent Christian writers starting with Tertullian and Jerome who freely used these ancient sources for their own purposes including propaganda for recruiting a celibate clergy and the promotion of detachment and asceticism as Christian ideals Warren S Smith is Professor of Classical Languages at the University of New Mexico

The American Spirit in Literature Bliss Perry, 1918 *The Baptized Muse* Karla Pollmann, 2017-02-02 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations With the rise of Christianity in the Roman Empire increasing numbers of educated people converted to this new belief As Christianity did not have its own educational institutions the issue of how to harmonize pagan education and Christian convictions became increasingly pressing Especially classical poetry the staple diet of pagan education was considered to be morally corrupting due to its deceitful mythological content and damaging for the salvation of the soul because of the false gods it advocated But Christianity recoiled from an unqualified anti intellectual attitude while at the same time the experiment of creating an idiosyncratic form of genuinely Christian poetry failed the sole exception being the poet Commodianus In *The Baptized Muse* Early Christian Poetry as Cultural Authority Karla Pollmann argues that instead Christian poets made creative use of the

classical literary tradition and in addition to blending it with Judaeo Christian biblical exegesis exploited poetry's special ability of enhancing communicative effectiveness and impact through aesthetic means Pollman explores these strategies through a close analysis of a wide range of Christian and for comparison partly also pagan writers mainly from the fourth to sixth centuries She reveals that early Christianity was not a hermetically sealed uniform body but displays a rich spectrum of possibilities in dealing with the past and a willingness to engage with and adapt the surrounding culture's thereby developing diverse and changing responses to historical challenges By demonstrating throughout that authority is a key in understanding the long denigrated and misunderstood early Christian poets this book reaches the ground breaking conclusion that early Christian poetry is an art form that gains its justification by adding cultural authority to Christianity Thus in a wider sense it engages with the recently developed interdisciplinary scholarly interest in aspects of religion as cultural phenomena

Horace: Odes Book II Horace, 2017-04-20 The first substantial commentary for a generation on this book of Horace's Odes a great masterpiece of classical Latin literature

Beckett's Eighteenth Century F. Smith, 2001-12-17 Beckett's Eighteenth Century is the first book length study of Samuel Beckett's affinity with the British eighteenth century and of the influence of its writers on his work Reading Swift Pope Defoe Fielding Sterne Johnson Gray and other writers of this period this study demonstrates how he was not only influenced by them but interprets them for us in a quite modern way Beckett's uniqueness is not questioned here but this uniqueness is shown paradoxically to have its roots at least in part in his native literature of two centuries ago

Early Christian poetry Jan Den Boeft, Antonius Hilhorst, 1993 This collection of papers focuses on the literary art of early Christian poetry in Syriac Greek and Latin It discusses both the techniques of this art and its theoretical foundation in the Christian use of classical literary traditions
