Pastoral Care And Social Conflict:

Pastoral Care and Social Conflict Pamela D. Couture, Rodney J. Hunter, 1995 This volume honors the life work of Charles V Gerkin Franklin N Parker Professor of Pastoral Theology Emeritus at Candler School of Theology Eighteen scholars attempt to determine to what extent current models of care and counseling are adequate for meeting the pastoral needs of society The contributors address such issues as abortion child abuse racism and conflicts between the sexes generations economic classes ethnic groups races and religious and moral cultures *Christian Theology in Practice* Bonnie J.

Miller-McLemore, 2012-02-02 For the past fifty years scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement redefining in the process what theology is how it is done and who does it In this book Bonnie J Miller McLemore shows how this trend in scholarship has led to an expanded subject matter alternative ways of knowing and richer terms for analysis in doing Christian theology Tracing more than two decades of her own search for a more inclusive discipline one that truly grapples with theology in the midst of life *Christian Theology in Practice* shows not only where Miller McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time Looking forward Miller McLemore calls on the academy and Christian congregations to disrupt conventional theological boundaries and to acknowledge the multiplicity of shapes and places in which the wisdom of God appears **Basic Types of Pastoral Care & Counseling** Howard

Clinebell, 2011-08-01 *Basic Types of Pastoral Care and Counseling* remains the standard in pastoral care and counseling This third edition is enlarged and revised with updated resources methods exercises and illustrations from actual counseling sessions This book will help readers be sensitive to cultural diversity ethical issues and power dynamics as they practice holistic growth oriented pastoral care and counseling in the parish *Ethics and Spiritual Care* Karen Lebacqz, Joseph

Driskill, 2010-10-01 *Ethics and Spiritual Care* responds to three phenomena of increasing importance Although spiritual care is at the heart of ordained ministry there is no text in professional ethics for clergy that focuses specifically on spiritual care What ethical guidelines are needed to ensure that spiritual care in ministry is appropriate Many people in our world do not consider themselves religious but use the term spiritual The burgeoning interest in spirituality is an invitation to people with little training to set themselves up as spiritual directors Guidelines are needed not simply for the ethical practice of parish ministry but for specific practices of spiritual direction Allegations of spiritual abuse have been made both in practice and in the literature the term is being used with some frequency The development of this term and its implications requires some scrutiny and response as sexual abuse is not a good model for understanding spiritual abuse The Chaplain's Presence and

Medical Power Richard Coble, 2017-12-20 This book explores the work experience language and ambiguity of the profession of chaplaincy tracing its struggles to professionalize in the hospital while caring for the human experiences of death and decline within its walls What Is Spiritual Care? Pamela Cooper-White, Claudia Kohli Reichenbach, Emmanuel Y.

Lartey,2025-05-15 What is spiritual care Much has been assumed as an answer to this question within particular professional and religious silos The contributors to this volume offer fresh answers from perspectives of different caregiving professions medicine nursing public health psychology pastoral care and pastoral theology different religious traditions Islam Judaism Christianity and Buddhism and different cultural contexts Certain red threads become apparent the importance of deep listening openness to difference willingness to recognize the importance of spiritual care as practiced in different professions and religions respect for the inherent dignity of every person and support for each individual s unique spiritual journey At the same time the diversity of voices makes clear both by juxtaposition and argumentation that the hegemony of a mid twentieth century white American Protestant tradition of pastoral care is being reevaluated contested expanded and even decolonized as voices formerly from the margins are being brought to the center and the spiritual needs of persons from many different traditions and locations are increasingly being met on their own terms The cumulative impact of this work emphasizes that spiritual care is finally inseparable from larger efforts toward justice and peacemaking This is an invaluable resource for healthcare providers chaplains and pastoral professionals *Human Development and Faith (Second Edition)* Felicity Kelcourse,2015-07-28 Updated with the latest research this second edition approaches human development from a multidisciplinary perspective Uniquely inclusive of the moral and faith dimensions of the life cycle Human Development and Faith examines the interplay of mind body family community and soul at every stage of development Back cover

Education for Reflective Ministry J. A. van der Ven,1998 The picture that pastors have of themselves and of their experiences in the ministry is ambivalent On the one hand they find the pastoral work which they perform meaningful important and relevant On the other hand pastors suffer from chronic stress of some sort caused by different factors on the micro meso and macro level of religion church and society Many pastors experience the modernization and subsequently the secularization process as a very serious problem which negatively influences religious life within the parish Pastors are bowed down by uncertainty over how their work contributes to the parish mission in today s society and even more so by doubts over what that mission is in particular the diaconal mission Which direction can shall should the pastor take if neither the church nor the theological institutions are able to provide him or her with a clear frame of reference an attractive perspective a convincing policy a plausible course of action and a meaningful set of aims goals and objectives There is no alternative but to risk taking responsibility for oneself and choosing one s own course of action To take this risk is not reckless or foolhardy as long as the choices are always informed by a religious self reflection that is open to tradition as well as to the future This allows the pastor to be his own guide to transgress useless customs and habits and cross the boundaries into as yet unknown territory The task of education must be to provide the foundation that enables the pastor to make those choices and take those risks in a well considered prudent and truly religious manner This study represents not only an interpretative description of some of the education for ministry in today s societal cultural and ecclesiastical context in the

western world but also a proposal for a new model the reflective ministry model

When Christ's Body Is Broken Leanna K. Fuller, 2016-03-03 When Christ's Body Is Broken tells the stories of two congregations in conflict Although these churches had very different problems they faced similar struggles to articulate a faithful response to their concerns and to cope with the discord that threatened to tear their communities apart Pastoral theologian Leanna K Fuller shares these stories as a way of exploring the sources and dynamics of conflict in congregations She argues that at the heart of such conflict lies anxiety triggered by encounters with difference Bringing together resources from pastoral theology psychodynamic theory and social psychology Fuller offers a theological reframing of conflict through categories of diversity vulnerability and hospitality categories that she argues can encourage human beings to sit with the anxiety stirred by communal life and remain connected across differences This reframing provides fertile ground out of which Fuller imagines concrete practices designed for conflicted communities and their leaders *Mental Health, United States*, 2004

The Motives of Self-Sacrifice in Korean American Culture, Family, and Marriage Chul Woo Son, 2014-01-24 The concept of self sacrifice is highly important to Korean Americans With hierarchy of age social status and gender defined roles taking primacy over equality and justice self sacrifice becomes instrumental in maintaining family and social relationships Unfortunately in family relationships sacrifice has more to do with submission and endurance than it does with sacrificial service that is redemptive and mutually beneficial When self sacrifice carries hidden motives coercive responsibility obligation shame guilt or one's reputation that self sacrifice is not self giving neither serving nor being of mutual benefit In this context it is important to explore the attitudes and motives of self sacrifice in Korean American families In unlocking and exploring the dynamics of the theology and practice of self sacrifice for Korean Americans this book explores cultural virtues marital relationships gender inequality domestic violence and their theological implications The author introduces a new approach and model with a proposal for a healthier and a more judicious understanding of self sacrifice for Korean American family relationships The element of equal regard as pertaining to self sacrifice offers Korean Americans a refreshing hope in the perspective of familial relationships and a liberating casting off of culturally and religiously imposed burdens The Korean American family ought to be grounded on a love ethic of equal regard and place its value on mutuality self sacrifice and individual fulfillment When this is done sacrificial love can be understood as justly appropriated for both husbands and wives males and females and parents and children Thus Christian teaching and theology may deliver a more transparent message of true agape and its liberating effects for the marginalized especially women and children

God Loves Gay Women Reverend Bonnie Kelly, 2014-02-28 Honest faithful people are wondering if the Bible is really telling them to hate gay people This book is a reasoned response to that inquiry It deals with the Scriptures most often cited to justify homophobia and provides a more loving interpretation Six lesbians tell their story and how the Church has impacted their lives Families and

clergy are given clear guidelines on how to offer support and kindness to this marginalized and maligned group of women. This is an important book for our time. Homophobia, cruelty, and denial of human dignity to all gay people at home and globally have re-emerged much of it fueled by false and malicious biblical interpretation. The Wiley Blackwell Companion to Practical Theology Bonnie J. Miller-McLemore, 2014-01-07. Through a series of essays contributed by leading experts in the field, *The Wiley Blackwell Companion to Practical Theology* presents an introduction to practical theology as a major area of Christian study and practice, including an overview of its key developments, themes, methods, and future directions. The first comprehensive reference work to provide a survey, description, and analysis of practical theology as an area of study. A range of leading scholars in the field provide original contributions on the major areas, issues, and figures in practical theology. Reviews an extensive range of methods for studying theology in practice, along with sub-disciplines in theological education, such as pastoral care and preaching. Covers developments in the discipline in a range of global contexts and distinct Christian traditions. Shows how practical theology is relevant to everyday life. **Religious Leadership and Christian Identity** Doris Nauer, Rein Nauta, 2004. Research into the field of religious leadership in relation to Christian identity is highly complex. What should be meant by religious leadership? What do we really mean if we talk about Christian identity? And most of all, what implies the and between religious leadership and Christian identity? Is there a necessary, substantial relation between both? If so, how has leadership contributed in the past to Christian identity, and how will it in the contemporary context stimulate a Christian identity? **The Community of the Weak** Hans-Peter Geiser, 2013-03-28. Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale. Both in the academy and in the public square, as well as in the manifold local and pastoral moments of ministry and community social activism, the social, the postmodern, and the theological intermingle in engaging and border-crossing ways. *The Community of the Weak* presents a new kind of jazzy fundamental theology with a postmodern touch, using jazz as a metaphor, writing ethnographically messy texts out of the personal windows of lived experiences, combining fragments of autobiography with theological reconstruction. A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts. The author proposes a systematic and fundamental theology that is more jazzy, global, and narrative, deeply embedded in pastoral ministry, to tell its postmodern story. *From Culture Wars to Common Ground*, 2000-01-01. What is the status of the American family? How is it changing? Are these changes making anything better? What is the future of the family? Does religion offer a positive answer? Not since *Habits of the Heart* has one book confronted these important issues with such personal and societal impact. This groundbreaking study argues for the creation of a new family ethic that must be central to the agendas of both contemporary society and the church. *The Family Culture and Religion* series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance.

for the family's revitalization **Spiritual Abuse Recovery** Barbara M. Orlowski, 2010-01-01 What factors contribute to active Christians in ministry leaving their church and becoming exiting statistics Every year dedicated Christian people leave churches because of spiritual abuse The stories of people who left their home church because of a negative and hurtful experience paint a picture of a widespread occurrence which beckons consideration by church leaders and church congregants alike Spiritual abuse the misuse of spiritual authority to maltreat followers in the Christian Church is a complex issue This book shows how people processed their grief after experiencing spiritual abuse in their local church and how they rediscovered spiritual harmony Their spiritual journey shows how one may grow through this devastating experience This book offers a thoughtful look at the topic of spiritual recovery from clergy abuse through the eyes of those who have experienced it It invites church leaders to consider this very real dysfunction in the Church today and aims to demonstrate a path forward to greater freedom in Christ after a season of disillusionment with church leadership **Interreligious Encounter on Cura Animarum** Ulrike Elsdörfer, 2013 Ulrike Elsdörfer has collected texts from the most diverse traditions that discuss relationships between psychology psychotherapy and religion's in the context of care and counselling A special dialogue on the encounter between psychology and religion in post war Europe is presented by Jewish and Christian counsellors various other religious accesses to care and counselling turn the spotlight on the emerging intercultural encounter in this field Dr phil Ulrike Elsdörfer is a Protestant theologian and supervisor **Can You Hear My Pain Now?** Michael G.
